## **The Foreign Relations Of Iran A Developing State In A Zone Of Great Power Conflict:**

**The Foreign Relations of Iran** Sepehr Zabih, Shahram Chubin, 2023-11-15 This study of the foreign relations of a small state in a zone of Great Power conflict focuses on the evolution of Iranian foreign policy from a struggle for national survival to the achievement of preponderance in an otherwise unstable region The topic is of special interest because of the continuing proliferation of new actors on the international stage and the paucity of published studies of their foreign affairs It is also particularly timely because of the increasing importance of the Persian Gulf and of oil in world politics Recognizing that international politics exercises a major influence on the diplomacy of a small state by imposing constraints as well as offering options the author argue that the success of Iranian diplomacy in achieving a balanced international posture and a strong regional policy is primarily a result of two factors the gradual transformation of Soviet policy toward Iran from expansionism to accommodation and Iran s enhanced economic and political capabilities A perceptive interpretation of the international political environment and a realistic recognition of the constraints and opportunities involved have redounded to the advantage of Iran Consequently Iran has been able to use its proximity to a Great Power with a long history of expansionist aspirations in order to pursue a posture of de facto nonalignment without abandoning a generally pro Western orientation The authors have designed their book to provide a detailed case study of Iranian foreign policy within an analytical framework conducive to theorizing about the foreign policy of other comparable small states Previous treatments of the subject have ignored insights afforded by contemporary international relations and have been largely historical and descriptive The present volume taking a different approach should serve both the specialist on Iranian affairs and the student of international relations and comparative foreign policy This study of the foreign relations of a small state in a zone of Great Power conflict focuses on the evolution of Iranian foreign policy from a struggle for national survival to the achievement of preponderance in an otherwise unstable region The topic

**The Great Powers, and Iran's Social and Political Evolution** Shireen T. Hunter, 2024-12-23 This book is a personal narrative chronicling the life and experiences of Shireen Hunter an Iranian woman who came of age during a transformative era in Iran s history It begins by spanning the tumultuous aftermath of World War II to the pivotal 1979 revolution providing a poignant account of the profound impact of these historical events on the author s life The book delves into the multifaceted consequences of the reformist period that began in the 1960s They enabled Shireen to enter the diplomatic service but also cast a shadow of adversity over her family Ultimately the reforms contributed to internal divisions that ignited the 1979 revolution The book then explores Shireen s immigrant experience in the USA where she assumed the role of an ethnic expert in the volatile arena of Middle East politics It candidly recounts challenges she faced in maintaining intellectual integrity while earning a livelihood highlighting the precariousness of being on the right side of controversial issues The book does not offer definitive solutions to specific problems Yet it resonates with contemporary international security and developmental challenges and offers insights that

remain relevant in today's complex global landscape. With its multifaceted narrative encompassing Iran's social and political history, women's studies, immigrant experiences, and a personal perspective on critical junctures in U.S.-Iranian relations, this book appeals to a diverse readership. It provides a unique window into lived experiences and analytical reflections of an individual who has traversed the intersections of history, identity, and diplomacy, offering invaluable insights into both past and present.

**The International Relations of the Persian Gulf** F. Gregory Gause, III, 2009-11-19 Gregory Gause's masterful book is the first to offer a comprehensive account of the international politics in the Persian Gulf across nearly four decades. The story begins in 1971 when Great Britain ended its protectorate relations with the smaller states of the lower Gulf. It traces developments in the region from the oil revolution of 1973-4 through the Iranian revolution, the Iran-Iraq war, and the Gulf war of 1990-1 to the toppling of Saddam Hussein in the American-led invasion of Iraq in 2003, bringing the story of Gulf regional politics up to 2008. The book highlights transnational identity issues, regime security, and the politics of the world oil market, and charts the changing mix of interests and ambitions driving American policy. The author brings his experience as a scholar and commentator on the Gulf to this riveting account of one of the most politically volatile regions on earth.

*The Shah, the Islamic Revolution and the United States* Darioush Bayandor, 2018-12-02 The Islamic Revolution in 1979 transformed Iranian society and reshaped the political landscape of the Middle East. Four decades later, Darioush Bayandor draws upon heretofore untapped archival evidence to reexamine the complex domestic and international dynamics that led to the Revolution. Beginning with the socioeconomic transformation of the 1960s, this book follows the Shah's rule through the 1970s, tracing the emergence of opposition movements, the Shah's blunders and miscalculations, the influence of the post-Vietnam zeitgeist, and the role of the Carter administration. *The Shah, the Islamic Revolution and the United States* offers new revelations about how Iran was thrown into chaos and an ailing ruler lost control, with consequences that still reverberate today.

*The Unfinished History of the Iran-Iraq War* Annie Tracy Samuel, 2021-10-21 An examination of how Iran's Revolutionary Guards (IRGC) view their history and their roles in the Iran-Iraq War.

*The Last Shah* Ray Takeyh, 2021-01-26 The surprising story of Iran's transformation from America's ally in the Middle East into one of its staunchest adversaries. An original interpretation that puts Iranian actors where they belong at center stage. Michael Doran, Wall Street Journal. An extraordinary account. Deeply nuanced and eloquent. Benjamin Weinthal, Jerusalem Post. Offering a new view of one of America's most important, famously strained, and widely misunderstood relationships of the postwar era, this book tells the history of America and Iran from the time the last Shah, Mohammad Reza Pahlavi, was placed on the throne in 1941 to the 1979 revolution that brought the present Islamist government to power. This revolution was not, as many believe, the popular overthrow of a powerful and ruthless puppet of the United States; rather, it followed decades of corrosion of Iran's political establishment by an autocratic ruler who demanded fealty but lacked the personal strength to make hard decisions and ultimately lost the support of every sector of Iranian society. Esteemed Middle East scholar Ray Takeyh

provides new interpretations of many key events including the 1953 coup against Prime Minister Mohammad Mossadeq and the rise of Ayatollah Ruhollah Khomeini significantly revising our understanding of America and Iran's complex and difficult history *The ^APower Triangle* Hazem Kandil, 2016-08-18 Revolution reform and resilience comprise the respective fortunes of modern Iran Turkey and Egypt Although the countries all experienced coups with remarkably similar ambitions each followed a very different trajectory Iran became an absolutist monarchy that was overthrown from below Turkey evolved into a limited democracy and Egypt turned into a police state *A History of Modern Oman* Jeremy Jones, Nicholas Ridout, 2015-08-31 The ideal introduction to the history of modern Oman from the eighteenth century to the present this book combines the most recent scholarship on Omani history with insights drawn from a close analysis of the politics and international relations of contemporary Oman Jeremy Jones and Nicholas Ridout offer a distinctive new approach to Omani history building on post colonial thought and integrating the study of politics and culture The book addresses key topics including Oman's historical cosmopolitanism the distinctive role of Omani Islam in the country's social and political life Oman's role in the global economy of the nineteenth century insurrection and revolution in the twentieth century the role of Sultan Qaboos in the era of oil and Oman's unique regional and diplomatic perspective on contemporary issues **Iran and Global Decolonisation** Robert Steele, Firoozeh Kashani-Sabet, 2024-04-03 A presentation of scholarly work that investigates Iran's experiences with colonialism and decolonization from a variety of perspectives How did Iran's unique position in the world affect and define its treatment of decolonization During the final decades of Pahlavi rule in the late 1970s the country sought to establish close relationships with newly independent counterparts in the Global South Most scholarly work focused on this period is centered around the Cold War and Iran's relations with the United States Russia and Europe Little attention has been paid to how the country interacted with other regions such as Africa Asia and the Americas Adding to an important and growing body of literature that discusses the profound and lasting impact of decolonization *Iran and Global Decolonisation* contributes to the theoretical debates around the re-shaping of the world brought about by the end of an empire It considers not only the impact of global decolonization on movements and ideas within Iran but also how Iran's own experiences of imperialism shaped how these ideas were received and developed *Israel and the Cold War* Howard A. Patten, 2013-02-12 In the wake of its creation in 1948 the state of Israel was confronted with the challenge of establishing foreign relations with key players in the region in the face of opposition from most of the Arab states Howard Patten explores the genesis and development of Israel's foreign relations with Iran Turkey and Ethiopia known as the Policy of the Periphery Highlighting the pragmatism and Realpolitik at the heart of this policy *Israel and the Cold War* analyses the national interests and mutual concerns which shaped relations and strategy at the United Nations during the critical moments of the establishment of the State of Israel and the following forty years before the ramifications of the Iranian Revolution became apparent During this period Israel made efforts to create pragmatic alliances behind closed doors at the UN even as ambivalence and hostility

reigned in the public sphere Patten thus examines the implications that the Cold War system of ideological combat had on these attempts to maintain implicit yet cordial understandings as world events such as the Suez Crisis of 1956 successive crises over Cyprus and the Ethiopian and Iranian Revolutions tested the Policy of the Periphery Israel and the Cold War traces the development of Israel's relations with these three states from their initial beginnings to consolidation then rejection and subsequent efforts to realign Patten highlights the extensive diplomatic and military reverberations that occurred throughout the region and the way in which these were played out at the UN Based primarily on UN documents this book is a vital primary resource for those researching the period in question and the formulation of foreign policy in the Middle East

Dean Acheson and the Making of U.S. Foreign Policy Douglas Brinkley, 1993-04-12 President Truman's Secretary of State 1949-53 Dean Acheson was a crucial figure in the shaping of the postwar world In an astonishingly creative and demanding tenure Acheson was involved to a degree seldom realized today in a huge range of issues from the creation of NATO to the Korean War The result of a major commemorative conference this volume brings together ten distinguished diplomatic historians commissioned to write on various aspects of Acheson's career based on primary archival research

**Persian Dreams** John W. Parker, 2009 Moscow's ties with the Islamic Republic of Iran underwent dramatic fluctuations following Ayatollah Ruhollah Khomeini's triumphant return to Tehran in 1979 After a prolonged implosion they fitfully expanded shaped not only by the rush of current events but by centuries of ingrained practices and prejudices By summer 2006 as Iran forged ahead with its nuclear program and Shia based forces flexed their muscles across the Middle East Russian Iranian relations again appeared to be on the threshold of an entirely new dynamic Drawing on firsthand interviews as well as primary and secondary sources John Parker delineates Moscow's motives and approaches to dealing with the resurgent Tehran weaving into the public record the recollections and analyses of Russian politicians diplomats and experts who dealt directly with Iran both under the Pahlavi monarchy and after the 1979 Islamic Revolution Parker also emphasizes other touchstones of relations between the two countries including their complex dealings in 1992 immediately after the Soviet Union's collapse and when they backed opposing sides in the civil war in Tajikistan yet nourished mutual interests on other issues The depth of his analysis sheds light on the more recent repercussions of the September 11 terrorist attacks for Afghanistan and Iraq for the Middle East as a whole and for Iran's accelerating nuclear program

U.S. Military Strategy in the Gulf (Routledge Revivals) Amitav Acharya, 2014-01-02 First published in 1989 this title explores the nature and dimensions of the U.S. strategy in the Gulf in the formative years that followed the fall of the Shah the Soviet invasion of Afghanistan and the outbreak of the Iran Iraq war It describes the formation of the U.S. Rapid Deployment Joint Task Force and the U.S. Central Command their force structure and the network of U.S. bases and facilities in the region The role of pro Western countries in the wider region in particular Pakistan Egypt Jordan and Israel in the formulation of strategy is discussed in detail along with a more general assessment of the achievements and failures of U.S. strategy in the Gulf

towards the end of the 1980s In light of the persistent struggle for peace within the Middle East this is a timely reissue which will be of great interest to students researching U S military strategy over the past thirty years      *Occidentalism in Iran* Ehsan Bakhshandeh,2016-09-29 Negative portrayals of the West in Iran are often centred around the CIA engineered coup of 1953 which overthrew Prime Minister Mohammad Mosaddeq or the hostage taking crisis in 1979 following the attack on the US embassy in Tehran Looking past these iconic events Ehsan Bakhshandeh explores the deeper anti imperialistic and anti hegemonic roots of the hostility to Westernism that is evident in the Iranian press Distinguishing between negative and outright hostile perceptions of the West which also encompasses Britain France and Germany the book traces how the West is represented as the Occident in the country s media From the Qajar period and the Tobacco protests of the late nineteenth century to the ill fated Anglo Persian Treaty of 1919 through to the 1953 coup and 1979 hostage crisis Bakshandeh highlights the various points in history when misinterpretations and conflicts led to a demonisation of the other in the Iranian media The major recent source of contention between the West and Iran has of course been the nuclear issue and the resultant regime of sanctions By examining how this and other issues have been represented by the Iranian press Bakshandeh offers a crucial and often overlooked aspect of the key relationship between Iran and the West      **Iran, Saudi Arabia and the Gulf** Faisal bin Salman al-Saud,2004-03-26 Great Britain s decision to withdraw its forces from the Gulf was a turning point in the modern history of the Middle East Now regional players had to find rules of common coexistence With the US immersed in the Vietnam war and the Soviet Union pursuing a policy of caution there was no world power waiting to succeed Britain As a result Gulf politics went local This book examines how Iran influenced efforts to reorder the Gulf s political landscape Its central argument is that a better understanding of the new Gulf order can be achieved by emphasizing local concerns and the degree to which regional powers influenced the policy of external powers in those times      China's Foreign Policy in the Arab World, 1955-75 Hashim S.H. Behbehani,2020-09-10 China s foreign policy in the Arab world is important because it reflects China s general foreign policy In this study first published in 1981 the author draws upon a wealth of previously unpublished and inaccessible material to analyse Chinese attitudes in three cases the two Arab liberation movements the Palestine Resistance Movement and the Popular Front for the Liberation of the Oman and the established and independent State of Kuwait Since the Arab liberation movements played a significant political role within their fields of operation it was necessary for China to decide whether these movements did actually fit in with Chinese foreign policy objectives Dr Behbehani s analysis of these two case studies provides the basis for a discussion of whether China s motives in supporting the liberation movements are theoretical or purely practical China s support for Kuwait s political internal continuity is related to the stability of the whole Gulf region The author analyses Chinese support for Kuwait and the surrounding conservative states on two main bases political and economic in the form of trade It is through these channels particularly the economic one that China has sought to establish itself in the Gulf and the Arabian peninsula      *Security Arrangements*

*in the Persian Gulf* Mahboubeh F. Sadeghinia, 2011 Helps us to understand the reasons for the failure of security models in the Persian Gulf This book provides a fresh model that addresses the need for a stable and peaceful structure of relationships provides security for individual littoral states and also assures the interests of the external powers     *Empire and Nationhood* Mary Ann Heiss, 1997 In 1951 prime minister Mohammed Mossadegh seized British oil holdings in Iran The move set in motion four years of bitter political and strategic battles between a United Kingdom desperate for an economic rebound and an increasingly anti Western regime in Teheran The Eisenhower administration tried to broker a settlement but Mossadegh was overthrown by an Anglo American operation and replaced by the Shah In this book Mary Ann Heiss provides a detailed account of this turning point in cold war history Drawing on a range of British and American documents she provides an incisive political economic and cultural analysis of the first British and American effort to contain communism and radical Third World nationalism the first American effort to bolster a crumbling British Empire and the first effort by the CIA to overthrow a popular nationalist regime This book is the full story not only of the shift from British to American dominance in the oil economies of the Middle East but also of the rise of nationalism in the context of the cold war     **Iran's Policy Towards the Gulf** Talat Parveen, 2006     **Diplomatic Strategies of Nations in the Global South** Jacqueline Braveboy-Wagner, 2016-10-19 At a time of change in the international system this book examines how non traditional leading nations from the Global South have fared to date and what the chances are of their rise to continue In the second decade of the twenty first century the enthusiasm of observers of the international scene about the rise of the rest is waning as many countries that were expected to lead the evolving multipolar order are experiencing economic contraction and governance problems In order to predict further developments the contributors to this volume focus on the types and sources of the diplomatic strategies that must be executed by rising states if they are to preserve domestic advances as well as gain influence regionally and internationally Through a comprehensive examination of case studies from Latin America Africa Asia and the Middle East they show that while there are commonalities among these rising states unique domestic conditions values and traditions impact and predict diplomatic strategizing and the ability for sustained projection on the international scene
