The Formation Of The Christian Scriptures:

The Formation of the Christian Bible Hans von Campenhausen, 1972 **The Formation of the Christian Scriptures** Margaret Baxter, 2015-07-01 The Formation of the Christian Scriptures is the second volume in a two part introduction to the New Testament tracing the processes by which the various parts of the New Testament as we know it came to be written and put together accepted as Scripture and then translated The International Study Guides ISGs are clear and accessible resources contextual and ecumenical in content and missional in direction The contributors are theological educators who come from different countries and different religious backgrounds and bring practical emphasis alongside contemporary scholarly reflection **New Testament Introduction**, 1987 Formation of the Bible: the Story of the Church's Canon Lee Martin McDonald, 2012 Well known for his scholarly works on the formation of the biblical canon Lee McDonald has written a carefully researched and reasoned explanation on the history of the formation of the Bible expressly for the interested pastor and curious layman Combining a lifelong commitment to the Scriptures both as a pastor and as a scholar McDonald approaches his task with sensitivity to the importance of these sacred texts as well as with the thoughtful practice of a person steeped in the process by which these texts were brought together to form the Bible as the church knows it now From the collection and translations of the Hebrew Scriptures through the collection of the New Testament Scriptures and finally the process of settling on the final forms for these collections McDonald leads his reader right up to the present moment The Formation of the Christian Biblical Canon Lee Martin McDonald, 1988 **The Formation and Significance of the Christian Biblical Canon** Tomas Bokedal, 2013-12-05 This book offers a fresh cross disciplinary approach to the current discussion on the Christian canon formation process By carefully integrating historical hermeneutical and theological aspects to account for the emergence of the canon it seeks to offer a more comprehensive picture of the canon development than has previously been achieved The formation and continuous usage of the Christian biblical canon is here viewed as an act of literary preservation and actualization of the church's apostolic normative tradition the Scriptures and the Lord addressing first of all the church but also the wider society In order to grasp the complex phenomenon of the biblical canon the study is divided into four parts focusing respectively on linguistic and effective historical textual and material performative and ideational aspects of the canon Attention is given to the scribal nomina sacra convention the codex format oral and written Gospel early Christian liturgical praxis and the Rule of Faith Bokedal argues that the canon was formed in a process with its own particular intention history and direction Throughout the study history and theology past and present are considered alongside each other By using a Gadamerian hermeneutics of tradition the reader's attention is directed to historical dimensions of the canon and its interpretative possibilities for our time The notion of effective history Wirkungsgeschichte as well as the interaction between text community and reader are crucial to the argument The canonical text as text its interpretation and ritual contextualization are highlighted as unifying elements for

the communities being addressed The Formation of the Christian Bible Hans von Campenhausen, 1972 **The Formation of the Biblical Canon: Volume 2** Lee Martin McDonald, 2017-01-26 Lee Martin McDonald provides a magisterial overview of the development of the biblical canon the emergence of the list of individual texts that constitutes the Christian bible In these two volumes in sum more than double the length of his previous works McDonald presents his most in depth overview to date McDonald shows students and researchers how the list of texts that constitute the bible was once far more fluid than it is today and guides readers through the minefield of different texts different versions and the different lists of texts considered canonical that abounded in antiquity Questions of the origin and transmission of texts are introduced as well as consideration of innovations in the presentation of texts collections of documents archaeological finds and Church councils In the first volume McDonald reexamines issues of canon formation once considered settled and sets the range of texts that make up the Hebrew Bible or Old Testament in their broader context Each individual text is discussed as are the cultural political and historical situations surrounding them This second volume considers the New Testament and the range of so called apocryphal gospels that were written in early centuries and used by many Christian groups before the canon was closed Also included are comprehensive appendices which show various canon lists for both Old and New Testaments and for the bible as a whole **Israel's Scriptures in Early Christian Writings** Matthias Henze, David Lincicum, 2023-07-20 How did New Testament authors use Israel's Scriptures Use misuse appropriation citation allusion inspiration how do we characterize the manifold images paraphrases and quotations of the Jewish Scriptures that pervade the New Testament Over the past few decades scholars have tackled the question with a variety of methodologies New Testament authors were part of a broader landscape of Jewish readers interpreting Scripture Recent studies have sought to understand the various compositional techniques of the early Christians who composed the New Testament in this context and on the authors own terms In this landmark collection of essays Matthias Henze and David Lincicum marshal an international group of renowned scholars to analyze the New Testament text by text aiming to better understand what roles Israel's Scriptures play therein In addition to explicating each book the essayists also cut across texts to chart the most important central concepts such as the messiah covenants and the end times Carefully constructed reception history of both testaments rounds out the volume Comprehensive and foundational Israel's Scriptures in Early Christian Writings will serve as an essential resource for biblical scholars for years to come Contributors Garrick V Allen Michael Avioz Martin Bauspiess Richard J Bautch Ian K Boxall Marc Zvi Brettler Jaime Clark Soles Michael B Cover A Andrew Das Susan Docherty Paul Foster J rg Frey Alexandria Frisch Edmon L Gallagher Gabriella Gelardini Jennie Grillo Gerd H fner Matthias Henze J Thomas Hewitt Robin M Jensen Martin Karrer Matthias Konradt Katja Kujanp John R Levison David Lincicum Grant Macaskill Tobias Nicklas Val rie Nicolet Karl Wilhelm Niebuhr George Parsenios Benjamin E Reynolds Dieter T Roth Dietrich Rusam Jens Schr ter Claudia Setzer Elizabeth Evans Shively Michael Karl Heinz Sommer Angela Standhartinger Gert J Steyn Todd D Still Rodney A Werline Benjamin Wold

Young, 1997-04-28 This book challenges standard accounts of early Christian exegesis of the Bible Professor Young sets the interpretation of the Bible in the context of the Graeco Roman world the dissemination of books and learning the way texts were received and read the function of literature in shaping not only a culture but a moral universe For the earliest Christians the adoption of the Jewish scriptures constituted a supersessionary claim in relation to Hellenism as well as Judaism Yet the debt owed to the practice of exegesis in the grammatical and rhetorical schools is of overriding significance Methods were philological and deductive and the usual analysis according to literal typological and allegorical is inadequate to describe questions of reference and issues of religious language The biblical texts shaped a totalizing discourse which by the fifth century was giving identity morality and meaning to a new Christian culture *The Impact of Scripture in Early Christianity* J. den Boeft, M.L. van Poll-van de Lisdonk, 2015-12-22 One of the most conspicuous innovations of early Christianity within Greco Roman culture is its reliance upon a collection of authoritative texts The ultimate author of Scripture was thought to be God Himself whose will could and should be sought and found in these holy writings For this reason it is not surprising that very soon these texts not only became the object of careful attention and scholarly study but also put their stamp on the various forms and manifestations of early Christian life such as martyrdom asceticism liturgy art and literature This multifarious influence of Scripture is the subject of *The Impact of Scripture in Early Christianity* It contains fourteen contributions predominantly in English by Belgian and Dutch scholars which have been gathered in a thematically ordered collection **The Formation of the Biblical Canon** Lee Martin McDonald, 2017 Vol 1 Part 1 Introductions and definitions Introduction The notation and use of scripture The notion use and adaptability of canon Part 2 Formation of the Hebrew Bible and the Old Testament canon The Hebrew scriptures The law the prophets and the cessation of prophecy Greek influence and the formation of the Hebrew Bible Scripture among Essenes Sadducees Pharisees and Samaritans Emerging Jewish and Christian collections of scriptures The scriptures of Jesus and early Christianity Texts reflecting an emerging biblical canon Scripture in the rabbinic tradition 90 550 CE Ancient artifacts and the stabilization of the Jewish scriptures The formation of the Hebrew Bible and Old Testament a summary

Introduction to the Bible Gregory W. Dawes, 2016-11-17 When we first pick it up and open it the Bible can seem confusing and perhaps even frightening Here is this bulky book made up of seventy three sections with unfamiliar titles such as Deuteronomy Ecclesiastes Colossians and Corinthians with numbers in front of almost every sentence rarely any pictures and perhaps a few maps of ancient areas such as Mesopotamia Assyria and Judah Since the Bible looks like a book we may start to read it as we would any other book hoping to move from cover to cover Then we begin to wonder Who wrote this When was it written What kind of writing is this History Science Biography Fiction What am I supposed to get out of it As or

if we keep reading the Bible page by page section by section we soon realize that this is no ordinary run of the bookshelf volume Without a guide the Bible is likely to remain the book most often purchased but not very often read and even less often understood To rescue Bible readers and students from turning their initial enthusiasm into boredom Gregory Dawes gives us this Introduction to the Bible the indispensable prologue to the entire series of the New Collegeville Bible Commentary Dividing the contents into two parts the author first describes how the Old and New Testaments came to be put together and then explores how their stories have been interpreted over the centuries In the words of Dawes this very broad overview of a very complex history offers the general reader a helpful framework within which to begin to understand the Bible The author writes clearly frequently seasoning his explanations with crisp examples This book anchors individual and group Bible study on the solid foundation of basic biblical vocabulary and concepts Gregory W Dawes is senior lecturer in both religious studies and philosophy at the University of Otago New Zealand He undertook graduate study at the Pontifical Biblical Institute in Rome where he completed the Licentiate degree before receiving a PhD from the University of Otago in 1995 He has written several books the most recent being *The Historical Jesus Question The Challenge of History to Religious Authority* Westminster John Knox 2001 He is currently researching Christian responses to the work of Charles Darwin

The Formation of the Hebrew Bible David M. Carr, 2011-10-12 David Carr rethinks both the methods and historical orientation points for research into the growth of the Hebrew Bible into its present form **Early Christian Scripture and the Samaritan Pentateuch** Bradley Marsh Jr., 2024-01-01 No detailed description available for Early Christian Scripture and the Samaritan Pentateuch [Ancient Jewish and Christian Scriptures](#) John J. Collins, Craig A. Evans, Lee Martin McDonald, 2020-08-25 *Ancient Jewish and Christian Scriptures* examines the writings included in and excluded from the Jewish and Christian canons of Scripture and explores the social settings in which some of this literature was viewed as authoritative and some was viewed either as uninspired or as heretical John J Collins Craig A Evans and Lee Martin McDonald examine how those noncanonical writings demonstrate the historical literary and religious aspects of the culture that gave rise to the writings They also show how literature excluded from the Jewish and Christian canons of Scripture remains valuable today for understanding the questions and conflicts that early Jewish and Christian faith communities faced Through this discussion contemporary readers acquire a broader understanding of biblical Scripture and of Jewish and Christian faith inspired by Scripture **Reading the Old Testament with the Ancient Church** Ronald E. Heine, 2007-09 Examines the role played by the Old Testament in the formation of early Christian thinking **The Formation of the Biblical Canon: Volume 1** Lee Martin McDonald, 2017-01-26 Lee Martin McDonald provides a magisterial overview of the development of the biblical canon the emergence of the list of individual texts that constitutes the Christian bible In these two volumes in sum more than double the length of his previous works McDonald presents his most in depth overview to date McDonald shows students and researchers how the list of texts that constitute the bible was once far more fluid than it is

today and guides readers through the minefield of different texts different versions and the different lists of texts considered canonical that abounded in antiquity Questions of the origin and transmission of texts are introduced as well as consideration of innovations in the presentation of texts collections of documents archaeological finds and Church councils In this first volume McDonald reexamines issues of canon formation once considered settled and sets the range of texts that make up the Hebrew Bible or Old Testament in their broader context Each individual text is discussed as are the cultural political and historical situations surrounding them The second volume considers the New Testament and the range of so called apocryphal gospels that were written in early centuries and used by many Christian groups before the canon was closed Also included are comprehensive appendices which show various canon lists for both Old and New Testaments and for the bible as a whole
