Sexual Deceit Kelby Harrison, 2013-03-14 Sexual Deceit is an extended ethical analysis of the phenomenon of sexual identity passing i e socially presenting as X when one understands oneself as Y where the variables represent any contemporary sexual identity alongside identity passing in the contexts of race gender and briefly religion and class The analysis of passing utilizes and challenges traditional moral understandings of identity falsification complicating our understandings of moral obligations under systemic oppression Tracing the intervention of social construction theory on contemporary political understandings of LGBT communities and activism Sexual Deceit argues against social construction models of identity notably performativity promulgated by the work of Judith Butler and consumed and repeated by many scholars and theory educated queer people A new model of identity is constructed based on a phenomenological concept of style that provides for a socially adjustable yet rooted notion of sexual identity The ethical implications of sexual identity passing are considered in the context of eschatological images of social justice and within practical matters such as military service leadership and sexual harassment law *Congressional Record* United States. Slater, 2022-09-13 There is hope for recovery from Lyme disease and other chronic illnesses In *Starving to Heal in Siberia* Dr Michelle Slater takes us on her journey from her bed where she was sidelined much of the time to Siberia where she was cured of the debilitating effects of advanced Lyme disease After a years long struggle with extreme chronic fatigue brain fog joint pain and other mysterious symptoms that ultimately prevented her from teaching and doing simple tasks like reading

The Lost Pianos of Siberia Sophy Roberts,2020-08-04 This melodious mix of music history and travelogue reveals a story inextricably linked to the drama of Russia itself These pages sing like a symphony The Wall Street Journal Siberia s story is traditionally one of exiles penal colonies and unmarked graves Yet there is another tale to tell Dotted throughout this remote land are pianos grand instruments created during the boom years of the nineteenth century as well as humble Soviet made uprights that found their way into equally modest homes They tell the story of how ever since entering Russian culture under the westernizing influence of Catherine the Great piano music has run through the country like blood How these pianos traveled into this snowbound wilderness in the first place is testament to noble acts of fortitude by governors adventurers and exiles Siberian pianos have accomplished extraordinary feats from the instrument that Maria Volkonsky wife of an exiled Decembrist revolutionary used to spread music east of the Urals to those that brought reprieve to the Soviet Gulag That these instruments might still exist in such a hostile landscape is remarkable That they are still capable

of making music in far flung villages is nothing less than a miracle The Lost Pianos of Siberia follows Roberts on a three year adventure as she tracks a number of instruments to find one whose history is definitively Siberian Her journey reveals a desolate land inhabited by wild tigers and deeply shaped by its dark history yet one that is also profoundly beautiful and peppered with pianos An elegant and nuanced journey through literature through history through music murder and incarceration and revolution through snow and ice and remoteness to discover the human face of Siberia I loved this book Paul Theroux From Siberia to Denmark Andrej Sivertsev,2023-03-29 I believe that one of the best adventures which one can experience is not travelling to far and exotic destinations but integration into a new society and one of the best rewards which you can achieve is the admiration of being accepted as a full member of it I call it a voyage and this voyage will apparently never stop for me as there will always be something new to learn along the way Cycling Home from Siberia Rob Lilwall,2011-04-05 It is late October and the temperature is already 40 degrees My thoughts are filled with frozen rivers that may or may not hold my weight empty forgotten valleys haunted by emaciated ghosts and packs of ravenous merciless wolves Having left his job as a high school geography teacher Rob Lilwall arrived in Siberia equipped only with a bike and a healthy dose of fear Cycling Home from Siberia recounts his epic three and a half year 30 000 mile journey back to England via the foreboding jungles of Papua New Guinea an Australian cyclone and Afghanistan s war torn Hindu Kush A gripping story of endurance and adventure this is also a spiritual journey providing poignant insight into life on the road in some of the world s toughest corners **The Dying of Delight** Clare Sudbery,2004 In this novel of two women attempting to find themselves Silver a carefree artist who gave up a lucrative career and Edna a mysterious women who joins a band of eco protestors gradually begin to unravel emerging as two different women Original ASTA Travel News American Society of Travel Agents,1969 **Academia, Chernobyl, Expeditions and the Greeks** Gloria Leon,2022-03-08 The memoir Academia Chernobyl Expeditions and The Greeks A Research Psychologist on the Move recounts memorable experiences over the course of the author s career as an academic psychologist engaged in research on stress and coping in extreme environments Throughout the memoir the author presents short summaries of her research methods and findings however the focus of the book is on her personal experiences the events people and the environment with its natural beauty or devastation that she encountered while conducting this research **The Griffith Observer** ,2009 **Milwaukee Magazine** ,1992 **Congressional Record** United States. Congress,1970 **The Psychopath Machine** Steve Smith,2016-07-21 When Steve Smith set out to hitchhike from Sault Ste Marie Ontario to Canada s west coast back in 1968 he was just an eighteen year old hippie with an appetite for adventure But a short way into his journey a reckless decision to steal a car landed him in police custody Afraid of getting caught with the two tabs of acid in his pocket Steve popped them into his mouth It was one of the worst decisions of his life Mistaking his drug trip for a mental breakdown the authorities placed him in Ontario s notorious Oak Ridge mental health facility While there not only did he find himself shoulder to

shoulder with people like notorious child killer Peter Woodcock and mass murderers Matt Lamb and Victor Hoffman he also fell into the hands of someone worse Dr Elliot T Barker Over the next eight months Barker subjected Steve and the other patients to a battery of unorthodox experiments involving LSD scopolamine methamphetamines and other drugs Steven also experienced numerous other forms of abuse and torture Following his release Steve continued to suffer the aftereffects of his Oak Ridge experience For several years he found himself in and out of prison and back to Oak Ridge before he was finally able to establish himself as a successful entrepreneur Once he began investigating what happened to him during his youth not even Steve was prepared for what he would discover about Barker Oak Ridge and one of the darkest periods in Canada s treatment of mental health patients The question remains Was Oak Ridge and Dr Barker trying to cure psychopaths or trying to create and direct them **Journal of Librarianship and Information Science** ,2007
