Note! The screen shots in this handout in some cases represent Classes and Sections in which the Interim Gradebook is enabled and in use. If you do not have a Gradebook enabled, your views and some features will vary. The enabling or disabling of Messaging, Resources, Formatting Assistant, Hide Format Scoring from Student, Score Keystroking, and Proofreading Viewer also affects the appearance of GDP screens:

Default Preferences		Document Processing	
Messaging Enabled:	<input checked="" type="radio"/> Yes <input type="radio"/> No	Formatting Assistant:	<input checked="" type="radio"/> Yes <input type="radio"/> No
Resources Enabled:	<input checked="" type="radio"/> Yes <input type="radio"/> No	Hide Format Scoring from Student:	<input checked="" type="radio"/> Yes <input type="radio"/> No

		Proofreading Viewer:	<input checked="" type="radio"/> Yes <input type="radio"/> No

Open Timed Writings (OTW)

Copy for an OTW can be duplicated and distributed to students, or students can type any desired copy. In GDP, students select the duration of the OTW, and GDP will automatically calculate speed but cannot score errors. Instead, students will be asked to proofread the passage and enter the total number of errors when the OTW ends.

To take an OTW:

Print the OTW copy, and distribute copy to students. Direct students to access OTWs via the **Timed Writings** button as follows:

1. From the **Timed Writings** button, **Other** tab, **Open Timed Writing**, click **Open Timed Writing**.
2. From the **Select your time limit** dialog box, check **1 minute**, **2 minutes**, **3 minutes**, **5 minutes**, or **No time**; click **OK**.
3. In the **Open Timed Writing** box, type the copy until time is up.

Note: If **No time** was checked in step 2, when students take the OTW, direct them to finish all copy and then click **OK**.

4. Note that when the timer runs out, the OTW ends automatically; click **OK**.
5. Review the copy, and in the blank box, enter the total number of errors—if you had no errors type a zero (0).

Music, Technology, Innovation Carol Johnson,Andrew King,2024-12-03

Music Technology Innovation Industry and Educational Perspectives draws upon cutting edge practice in the use of technology from both a pedagogical and industry perspective Situated within the latest research this edited volume explores technological innovation from a musical perspective examines current trends within the industry and carefully considers them from an educational perspective Noted throughout history music education is responsive to industry innovations However emerging technologies often begin with over hyped promises before they move through various phases of development and are then repurposed for learning and teaching Educators can adopt an innovation and develop a framework that is pedagogically sound and learner centred Based on these ideas the authors together highlight industry innovations that have potential outcomes for engaging students in music learning within research informed practices build upon these ideas and identify proactive mechanisms for teaching music education and work towards developing a framework for understanding these phenomena The chapters address key topics including the ethics of technology AI and music online performance and teaching gamification big data teaching audio production acoustic ecology and more The examination of areas in contemporary innovation can further support the potential to empower teachers and students to understand the opportunities for teaching sustainability and growth in music education *Reader's Guide to Music* Murray

Steib,2013-12-02 The Reader s Guide to Music is designed to provide a useful single volume guide to the ever increasing number of English language book length studies in music Each entry consists of a bibliography of some 3 20 titles and an essay in which these titles are evaluated by an expert in the field in light of the history of writing and scholarship on the given topic The more than 500 entries include not just writings on major composers in music history but also the genres in which they worked from early chant to rock and roll and topics important to the various disciplines of music scholarship from aesthetics to gay lesbian musicology *How to Succeed in College (While Really Trying)* Jon B. Gould,2024-05-31

After years of preparation and anticipation many students arrive at college without any real knowledge of the ins and outs of college life They ve been focused on finding the right school and have been carefully guided through the nuances of the admissions process but too often they have little knowledge about how college will be different from high school or what will be expected of them during that crucial first year and beyond Written by an award winning teacher How to Succeed in College While Really Trying provides much needed help to students offering practical tips and specific study strategies that will equip them to excel in their new environment Drawing on years of experience teaching at a variety of campuses from large research universities to small liberal arts colleges Jon B Gould gives readers the lay of the land and demystifies the college experience In the course of the book students will learn how to identify the best instructors how to choose classes and settle on a major how to develop effective strategies for reading and note taking and how to write good papers and

successfully complete exams Because much of the college experience takes place outside of the classroom Gould also advises students on how to effectively manage their cocurricular activities work obligations and free time as well as how to take advantage of the typically untapped resources on every campus With candid advice and insights from a seasoned insider this guide will leave students better prepared not only to succeed in college but to enjoy it as well

Nationalist and Populist Composers Steve Schwartz,2017-12-22 Populism and nationalism in classical music held a significant place between the world wars with composers such as George Gershwin Aaron Copland and Leonard Bernstein creating a soundtrack to the lives of everyday Americans While biographies of these individual composers exist no single book has taken on this period as a direct contradiction to the modernist dichotomy between the music of Stravinsky and Schoenberg In **Nationalist and Populist Composers** Voices of the American People Steve Schwartz offers an overdue correction to this distortion of the American classical music tradition by showing that not all composers of this era fall into either the Stravinsky or Schoenberg camps Exploring the rise and decline of musical populism in the United States Schwartz examines the major works of George Gershwin Randall Thompson Virgil Thomson Aaron Copland Roy Harris Kurt Weill Morton Gould and Leonard Bernstein Organized chronologically chapters cover each composer s life and career and then reveal how key works participated in populist and nationalist themes Written for the both the scholar and amateur enthusiast interested in modern classical music and American social history **Nationalist and Populist Composers** creates a contextual frame through which all audiences can better understand such works as *Rhapsody in Blue* *Appalachian Spring* and *West Side Story*
