The Fourth Gospel And Its Predecessor From Narrative Source To Present Gospel:

The Fourth Gospel and Its Predecessor Robert Fortna, 2004-10-27 This is a vital tool for research into the origins of the Fourth Gospel It provides an important contribution to Johannine theology **The "plainly Revealed" Word of God?** Helen Dare, Simon Patrick Woodman, 2011 In January 2009 an international group of Baptist theologians met in Cardiff UK for a colloquium to explore the theory and practice of Baptist hermeneutics Drawing primarily from the British Baptist community the group's work was enhanced by insights from participants from the USA and Eastern Europe Participants brought a diversity of scholarly and pastoral interests to the colloquium and through presentation and discussion explored together the nature of Baptist hermeneutics The resulting volume addresses five core thematic areas The first section surveys the way in which Baptists have engaged with the Bible both in their early history and more recent past Section two analyses some specific examples of Baptist hermeneutics in practice while the third section turns attention to an exploration of theoretical approaches to the hermeneutical task in Baptist contexts The problem of how to negotiate interpretative difference within Baptist reading communities is addressed in the fourth section Finally concluding responses to the project from two non Baptist theologians challenge both contributors and readers to consider the wider implications of the volume for contemporary Baptist life **The New Testament** Donald A. Hagner, 2012-11-15 This capstone work from widely respected senior evangelical scholar Donald Hagner offers a substantial introduction to the New Testament Hagner deals with the New Testament both historically and theologically employing the framework of salvation history He treats the New Testament as a coherent body of texts and stresses the unity of the New Testament without neglecting its variety Although the volume covers typical questions of introduction such as author date background and sources it focuses primarily on understanding the theological content and meaning of the texts putting students in a position to understand the origins of Christianity and its canonical writings Throughout Hagner delivers balanced conclusions in conversation with classic and current scholarship The book includes summary tables diagrams maps and extensive bibliographies **The Woman at the Well** Janeth Norfleete Day, 2021-10-11 The theme of the book is that by integrating traditional historical methods of interpretation with more recent literary and sociological methods it is possible to propose an alternative understanding of the character and role of the Samaritan woman in John 4 The contents include a survey of the interpretive tradition concerning the Samaritan woman in the church's exegesis in artistic renderings and in literary compositions from the Patristic Period until the Modern Era The book concludes with the author's alternative interpretation which proposes a pious Samaritan woman vs the traditional immoral one This book is useful as a model for a synthetic approach to biblical interpretation that utilizes both historical and more contemporary methods Additionally it demonstrates one possible avenue by which biblical and theological scholars can participate in interdisciplinary studies **The Biblical World** John Barton, 2019-04-25 The Biblical World is a comprehensive guide to the contents historical settings and social context of the Bible It presents the

fruits of years of specialist study in an accessible form and is essential reading for anyone who reads the Bible and would like to know more about how and why it came to be Written by an international collection of experts the volumes include a full overview of the full range of biblical material before going on to more detailed discussions of myth and prophecy to poetry and proverbs Explorations of the historical background are complemented by the findings of archaeology and the book explores language law administration social life and the arts as well Major figures of the Bible including Abraham Jesus and Paul are studied in detail as are the main religious concepts it contains such as salvation and purity Also including an examination of how the Bible is viewed today this monumental work will be an invaluable resource for students academics and clergy and for all to whom the Bible is important as a religious or cultural document The Love of Enemy and Nonretaliation in the New Testament Willard M. Swartley, 1992-01-01

The essays in this irenic book explore two pervasive New Testament teachings that are foundational to peace Jesus commands to love enemies and not to retaliate against those who do evil These themes are covered from a variety of perspectives showing the impact of Jesus teaching throughout the New Testament **The Oxford Handbook of Johannine Studies** Judith M. Lieu, Martinus C. de Boer, 2018-07-19 The contribution of the Johannine literature to the development of Christian theology and particularly to Christology is uncontested although careful distinction between the implications of its language especially that of sonship in a first century Jewish context and in the subsequent theological controversies of the early Church has been particularly important if not always easily sustained Recent study has shaken off the weight of subsequent Christian appropriation of Johannine language which has sometimes made readers immune to the ambiguities and challenging tensions in its thought The Oxford Handbook of Johannine Studies begins with chapters concentrating on discussions of the background and context of the Johannine literature leading to the different ways of reading the text and thence to the primary theological themes within them before concluding with some discussion of the reception of the Johannine literature in the early church Inevitably given their different genres and levels of complexity some chapters pay most if not all attention to the Gospel whereas others are more able to give a more substantial place to the letters All the contributors have themselves made significant contributions to their topic They have sought to give a balanced introduction to the relevant scholarship and debate but they have also been able to present the issues from their own perspective The Handbook will help those less familiar with the Johannine literature to get a sense of the major areas of debate and why the field continues to be one of vibrant and exciting study and that those who are already part of the conversation will find new insights to enliven their own on going engagement with these writings

Sibyls, Scriptures, and Scrolls Joel Baden, Hindy Najman, Eibert J.C. Tigchelaar, 2016-10-11 This volume a tribute to John J Collins by his friends colleagues and students includes essays on the wide range of interests that have occupied John Collins's distinguished career Topics range from the ancient Near East and the Hebrew Bible to the Dead Sea Scrolls and Second Temple Judaism and beyond into early Christianity and rabbinic Judaism The contributions deal with issues of text and

interpretation history and historiography philology and archaeology and more The breadth of the volume is matched only by the breadth of John Collins's own work

John 1-6 Martinus C. de Boer, 2024-12-12 In this ICC Martin de Boer provides an introduction and commentary on chapters 1-6 of John's Gospel de Boer sets out to interpret the Gospel in the historical context in which it was written and first read and to explain it both historically and theologically Taking his primary bearings from the seminal work of Raymond E Brown and J L Martyn de Boer applies and advances their approach through each section of his commentary whilst also engaging with the latest scholarship alternative viewpoints and critiques of the Brown Martyn approach As such de Boer takes very seriously the view that John's Gospel was written for a particular community and that the composition of the text as we know it took place over an extended period of time Examination of the historical realities of this community is a hallmark of this commentary including the notion that as members of the community women may have played a role in the Gospel's composition

Philip: Apostle and Evangelist Christopher R. Matthews, 2002-07-01 This study investigates the history of the traditions that coalesced around the name Philip in the New Testament and other early Christian literature It proposes that all of this material ultimately owes its genesis to one historical and literary figure Philip the apostle This proposition is explored through a wide ranging examination of the evidence Luke's redactional employment of traditional materials about Philip the apostle in Acts 8:4-25 and 8:26-40 the evidence of the canonical Gospels the second century perspective on Philip as an apostolic authority figure invoked to legitimate various Christian practices Philip's apostolic authority in gnostic documents for the transmission of the revelatory teaching of Jesus and the Acts of Philip as a witness to the formation of Christian culture in the earliest centuries While historical issues are considered where possible the focus is on the life of the traditions and their reception

John's Transformation of Mark Eve-Marie Becker, Helen K. Bond, Catrin H. Williams, 2021-02-25 John's Transformation of Mark brings together a cast of internationally recognised biblical scholars to investigate the relationship between the gospels of Mark and John In a significant break with the prevailing view that the two gospels represent independent traditions the contributors all argue that John both knew and used the earlier gospel Drawing on recent analytical categories such as social memory secondary orality or relecture and ancient literary genres such as rewritten Bible and bioi the central questions that drive this volume focus on how John used Mark whether we should speak of dependence familiarity with or reception and whether John intended his work to be a supplement or a replacement of Mark Together these chapters mount a strong case for a reassessment of one of the key tenets of modern biblical criticism and open up significant new avenues for further research

Christology and the New Testament Christopher Mark Tuckett, 2001-01-01 In this volume Tuckett allows us to overhear the earliest conversations about Jesus Who was He Who did He think He was How important was He to the development of early Christianity This textbook offers an up to date comprehensive and critical survey of the Question of the Christology of the different New Testament writers It incorporates recent research in Judaism and it takes note of critiques of older approaches to the subject

It covers the Christological ideas explicit or implicit in each of the main New Testament writers as well as suggesting Jesus own self understanding Finally the volume also raises hermeneutical Questions concerning the place that any New Testament Christology might have in contemporaneous theological debate Chapters cover the individual Epistles and Gospels offering a historical critical approach that places each writer within the original context Assuming no prior knowledge of the discipline Christology and the New Testament is ideal reading for students in Biblical Studies courses and those who study the development of Christian thought P 4 of cover Fortress Introduction to the Gospels, Second Edition Mark Allan

Powell,2019-10-01 With clarity and verve Mark Allen Powell introduces the beginning student to the contents and structure of the Gospels their distinctive characteristics and their major themes An introductory chapter surveys the political religious and social world of the Gospels methods of approaching early Christian texts the genre of the Gospels and the religious character of these writings This second edition has been updated to take fuller account of different theories regarding the Gospels with new chapters on the historical Jesus and on gospel literature not included in our New Testament and with a pleasing new format Special features include illustrations and more than two dozen special topics Women, the Family, and Policy Esther Ngan-ling Chow,Catherine White Berheide,1994-06-07 The authors highlight how structural circumstances in countries with various degrees of industrialization are associated with specific policies The analyses of women s experiences reveal the variety of ways in which private patriarchy in families combines with public patriarchy in economies and states to create a system of domination which subordinates women The authors detail how gender is constructed under specific political economic and cultural circumstances and seek to understand how state policies with differing sensitivities to women s issues have produced mixed outcomes for women and their families in the process of economic development

Thunder and Love Stephen S. Smalley,2013-01-24 The title Thunder and Love speaks of the passion and compassion of the writer of Revelation That exciting but sometimes perplexing New Testament document is the subject of Dr Smalley s fascinating study His book combines the depth of research required for the serious scholar of apocalyptic literature with many fresh insights and surprising conclusions for the inquiring reader We are given here not only a new appreciation of the text of Revelation and of the volatile community for which John wrote but also a sharp application of its message to the needs of our present spiritual social and political situation *New Readings in John* Johannes Nissen,Sigfred Pedersen,2004-10-27 This collection offers new studies on classical and modern problems in relation to the Fourth Gospel There are essays on John and the Synoptics and on John and the Qumran Scrolls Other essays present new literary approaches such as the question of the implied reader biblical imagery and irony and sectarianism Central theological issues are discussed including the problem of anti Judaism the interpretation of the death of Jesus the concept of mission the relation between community and ethics and the understanding of God in the Johannine writings *Wisdom Commentary: John 11-21* Mary L.

Coloe, 2021-12-24 Teaching and researching the Gospel of John for thirty years has led author Mary L Coloe to an awareness of the importance of the wisdom literature to make sense of Johannine theology language and symbolism in the prologue with Nicodemus in the Bread of Life discourse with Mary and Lazarus and in the culminating Hour She also shows how the late Second Temple theology expressed in the books of Sirach and Wisdom considered deuterocanonical and omitted from some Bible editions are essential intertexts Only the book of Wisdom speaks of the reign of God Wis 10 10 eternity life Wis 5 15 and the ambrosia maintaining angelic life Wis 19 21 all concepts found in John s Gospel While the Gospel explicitly states the Logos was enfleshed in Jesus this is also true of Sophia Coloe makes the case that Jesus s words and deeds embody Sophia throughout the narrative At the beginning of each chapter Coloe provides text from the later wisdom books that resonate with the Gospel passage drawing Sophia out of the shadows *New Currents Through John* Francisco Lozada, Tom Thatcher, 2006 [The Lazarus Story within the Johannine Tradition](#) Wendy E. S. North, 2001-05-01 This historical critical study of the Gospel of John and the First Epistle of John challenges the commonly held view that the first Johannine epistle is related to the Gospel Sproston argues that the two writings are indirectly related through a common Johannine tradition A comparison of the two therefore allows traditional material in the evangelist s work to be isolated enhancing our understanding of the creative processes involved in its composition The account of the raising of Lazarus is rigorously analysed as a test case for this kind of analysis
