**Reich** Thomas Childers, 2017-10-10 Riveting An elegantly composed study important and even timely Kirkus Reviews starred review history of the Third Reich how Adolf Hitler and a core group of Nazis rose from obscurity to power and plunged the world into World War II In the new definitive volume on the subject Houston Press Thomas Childers shows how the young Hitler became passionately political and anti Semitic as he lived on the margins of society Fueled by outrage at the punitive terms imposed on Germany by the Versailles Treaty he found his voice and drew a loyal following As his views developed Hitler attracted like minded colleagues who formed the nucleus of the nascent Nazi party Between 1924 and 1929 Hitler and his party languished in obscurity on the radical fringes of German politics but the onset of the Great Depression gave them the opportunity to move into the mainstream Hitler blamed Germany's misery on the victorious allies the Marxists the Jews and big business and the political parties that represented them By 1932 the Nazis had become the largest political party in Germany and within six months they transformed a dysfunctional democracy into a totalitarian state and began the inexorable march to World War II and the Holocaust It is these fraught times that Childers brings to life the Nazis unlikely rise and how they consolidated their power once they achieved it Based in part on German documents seldom used by previous historians The Third Reich is a powerful reminder of what happens when power goes unchecked San Francisco Book Review This is the most comprehensive and readable one volume history of Nazi Germany since the classic The Rise and Fall of the Third Reich **Conversations with Third Reich Contemporaries** Stefanie Rauch, 2025-07-14

Conversations with Third Reich Contemporaries presents a selection of excerpts from a recently opened collection of filmed interviews conducted by British documentary filmmaker Luke Holland 1948-2020 Most of the interviewees were young adults when the war ended Some of them or their families had benefited materially through Aryanisation Party facilitated careers or exploiting forced labour Others had enabled and enacted persecution or perpetrated violence perhaps in anti partisan warfare They all built new lives in the three successor states of West Germany FRG East Germany GDR and Austria and dealt

with the Nazi past in different ways including Holocaust denial attempts at separating their lives from Nazi crimes and reform The role played by ordinary Germans in the Third Reich and the Holocaust continues to stir debate In the wider context of mass public engagement with the Holocaust and in light of new forms of racism antisemitism and prejudice this compelling sourcebook raises critical awareness of important issues around representation authenticity and the co production of narratives It attends to the issues of how and by whom knowledge is produced the contingency of life narratives performativity and pedagogy By suggesting critical questions and providing a reading list it is an urgent and effective tool for thinking and teaching
