Lens, 2003-06-20 From Mexico to Vietnam from Nicaragua to Lebanon and more recently to Kosovo East Timor and now Iraq the United States has intervened in the affairs of other nations Yet American leaders continue to promote the myth that America is benevolent and peace loving and involves itself in conflicts only to defend the rights of others excesses and cruelties though sometimes admitted usually are regarded as momentary aberrations This classic book is the first truly comprehensive history of American imperialism Now fully updated and featuring a new introduction by Howard Zinn it is a must read for all students and scholars of American history Renowned author Sidney Lens shows how the United States from the time it gained its own independence has used every available means political economic and military to dominate other nations Lens presents a powerful argument meticulously pieced together from a huge array of sources to prove that imperialism is an inevitable consequence of the U S economic system Surveying the pressures external and internal on the United States today he concludes that like any other empire the reign of the U S will end and he examines how this time of reckoning may come about

The Forging of a Rebel Arturo Barea, 2019-03-26 This astonishing autobiographical trilogy hailed by George Orwell and Gabriel Garc a M rquez is the most definitive and personal account of Spain s history during the 20th century Guardian The Forging of a Rebel is an unsurpassed account of Spanish history and society from early in the twentieth century through the cataclysmic events of the Spanish Civil War Arturo Barea s masterpiece charts the author s coming of age in a bruised and starkly unequal Spain These three volumes recount in lively detail Barea s daily experience of his country as it pitched toward disaster we are taken from his youthful play and rebellion on the streets of Madrid to his apprenticeship in the business world and to the horrors he witnessed as part of the Spanish army in Morocco during the Rif War The trilogy culminates in an indelible portrait of the Republican fight against Fascist forces in which the Madrid of Barea s childhood becomes a shell and bullet strewn warzone Combining historical sweep and authority with poignant characterization and novelistic detail The Forging of a Rebel is a towering literary and historical achievement
