Two Rivers, a World Apart is an autobiography of a young boy who spent most of his life by the banks of two rivers: namely, the Pigalo River in his native country, the Philippines, and the Ohio River in continental USA, where he took permanent residence and eventual retirement. Both served as the backdrop of the story of a young boy searching for the American dream. Against all odds, like his sufferings and difficulties, both financially and otherwise, he managed to overcome them through sheer determination and hard work. Above all, he believes that his deep belief and trust in the Almighty has propelled him to higher accomplishments. His boyhood pledge to give back to his community as well as to the poor people in his native country was fulfilled by using as a platform his membership with the oldest and greatest service organization in the world, the Rotary International, and the Rotary Foundation. Through his affiliations, Operation We Care was born, and he was able to carry out over thirty years of medical, surgical, dental missions in the different islands of the Philippines with his team of surgeons, doctors, nurses, and health care givers. These are in addition to his unceasing efforts to donate surgical equipment and hospital supplies and construct several deep water wells in villages to curtail gastrointestinal diseases. He also helps in literacy and feeding programs for undernourished schoolchildren. For his work, he was recognized not only by the Rotary International and the Rotary Foundation but also by five previous presidents of the Philippines. A few establishments were named after him, such as the Dr. Mel P. Simon and Lydia Chemistry Lab at the University of Rio Grande, the surgical ward of the Region One Medical Center in Dagupan, Philippines. He was also nominated for the Ohio Senior Citizens Hall of Fame on May 24, 2010, by the Ohio State governor for establishing the French 500 Free Clinic, a project with five volunteer physicians, nurses, health care givers to extend help to poor, uninsured, or underinsured patients. ***Worlds Apart*** Guy Consolmagno, Martha W. Romanoff,2016-09-13 What if you could make someone love you back just by singing to them Fans of Sarah McCarry's *All Our Pretty Songs* and Leslye Walton's *The Strange and Beautiful Sorrows of Ava Lavender* will be captivated by this contemporary love story with hints of magical realism Hanging out with Chris was supposed to make Lorelei's life normal He's cooler he's older and he's in a band which means he can teach her about the music that was forbidden in her house growing up Her grandmother told her when she was little that she was never allowed to sing but listening to someone else do it is probably harmless right The more she listens though the more keenly she can feel her own voice locked up in her throat and how she longs to use it And as she starts exploring the power her grandmother never wanted her to discover influencing Chris and everyone around her the foundations of Lorelei's life start to crumble There's a reason the women in her family never want to talk about what their voices can do And a reason Lorelei can't seem to stop herself from singing anyway Zan Romanoff's music saturated debut will snare readers with its melodic pop punk hooks and elegant riffs on growing up falling in love and letting go Sarah McCarry author of *All Our Pretty Songs* Family secrets first love and the elemental raw power of music are all on display in Zan Romanoff's gorgeous novel *A Song To Take the World Apart* gives us a heroine who's as fierce as she is vulnerable and a story that's as page turning as it is profound An enchanting and beautiful debut Edan Lepucki New York Times bestselling author of *California* *Worlds Apart Book 01 - Meridian* James Wittenbach,2012-07-05 2 000 years after the fall of the Galactic Commonwealth the remote colonies of Sapphire and Republic have recovered the technology for starflight and set out to rediscover humanity's lost worlds The mighty Pathfinder Ship Pegasus is launched on a 300 year mission of discovery But the combined Sapphirean and Republic crew of Pegasus will have to learn to work with each other Sapphireans are freedom loving individualists while the culture of Republic is collectivized and authoritarian 2 000 years of societal evolution on 13 000 worlds have produced a wildly divergent range of cultures on the colonies humanity left behind The worlds they encounter will often seem more alien than human The people of Meridian for example seem to be transforming into weird insectoid hive creatures Also they are dangerous and hostile intent on capturing the landing team and using them to conquer Sapphire and Republic which makes the story more interesting Did I mention the ship's AI evolves sentience and tries to kill everybody That also happens Pegasus is commanded by Bill Keeler a historian whose sarcastic wit is exceeded only by his contempt for regulations Also he drinks His conniving shrew of a First Officer Goneril Lear plots to take over the command she believes should have been hers His Tactical Officer Phil Redfire a performance artist whose art consisted of blowing up buildings plots to stop her The *Worlds Apart* novels have been described as vivid hilarious and reminiscent of Douglas Adams in his heyday *Meridian* is the first of 12 These novels have been enjoyed by thousands of people worldwide and are being published in e book formats for the first time *Heidegger's Politics of Enframing* Javier Cardoza-Kon,2018-05-17 Heidegger's *Politics of Enframing* examines the controversial political choices made by Heidegger the one time Nazi party member and articulates a direct connection between his troubling political decisions and his late

thoughts on technology This book looks at the evolution of Heidegger's understanding of human politics viewed through the lens of his ontological articulations from the early 1930s to the end of his life with a deep focus on the role that Nietzsche plays in Heidegger's understanding of technology and the technological The key question within Heidegger's thoughts on technology is whether Heidegger is proposing a sense of responsibility and therefore an ethics in his notion of a technological saving power Cardoza Kon develops an understanding of what the political ramifications of this are and what can we take from Heidegger's thought today

The Once Upon a Time World Jonathan Miles, 2023-09-05 Chronicling two hundred years of glamour intrigue and hedonism this rich and vivid history of the French Riviera features a vast cast of characters from Pablo Picasso and Coco Chanel to Andre Matisse and James Baldwin 1835 Lord Brougham founded Cannes introducing bathing and the manicured lawn to the wilds of the Mediterranean coast Today much of that shore has become a concrete mass from which escape is an exclusive dream In the 185 years between the stretch of seaboard from the red mountains of the Esterel to the Italian border hosted a cultural phenomenon well in excess of its tiny size A mere handful of towns and resorts created by foreign visitors notably English Russian and American attracted the talented rich and famous as well as those who wanted to be For nearly two centuries of creativity luxury excess scandal war and corruption the dark and sparkling world of the Riviera was a temptation for everybody who was anybody Often frivolous it was also a potent cultural matrix that inspired the likes of Picasso Matisse Coco Chanel Scott Fitzgerald Cole Porter James Baldwin Catherine Mansfield Sartre and Stravinsky In *Once Upon a Time World* Jonathan Miles presents the remarkable story of the small strip of French coast that lured the world to its shores It is a wild and unforgettable tale that follows the Riviera's transformation from paradise and wilderness to a pollution imperiled concrete jungle

Queens Around the World, 1520-1620 Dror Ze'evi, 2024-12-05 This textbook explores the histories of royal women in Europe the Middle East and parts of Asia in the sixteenth and early seventeenth centuries It argues that by dint of an unprecedented conjunction of historical shifts and powerful personalities it was these women and not men who sat at the helm of global politics moreover it was they who in truth steered our world's transition from the Middle Ages to modernity Organized into chapters devoted to each of the era's great states the book sets out to challenge several historical premises First it shows that women were the actual if not always formally crowned sovereigns of these states or at least played a decisive role in shaping their policies Second the book dissolves the conventional dichotomy between East and West showing that in both Christian Europe and Islamdom women achieved their high status by means of similar strategies and at similar periods in history Third by demonstrating that there was a precedent for female authority long before the first harbingers of the women's movement in the eighteenth century the book calls into question received ideas about historical progress and the evolution of women's liberation
