The Formation Of The Of The Twelve:

Perspectives on the Formation of the Book of the Twelve Rainer Albertz, James D. Nogalski, Jakob Wöhrle, 2012-07-04 The formation of the Book of the Twelve is one of the most vigorously debated subjects in Old Testament studies today This volume assembles twenty four essays by the world s leading experts providing an overview of the present state of scholarship in the field The book s contributors focus on questions of method history as well as redactional and textual history *God's Enduring Love in the Book of Hosea* Joy Philip Kakkanattu, 2006 Joy Philip Kakkanattu provides an exegetical and theological analysis of an important and difficult text of the Old Testament through a synchronic and diachronic reading Detailed critical notes which discuss the textual difficulties accompany the translation of the text from Hebrew In the detailed exegesis special attention is given to study of the key terms theologically significant in Hos 11 1 11 against the context of the whole book The exegesis shows that in Hos 11 8 9 it is not the repentance of Yahweh that causes the withholding of His anger against Israel but Yahweh s constancy in His election of Israel as His son More than a change of heart the decision not to execute the deserved judgement witnesses Yahweh s divine nature Special attention is dedicated to the parent metaphor employed in Hos 11 1 11 It is concluded that more than expressing the Yahweh Israel relationship as a father son relationship the text speaks of it in terms of parent child relationship In the diachronic analysis the author deals with the origin and formation of Hos 11 1 11 *Reforging History in the Persian Era Editing of the Twelve* Kipp Swinney, 2025-06-10 **The Formation of the Biblical Canon: Volume 1** Lee Martin McDonald, 2017-01-26 Lee Martin McDonald provides a magisterial overview of the development of the biblical canon the emergence of the list of individual texts that constitutes the Christian bible In these two volumes in sum more than double the length of his previous works McDonald presents his most in depth overview to date McDonald shows students and researchers how the list of texts that constitute the bible was once far more fluid than it is today and guides readers through the minefield of different texts different versions and the different lists of texts considered canonical that abounded in antiquity Questions of the origin and transmission of texts are introduced as well as consideration of innovations in the presentation of texts collections of documents archaeological finds and Church councils In this first volume McDonald reexamines issues of canon formation once considered settled and sets the range of texts that make up the Hebrew Bible or Old Testament in their broader context Each individual text is discussed as are the cultural political and historical situations surrounding them The second volume considers the New Testament and the range of so called apocryphal gospels that were written in early centuries and used by many Christian groups before the canon was closed Also included are comprehensive appendices which show various canon lists for both Old and New Testaments and for the bible as a whole *The Formation of the Chinese Communist Party* Yoshihiro Ishikawa, 2013 The reception of Marxism in China Soviet Russia the comintern and the Chinese Communist movement Toward the formation of the Chinese Communist Party The First National Congress of the Chinese Communist

Party *Amos--the Prophet and His Oracles* M. Daniel Carroll R.,2002-01-01 The book of Amos holds a unique and central place among the canonical prophetic literature and presents a special array of issues for scholarly discussion This book provides a thorough and balanced overview of the history of scholarship on the book of Amos two essays that trace the history of scholarship and offer promising lines for further inquiry a substantial anthology of readings of the multiple ways Amos has been analyzed and appropriated an extensive and current bibliography and notes on doctoral dissertations conducted in recent years The result is a comprehensive compendium of resources for scholarly writing on the book of Amos

Jacobi,2022-11-17 An authoritative handbook on Jesus his world the outcomes of his life and the quests to locate him in history The Jesus Handbook is an indispensable reference work featuring essays from an international team of renowned scholars on the significance and meaning of the life of Jesus of Nazareth Rooted in historical critical methodology it emphasizes a diversity of perspectives and provides a spectrum of possible interpretations rather than a single unified portrait of Jesus The Handbook s dozens of authors Jewish Roman Catholic and Protestant all remain committed to the principle of interpreting the life of Jesus in context while also giving due diligence to the implications of archaeological

evidence and recent discourses in the hermeneutics of history After an introduction that lays out the considerations of the task at hand the authors survey the history of Jesus research and take a close look at the historical material itself textual and otherwise From this foundation the Handbook then details the life of Jesus before at last exploring the reception and effects of Jesus's life after his death especially in the first centuries CE With this wealth of information available in a single volume scholars and students of the New Testament and early Christianity and anyone interested in the search for the historical Jesus will find The Jesus Handbook to be a resource that they return to time and again for both its breadth and depth
