The Four Horsemen The Flames Of War In The Third World:

Matriarch and World War Iii Daisy Snow,2019-04-06 The author was one of those people in Melbourne who knew about 9 11 before it happened The terrorist squad of the police force harassed her in the late 1990 s when the government began writing up its intended terrorist laws The poor woman was nearly shot dead as a female terrorist just after the Bali bombing A United Nations meeting convened on the other side of the brick wall where she parked her truck *Matriarch and World War III Internal State Terrorism in Australia* was therefore compulsory Just who masterminded 9 11 doesn t really matter anymore The 21st Century invasions of Islamic countries and the suicide bombings and carnage in the world demand an explanation In the 1970 s the United Nations told the world to reduce population growth Islam and the Catholic Church refused The problem is that Islamic countries can only export their overpopulation in an attempt to reduce the humanitarian crises that arise from too many people demanding the necessities of life Jihad for women in Islam means excess children and refugee status When invaded the mujahedeen volunteer to fight to the death the others flee as refugees to consolidate their numbers elsewhere the traditional strategy of military Islam Representative democracy has a weakness the numbers win the vote The long term cold war military strategies of Islam therefore go beyond parliamentary consideration The hullabaloo about the humanitarian crisis in the world and the demands of Islamic refugees overshadow the targeting of the unwanted in Australia The naive and the uninformed don t know Secrecy Provisions prevail *World War III* is a collection of civil wars all around the world

Oklahoma City at the World Trade Towers and at American embassies in Africa demonstrate the horrifying consequences of a terrorist strike But as technological advances make weapons of mass destruction frighteningly easy to acquire a revolution is occurring in the very nature of terrorism one that may make these attacks look like child s play In *The New Terrorism* Walter Laqueur one of the foremost experts on terrorism and international strategic affairs recounts the history of terrorism and more importantly examines the future of terrorist activity worldwide Laqueur traces the chilling trend away from terrorism perpetrated by groups of oppressed nationalists and radicals seeking political change to small clusters of fanatics bent on vengeance and simple destruction Coinciding with this trend is the alarming availability of weapons of mass destruction Chemical and biological weapons are cheap and relatively easy to make or buy Even nuclear devices are increasingly feasible options for terrorists And with the information age cyber terrorism is just around the corner Laqueur argues that as a new quasi religious extreme right rises with more personal and less ideological motivations than their left wing counterparts it is only a matter of time before the attainability of weapons of mass destruction creates a terrifying and unstable scenario From militant separatism in Kashmir to state sponsored extremism in Libya and ecoterrorism in the West *The New Terrorism* offers a thorough account of terrorism in all its past and current manifestations Most importantly it casts a sober eye to the future when the inevitable marriage of technology and fanaticism will give us all something new to think about
