*The Fragile Bond* Augustus Y. Napier, 2024-05-21 Focusing on the author's own marriage and on a group of case studies this book vividly illustrates the obstacles married couples face today and offers help in overcoming them **The Fragile Bond** Augustus Napier, 1988-09-01 Drawing extensively on his own marriage and a series of vividly drawn cases Dr Napier explores the vital question of what forces keep men and women from creating marriages that are intimate and equal *The Fragile Bond: in Search of an Equal, Intimate and Enduring Marriage* Augustus Y. Napier, 1988 Understanding Marriage, Family, and Intimate Relationships Jerry D. Lehman, 2005 This introductory textbook is for students who are interested in learning about and establishing healthy marriage family and intimate relationships With divorce rates high and relationships fragile books and courses are needed that help students address important issues regarding relationships The readers of this text examine many important and relevant issues through the lens of theory and research and do so using a written format that is readable understandable and easy to apply to one's life It was written so that each chapter has information that readers will find helpful as they attempt to establish and maintain meaningful healthy relationships There are questions throughout each chapter that help readers focus not only on the material but also on how the material relates to their present and past relationship and family situations The text provides material on the research of John Gottman the object relations theory of Harville Hendrix the solution focused approach of Michele Weiner Davis and the PREP approach to conflict management of Markman Stanley and Blumberg These and other topics discussed are very relevant to students' concerns and are addressed in greater depth than found in most other texts The emphasis is not just on couple relationships but also on family relationships Therefore in this book there is extensive coverage of family systems theory and the influence of family rules and family structure on the development of families There is also material on how change produces transitions in family life that must be assimilated into the family structure for example when a couple has their first child Thus both couple and family issues are addressed throughout the book For instructors who want to focus their courses on marriage family and intimate relationships this book would be an ideal choice A study guide for students and instructional material for instructors can be obtained by visiting [www.understandingrelationships.net](http://www.understandingrelationships.net) **Existential/dialectical Marital Therapy** Israel W. Charny, 1992 First published in 1992 Routledge is an imprint of Taylor Francis an informal company **Adultery-The Forgivable Sin, 2nd Ed.** Bonnie Eaker-Weil, 1994 **Modern Love** David Shumway, 2003-08 My ideas of romance came from the movies said Woody Allen and it is to the movies as well as to novels advice columns and self help books that David Shumway turns for his history of modern love Modern Love argues that a crisis in the meaning and experience of marriage emerged when it lost its institutional function of controlling the distribution of property and instead came to be seen as a locus for feelings of desire togetherness and loss Over the course of the twentieth century partly in response to this crisis a new language of love intimacy emerged not so much replacing but rather coexisting with the earlier language of romance

Reading a wide range of texts from early twentieth century advice columns and their late twentieth century antecedent the relationship self help book to Hollywood screwball comedies and from the relationship films of Woody Allen and his successors to contemporary realist novels about marriages Shumway argues that the kinds of stories the culture has told itself have changed Part layperson s history of marriage and romance part meditation on intimacy itself *Modern Love* will be both amusing and interesting to almost anyone who thinks about relationships and who doesn t *Sexual Violence and American Manhood* T. Walter Herbert, 2002-11-22 His work offers an unusually clear view of this prevailing convention of insecure and destructive masculinity which Herbert connects with contemporary analyses of male identity formation sexuality and violence and with cultural political and ideological developments reaching back to the nation s democratic beginnings
