## **The Fluger:**

*The Fluger* Doris Piserchia, 1980      *Future and Fantastic Worlds* Sheldon Jaffery, 1987-01-01 Future and Fantastic Worlds embodies an unusual approach to the field of bibliographic research including over 700 annotations of every DAW book published through mid 1987 with indexes by author artist and title providing a massive guide to modern SF writers and their works with much background data Interspersed throughout the book are numerous wry irreverent and amusing observations offered by the late and highly respected researcher in this extremely valuable genre tool      **Blood County** Doris Piserchia, 2015-04-30 Blood was what they called that mountain town and the forbidding land around it and the name was significant Folks there knew a secret that would have shocked the world but nobody was ever going to get out of Blood to tell Not even when Portia Clark arrived hot on a news story for a national magazine Especially not her Clint Breen who had been in the outside world tried to save her But he had to fight a tradition that drove men and women to unspeakable lusts and that ruled secretly the lives and afterlives of everything being in the county Blood was the place where more men and women walked the night than were ever seen by day Horror was their heritage for they were the people that the census dared not count      Doomtime Doris Piserchia, 2012-12-21 It all began when someone tried to push Creed into the flesh pool to be ingested The assassination failed but Creed was never the same again Because it launched the new cliff dwellers of Creed s colony onto a new course of life which could lead to humanity s re emergence as Earth s masters In those far future days Earth s masters were two trees Not trees as we know them but two Everest high growths whose sentient roots and fast growing branches dominated every living thing on the world Men lived between their arboreal combat      **The Dimensioneers** Doris Piserchia, 2012-12-14 The orphan had always known she wasn t what people described as normal Whether merely precocious or a mutant freak she had always been able to link minds with an equally weird mutated lion and skip into the worlds of the fourth dimension What the heck it sure beat staying in school on Earth that is until she realized that some of her fellow dimension hoppers from other planets had more in mind than just a romp in the swamp They were launching an inter dimensional war of imperialism and she alone held the secret which could save her home world if she could only escape the truant officer long enough to pull it off      *The Lost World* Michael Crichton, 2012-10-30 1 NEW YORK TIMES BESTSELLER From the author of Timeline Sphere and Congo comes the sequel to the smash hit Jurassic Park a thriller that s been millions of years in the making Fast and gripping The Washington Post Book World It is now six years since the secret disaster at Jurassic Park six years since the extraordinary dream of science and imagination came to a crashing end the dinosaurs destroyed the park dismantled and the island indefinitely closed to the public There are rumors that something has survived Harrowing thrills fast paced and engaging People A very scary read Entertainment Weekly Action packed New York Daily News An edge of the seat tale St Petersburg Times      L. Zombie Doris Piserchia, 2015-04-30 When the girl from the asylum drowned in the lake that night she thought it was the end of her life but she was wrong With

robots at fifty thousand dollars a unit it was far more economical to use corpse labour all it took was a two thousand dollar animating pack in the brain and a zombie worker under the direction of a helmeted controller could do just about anything except think Or so everyone said But in the zombie dorms at night with only the walking dead or roommates things were not as they should have been The girl from the asylum seemed to have more mental ability not less and someone was trying to kill her Kill a dead girl Maybe there was more to heaven than an afterlife of manual labour in the company of a bunch of stiff

**New Testament** Robert Jamieson, Andrew Robert Fausset, David Brown, 1875 *Star Rider* Doris Piserchia, 2013-05-31 Doubleluck Home with its streets of flowing gold waterfalls of diamonds lakes of perfume and its deadly curse Jade is the one human with the will to challenge all odds and find the key to save her species Fellow creatures fear her ability to dream The powerful Rulon will exterminate all galactic life unless he can possess both Jade and the riches of Doubleluck The brutal Dreens seek to mate with her to improve their inferior stock Escape from each of them brings her one step closer to the perfect monument that is Doubleluck a monument that covers a lonely grave **Disease Germs, Their Nature and Origin**

Lionel Smith Beale, 1872 *The Calcutta Journal of Medicine* Amrita Lal Sircar, 1911 Sailing directions for the North Sea. Fifth edition, 1854 **Mister Justice** Doris Piserchia, 2015-04-30 Were those strange episodes of retribution the work

of a time traveling man of honor or a power mad avenger **Kirkes' Handbook of Physiology** William Senhouse Kirkes, William Marrant Baker, Vincent Dormer Harris, 1883 **Bow Bells**, 1871 **Spaceling** Doris Piserchia, 2012-12-21 The ability to see other dimensional rings that float in Earth's atmosphere was a late mutation of a few space age humans Daryl was under the care of the institution for mutants and she had discovered that if you jumped through the right ring at the right time it would land you in another dimensional world and another shape Spaceling is the story of Daryl's desperate efforts to unravel the mystery of why she was being held captive and of what was really going on in a certain alien dimension Because she was sure it was all bad and that someday everyone would thank her for the revelation But instead everyone was engaged in a wild effort to hold her down to keep her on this Earth and to keep the world simply intact **Historical**
