## **The Crusade Years, 1933-1955**

George H. Nash,2013-12-01 Covering an eventful period in Herbert Hoover s career and more specifically his life as a political pugilist from 1933 to 1955 this previously unknown memoir was composed and revised by the 31st president during the 1940s and 1950s and then surprisingly set aside This work recounts Hoover s family life after March 4 1933 his myriad philanthropic interests and most of all his unrelenting crusade against collectivism in American life Aside from its often feisty account of Hoover s political activities during the Roosevelt and Truman eras and its window on Hoover s private life and campaigns for good causes *The Crusade Years* invites readers to reflect on the factors that made his extraordinarily fruitful postpresidential years possible The pages of this memoir recount the story of Hoover s later life his abiding political philosophy and his vision of the nation that gave him the opportunity for service This is in short a remarkable saga told in the former president s own words and in his own way that will appeal as much to professional historians and political scientists as it will lay readers interested in history *Liberty's Wounds* Jeremy Amick,2021-03-16 Bryce Lockwood has amassed a
