

The Folk Culture Of Yucatan

Mr. Rohit Manglik

The Folk Culture Of Yucatan:

The Folk Culture of Yucatan Robert Redfield, 1941 Robert Redfield and the Development of American Anthropology
Clifford Wilcox, 2006-01-01 Relying upon close readings of virtually all of his published and unpublished writings as well as extensive interviews with former colleagues and students Robert Redfield and the Development of American Anthropology traces the development of Robert Redfield's ideas regarding social change and the role of social science in American society Clifford Wilcox's exploration of Redfield's pioneering efforts to develop an empirically based model of the transformation of village societies into towns and cities is intended to recapture the questions that drove early development of modernization theory Reconsideration of these debates will enrich contemporary thinking regarding the history of American anthropology and international development **Encyclopedia of Community** DAVID LEVINSON, KAREN CHRISTENSEN, 2003-06-30
Click Additional Materials for downloadable materials and samples Incredibly this is the first encyclopedia to focus on community as concept and experience so stands alone in its field as the one title any library must buy to cover this topic Essential for all readerships CHOICEA timely comprehensive and very welcome overview of a rich and rapidly growing field of inquiry Robert D Putnam Professor at Harvard University and author of Bowling Alone With every passing minute it becomes more and more apparent that our world is one community The Encyclopedia of Community serves as recognition of this trend and as a needed resource The four volume set not only explains the emerging buzz words of community such as social capital or civic engagement but also tells many stories of community institutions that work such as public libraries Sarah Ann Long Past President 1999 2000 American Library Association As we yearn to connect with our fellow citizens during these uncertain times we have a unique moment to encourage greater participation in our democracy and reinvigorate our communities The Encyclopedia of Community provides a timely diverse array of theories and practices that will help citizens understand the value of engaging together to make the critical choices that enrich the way we live learn work and govern in our local communities The Encyclopedia deserves a prime spot in the libraries homes and offices of all communities that want to invest in a brighter future for their residents and their children Nancy Kranich Past President of the American Library Association whose presidential theme was Libraries The Cornerstone of Democracy 2000 2001 American politicians often pair the word community with the word freedom to describe our basic values Yet though used constantly the word community is defined in widely different and contested ways Most people like the idea of community but some intellectuals worry that it might imply collectivism The great value of this new Encyclopedia is that it gives readers a chance to sample the many uses of the term and gain clarity about the issues at stake It is a major contribution to a more coherent understanding of this fundamental idea Robert Bellah Professor of Sociology Emeritus University of California Berkeley and co author of Habits of the Heart SAGE Publications is proud to announce the Encyclopedia of Community a major reference work that summarizes the many fascinating and important concepts of a global topic Community itself is a

concept an experience and a central part of being human Whether the reader is a student researcher or professional in the field of psychology sociology or even economics this three volume work will provide the necessary definitions of community beyond traditional views Arranged in an A to Z fashion the Encyclopedia can also be viewed topically via a Reader s Guide This allows for interdisciplinary compare and contrast among topics such as types of communities social capital technology urban life politics and law community design and global studies Edited by the award winning team at Berkshire Reference and assisted by an editorial board of world renowned scholars the Encyclopedia of Community will prove to be one of the most widely used reference works in your collection Key Features 500 signed articles 3 volumes 2000 pages Reader s Guide Master bibliography 250 sidebars Appendices Resource Guides Master Bibliography Libraries Build Community Libraries and Popular Culture

Social Anthropology Kevin Jack Riley, Clifford Wilcox, 2017-07-28 Robert Redfield is remembered today primarily as an anthropologist but during his lifetime Redfield s cross disciplinary activity reflected a strong interest in infusing anthropological practice with sociological theory Like a handful of other anthropologists including A R Radcliffe Brown and Bronislaw Malinowski who shared his interests during the 1920s through 1930s his works came to define a new subfield known as social anthropology Redfield was distinct in being one of the first Americans to devote himself seriously to social anthropology a field dominated initially by British scholars He spent his career at the University of Chicago and his anthropology bore the distinct mark of sociology as developed and practiced at that institution Indeed Redfield played a major role in defining what has been called the second Chicago school of sociology This volume brings together Redfield s most important contributions to social anthropology During the 1920s sociology and anthropology constituted a single department at the University of Chicago Although most students concentrated on sociology or anthropology Redfield chose to pursue both fields with equal intensity He adopted as his central interest the leading problematic of the 1920s the study of social change Chicago School sociologists approached social change by examining zones of rapid transition within the city for example areas populated by recently arrived immigrants with the goal of elucidating general principles or dynamics of social transition Redfield s work can be seen as falling into three distinct theoretical categories 1 the study of social change or modernization 2 peasant studies and 3 the comparative study of civilizations Drawing from articles book excerpts and unpublished papers and letters this work presents Redfield s central contributions in each of these areas Seen as a whole this volume traces Redfield s seminal contributions to the early development of mo

Of Wonders and Wise Men Terry Rugeley, 2009-03-06 2004 Harvey L Johnson Award Southwest Council of Latin American Studies In the tumultuous decades following Mexico s independence from Spain religion provided a unifying force among the Mexican people who otherwise varied greatly in ethnicity and socioeconomic status Accordingly religion and the popular cultures surrounding it form the lens through which Terry Rugeley focuses this cultural history of southeast Mexico from independence 1821 to the rise of the dictator Porfirio D az in 1876 Drawing on a wealth of previously unused archival material Rugeley vividly reconstructs the

folklore beliefs attitudes and cultural practices of the Maya and Hispanic peoples of the Yucatán In engagingly written chapters he explores folklore and folk wisdom urban piety iconography and anticlericalism Interspersed among the chapters are detailed portraits of individual people places and institutions that with the archival evidence offer a full and fascinating history of the outlooks entertainments and daily lives of the inhabitants of southeast Mexico in the nineteenth century Rugeley also links this rich local history with larger events to show how macro changes in Mexico affected ordinary people

Yucatan in an Era of Globalization Eric N. Baklanoff, Edward H. Moseley, 2008-03-18 This work describes the profound changes to Yucatán's society and economy following the 1982 debt crisis that prostrated Mexico's economy The editors have assembled contributions from seasoned Yucatecologists historians geographers cultural students and an economist to chart the accelerated change in Yucatán from a monocrop economy to a full beneficiary and victim of rampant globalization

Parenting, Infancy, Culture Marc H. Bornstein, 2022-01-10 This vital volume advances an in depth understanding of how parenting infants in the first year of life is similar and different in two contrasting contexts in each of five countries Argentina Belgium Israel Italy and the United States providing a global understanding of parenting across cultures Edited and written by Marc H Bornstein and his country collaborators the chapters presented compare microanalytic approaches to three topical issues in each of two cultural groups in each country The three issues concern first how often and how long mothers in each of the groups in each of the countries engage in basic parenting practices and how often and how long infants in the same groups engage in different behaviors Second whether the maternal parenting practices are organized in any way and whether those infant behaviors are organized in any way And third whether those maternal parenting practices and those infant behaviors are interrelated Thus this book offers insights into the basics of parenting and infancy from both intra cultural and cross cultural perspectives Each country chapter is co authored by a contributor native to the country examined ensuring an authentic cultural perspectives on parenting and infancy Together the chapters provide a broader sample that is more generalizable to a wider range of the world's population than is typical in most parenting and infancy research Parenting Infancy Culture is essential reading for researchers and students of parenting psychology human development family studies sociology and cultural anthropology as well as professionals working with families

Predictable Pleasures Lauren A. Wynne, 2020-05-01 The pursuit of balance pervades everyday life in rural Yucatán Mexico from the delicate negotiations between a farmer and the neighbor who wants to buy his beans to the careful addition of sour orange juice to a rich plate of eggs fried in lard Based on intensive fieldwork in one indigenous Yucatecan community Predictable Pleasures explores the desire for balance in this region and the many ways it manifests in human interactions with food As shifting social conditions especially a decline in agriculture and a deepening reliance on regional tourism transform the manners in which people work and eat residents of this community grapple with new ways of surviving and finding pleasure Lauren A Wynne examines the convergence of food and balance through deep analysis of what locals

describe as acts of care Drawing together rich ethnographic data on how people produce exchange consume and talk about food this book posits food as an accessible pleasurable and deeply important means by which people in rural Yucatán make clear what matters to them finding balance in a world that seems increasingly imbalanced Unlike many studies of globalization that point to the dissolution of local social bonds and practices Predictable Pleasures presents an array of enduring values and practices tracing their longevity to the material constraints of life in rural Yucatán the deep historical and cosmological significance of food in this region and the stubborn nature of bodily habits and tastes

Rural Sociology

N. Jayapalan, 2002 The Book Rural Sociology Presents The Key Concepts Of Rural Sociology In The Form Of Evaluation And Analysis Made By Eminent Sociologists For A Proper Understanding Of Rural Sociology As We Find It Today A Thorough Study Is Very Essential The First Chapter Presents A Clear Picture Of The Meaning And Definition Of Rural Sociology The Subsequent Chapters Provide Valuable Informations Regarding Origin And Development Of Rural Sociology Scope Importance Methods Of Study Relations With Other Social Sciences Rural Community Peasant Community Folk Society Rural Society Rural Religion Festivals Family Joint Family Marriage System Caste System Untouchability Jajmani System Hooka Group Rural Leadership And Rural Economy Further The Book Deals With Indian Rural Agricultural System Rural Recreation Rural Housing Rural Politics Social Education Rural Reconstruction C D Programme Importance Of Co Operatives And Health Planning In India In Clear And Lucid Language The Book Would Be Of Great Value For The Students Teachers Trainees Agriculturists Social Workers Planners Politicians And Common Readers

The Interpretation of Cultures

Clifford Geertz, 2017-08-15 One of the twentieth century's most influential books this classic work of anthropology offers a groundbreaking exploration of what culture is With The Interpretation of Cultures the distinguished anthropologist Clifford Geertz developed the concept of thick description and in so doing he virtually rewrote the rules of his field Culture Geertz argues does not drive human behavior Rather it is a web of symbols that can help us better understand what that behavior means A thick description explains not only the behavior but the context in which it occurs and to describe something thickly Geertz argues is the fundamental role of the anthropologist Named one of the 100 most important books published since World War II by the Times Literary Supplement The Interpretation of Cultures transformed how we think about others cultures and our own This definitive edition with a foreword by Robert Darnton remains an essential book for anthropologists historians and anyone else seeking to better understand human cultures

The Nature and Types of Sociological Theory

Don Martindale, 2013-11-05 First Published in 1998 This is Volume XI of twenty two in a series on Social Theory and Methodology Notions are widespread that sociological theory is either an industrious activity on the drawing boards of the architects of fantasy or a branch of esoterics operating in a shadowy realm of semi darkness The present study holds neither of these conceptions of sociological The present study's function is to illuminate the difference between one theory and another The power and reliability of a theory are not always evident all at once A theory may have a power to explain what

was not originally anticipated it may also disclose the existence of problems it cannot explain Encyclopedia of Anthropology H. James Birx, 2006 Focuses on physical social and applied anthropology archaeology linguistics and symbolic communication Topics include hominid evolution primate behaviour genetics ancient civilizations cross cultural studies and social theories **Urban Anthropology** Mr. Rohit Manglik, 2023-11-23 Anthropological aspects of urban life Includes migration social networks and urban culture preparing students for analyzing modern urban societies Unfinished Conversations Paul R. Sullivan, 1991-01-01 Transcultural Ecocriticism Stuart Cooke, Peter Denney, 2021-01-28 Bringing together decolonial Romantic and global literature perspectives Transcultural Ecocriticism explores innovative new directions for the field of environmental literary studies By examining these literatures across a range of geographical locations and historical periods from Romantic period travel writing to Chinese science fiction and Aboriginal Australian poetry the book makes a compelling case for the need for ecocriticism to competently translate between Indigenous and non Indigenous planetary and local and contemporary and pre modern perspectives Leading scholars from Australasia and North America explore links between Indigenous knowledges Romanticism globalisation avant garde poetics and critical theory in order to chart tensions as well as affinities between these discourses in a variety of genres of environmental representation including science fiction poetry colonial natural history and oral narrative **Maya Medicine** Marianna Appel Kunow, 2012-01-19 Original publication and copyright date 2003 **Genealogies of Shamanism** Jeroen W Boekhoven, 2011 Cover Table of contents Acknowledgements 1 Approaching shamanism 2 Eighteenth and nineteenth century interpretations 3 Early twentieth century American interpretations 4 Twentieth century European constructions 5 The Bollingen connection 1930s 1960s 6 Post war American visions 7 The genesis of a field of shamanism America 1960s 1990s 8 A Case Study Shamanisms in the Netherlands 9 Struggles for power charisma and authority a balance Bibliography Index

Anthropologists and the Rediscovery of America, 1886-1965 John S. Gilkeson, 2010-09-20 This book examines the intersection of cultural anthropology and American cultural nationalism from 1886 when Franz Boas left Germany for the United States until 1965 when the National Endowment for the Humanities was established Five chapters trace the development within academic anthropology of the concepts of culture social class national character value and civilization and their dissemination to non anthropologists As Americans came to think of culture anthropologically as a complex whole far broader and more inclusive than Matthew Arnold's the best which has been thought and said so too did they come to see American communities as stratified into social classes distinguished by their subcultures to attribute the making of the American character to socialization rather than birth to locate the distinctiveness of American culture in its unconscious canons of choice and to view American culture and civilization in a global perspective *In the Name of El Pueblo* Paul Eiss, 2010-07-30 An anthropological and historical analysis of the multiple meanings of the term el pueblo among working class indigenous and mestizo populations in Mexico's Yucatán peninsula Peripheral Visions Edward D. Terry, 2010-03-16

The essays in this collection illuminate both the processes of change and the negative reactions that they frequently elicited. Yucatan has been called a world apart cut off from the rest of Mexico by geography and culture. Yet despite its peripheral location the region experienced substantial change in the decades after independence. As elsewhere in Mexico, apostles of modernization introduced policies intended to remold Yucatan in the image of the advanced nations of the day. Indeed, modernizing change began in the late colonial era and continued throughout the 19th century as traditional patterns of land tenure were altered and efforts were made to divest the Catholic Church of its wealth and political and intellectual influence. Some changes, however, produced fierce resistance from both elites and humbler Yucatecans, and modernizers were frequently forced to retreat or at least reach accommodation with their foes. Covering topics from the early 19th century to the late 20th century, the essays in this collection illuminate both the processes of change and the negative reactions that they frequently elicited. The diversity of disciplines covered by this volume—history, anthropology, sociology, economics—illuminates at least three overriding challenges for study of the peninsula today. One is politics after the decline of the Institutional Revolutionary Party: What are the important institutions, practices, and discourses of politics in a post-revolutionary era? A second trend is the scholarly demystification of the Maya. Anthropologists have shown the difficulties of applying monolithic terms like Maya in a society where ethnic relations are often situational and ethnic boundaries are fluid. And a third consideration: researchers are only now beginning to grapple with the region's transition to a post-henequen economy based on tourism, migration, and the assembly plants known as maquiladoras. Challenges from agribusiness and industry will, no doubt, continue to affect the peninsula's fragile Karst topography and unique environments. Contributors: Eric N. Baklanoff, Helen Delpar, Paul K. Eiss, Ben W. Fallaw, Gilbert M. Joseph, Marie Lapointe, Othón Baños Ramírez, Hernán Menéndez Rodríguez, Lynda S. Morrison, Terry Rugeley, Stephanie J. Smith.
