Water Privatisation Jeremy Allouche, 2001-10-18 Setting the scene with a thorough introduction to water resource issues Water Privatisation critically examines the new role played by Trans National Corporations in managing and distributing water worldwide Written from an organisational and institutional perspective the authors propose new structures of water management at local national and i

Charting the Water Regulatory Future Julien Chaisse, 2017-01-27 This book is about the issues challenges and directions currently faced by water as a key resource for mankind The book aims at providing a finer understanding of the water regulatory future The contributions in this book are grouped around specific themes In Part I the contributions address the water challenge to public international law In Part II the authors explore the most pressing ethical legal and social issues In Part III the discussion covers the economic drivers shaping the future of water

Democratizing Global Governance E. Aksu, J. Camilleri, 2002-07-15 Is globalization beyond human control In this thought provoking text the myths and mantras of this apparently irresistible force are challenged and dissembled By examining a number of fundamental questions the contributors put forward a radical reform agenda for global governance Can the global multilateral system be democratic Are security and economic concerns separable Can the development of a global civil society contribute to effective global governance An important and wide ranging study this book will be essential reading for graduates and researchers in international relations

Water Policy Processes in India Vandana Asthana, 2009-09-10 The privatization of water is a keenly contested issue in an economically liberalizing India Since the 1990s large social groups across India s diverse and disparate peoples have been re negotiating their cultural relationships with each other as to whether they support or oppose pro privatization water policy reforms These claims and counter claims are seen as an impending war over water resources one that includes many different players with many different agendas located across a wide variety of sites whose actions and interactions shape policy production in India This book is the first to assess the dynamics of water policy processes in India Using the case study of Delhi s water situation this book analyses emergent dynamics of policy process in India in general and more specifically in the post economic reform era Taking as its starting point a critique of linear version of policy making the author explains both how and why particular types of knowledge practices and values get established in policy as well as the complex interplay of

knowledge power and agency in water policy processes Water Policy Processes in India covers a critical gap in the literature by analyzing how governments in practice make policies that greatly affect the welfare of their people the process through which policies are developed and implemented investigating the aims and motives behind policies and identifying the potential areas of intervention in order to improve the policy process in both its development and implementation stages
