The Seven Stages of an Enlightened Teacher

Christine Jax, 2011-07-16 In *The Seven Stages of an Enlightened Teacher* Dr Christine Jax presents a path to great teaching that shows how and why teaching is a calling in the true sense of the words. The book is grounded in the theory that the education of another person is a spiritual endeavor that improves as the inner life of the teacher improves. While avoiding the perils of dogma, doctrine, and politics, Jax has found a way for teachers to understand the role of God and spirituality in the classroom. She does this by focusing on the teacher's strengths and commitment rather than on the student or the subject matter content. Through inspirational stories, concrete instructional strategies, and spiritual practices, this book helps teachers go through stages of enlightenment in order to become energized, fulfilled, and successful at increasing student growth and learning. *The Seven Stages of an Enlightened Teacher* demonstrates how the individual teacher's gifts and beliefs are the primary elements of great teaching.

Full Voice Barbara McAfee, 2011-09-16 *Full Voice* offers a fun, tested method to harness the power of your voice to become a more effective and flexible communicator. Barbara McAfee identifies five distinct vocal tones or qualities: earth, fire, water, metal, and air, and explains how to cultivate each voice. You'll also discover how to use your voice to convey authority, passion, compassion, and other essential leadership qualities, and how to choose the right voice to ensure your message and meaning are understood. McAfee's approach offers much more than a minor cosmetic improvement. It enables you to use your voice to support your intentions and aspirations, express who you truly are, and bring your gifts to the world. As you become more aware of your own voice, you also become a better listener, more attuned to what people are saying underneath their words. You'll discover how opening your full voice opens you to untapped potential, power, and aliveness, as well. The Enhanced Edition includes six videos, 15 15-minute and two audio 6 20-minute segments by the author. Part I, *Understanding Voice*, is supported by two songs, *Who You Gonna Be* and *While You Do What You Do*, and *Brain Rats*, together with a breathing exercises video to fully utilize your Full Voice. The other five videos provide earth, fire, water, metal, and air practice lessons at the end of each chapter in Part II, *The Five Elements Framework*. Barbara McAfee is a musician, coach, and consultant with over twelve years of experience in organizational change. She has brought her music to such clients as Best Buy, The Coca-Cola Company, the YMCA, and Wells Fargo.
