The Fools Journey Tarot Postcards:

The Fools Journey Alan Jones, 2016-11-12 Of all the oracle systems in use today Tarot is arguably one of the better known 78 Cards 22 images which could be said to describe a journey through life and a further 56 which add people and textures to the main chapters of that adventure As someone who has been exploring the Tarot for several decades I can honestly say that it one of the most visually poetic embodiments of esoteric teachings available to the student of the arcane It is frequently misrepresented as simply an oracle and given an esoteric history which is firmly in the realms of the fairy tale but when understood it is a symbolic initiatory system which opens a doorway to spiritual exploration This book represents a way of taking a journey of self discovery and in the process developing intuition and genuine insight
