The French Parliamentary Committee System:

The French Parliamentary Committee System Robert Kent Gooch, 1969 **Parliamentary Committees in the Policy Process** Sven T. Siefken, Hilmar Rommetvedt, 2021-08-19 This book sheds new light on the often shadowy but essential role of committees which exist in modern parliaments around the globe and it questions the conventional notion that the real work of parliament happens in committees Renowned country specialists take a close look at what goes on in committees and how it matters for policy making While committees are seen as the central place where policy is made they often hold their sessions closed to the public and calls for transparency are growing To understand this black box it is necessary to look within but also beyond the walls of the committee rooms and parliament buildings Bringing together formal and informal aspects rules and practices shows that committees are not a paradise of policy making They have great relevance nonetheless as crystallization points in the policy networks as drivers for division of labor and for socialization and the integration of MPs The new insights presented in this book will be of interest to scholars students and professionals in parliamentary affairs legislative studies government and comparative politics They are also relevant for political analysts journalists and policymakers A Comparative Study of Modern Parliamentary Systems Weitan Yih, 1927 *Presidential Government in Gaullist France* William G. Andrews, 1983-06-30 In *Presidential Government in Gaullist France* William G. Andrews describes and explains the basic character of executive legislative relations in Gaullist France from 1958 to 1974 He demonstrates that the Fifth Republic became presidential despite its parliamentary constitution because of changes made by DeGaulle that were compatible with the emergent character of French society The information is provided in a conceptual framework that gives it greater coherence explanatory value and significance Andrews relates differences in the nature of institutions of societies and of political problems to types of power relationships that exist between the legislative and executive branches of government In order to achieve an objective appraisal of the controversial leader Andrews fits DeGaulle's constitutional efforts into a broader understanding of the relationships among great leaders texts societies and institutions The book enhances our understanding of the operation of the Fifth Republic and of French government in general

The French Parliamentary Committee System Robert K. Gooch, 1969 **The New Roles of Parliamentary Committees** Roger H. Davidson, Lawrence D. Longley, 2012-11-12 Parliaments had been expected to decline in significance at the end of the 20th century but instead they have developed new and vital political roles and have innovated their institutional structure in parliamentary committees not only in a few parliaments but as a global phenomenon

Parliamentary Committees in a Party-Centred Context Tim Alexander Mickler, 2022-03-15 This book examines the working procedures of parliamentary party groups within specialised committees the backstage but primary means for MPs to influence policy It explains which MPs specialise in particular policy areas how they make policy choices in committees and subsequently how these individual decisions are aggregated and unified within and via parliamentary party groups In

doing so the book expertly reveals the internal working procedures of parliaments and the role of individual MPs vis vis the parliamentary party group leadership Based on an analysis of more than 3 000 committee assignments and over 100 in depth interviews with MPs it shows that individual experts in committees have a central role and decision making power which is more varied and decentralised from the leadership than commonly assumed It demonstrates that most policy decisions are prepared bottom up rather than dictated top down and that parliamentary party groups are not strictly hierarchical organisations dominated by elites This book will be of key interest to scholars and students of legislative and parliamentary studies representative democracy comparative politics and journalists and practitioners within parliaments

Hitler's Refugees and the French Response, 1933-1938 Julius Fein, 2021-03-01 Julius Fein examines the French response to the large number of German refugees between 1933 and 1938 Fein demonstrates how the Quai d Orsay sought a compromise between the Republican canon which said France must help the persecuted and the factors that limited its willingness to accept refugees including economic depression mass unemployment anti Semitism and anti German sentiment

French Foreign Policy 1918-1945 Young, 1997-08-01

The Diplomats, 1919-1939 Gordon A. Craig, Felix Gilbert, 2021-05-11 This classic account of interwar diplomacy examines the curious fate of the diplomat the honest man sent to lie abroad for the good of his country in the capitals of a darkening Europe These men ambassadors in the field and officials in the Foreign Office worked against time in a world that witnessed the complete reorganization of the European system amid the onslaught of totalitarianism Leading experts investigate the diplomatic history of these years through the eyes of those entrusted with the extraordinarily delicate task of conducting the fateful negotiations that effect national policy Drawing on government archives European memoirs and diplomatic studies this book is both an absorbing history of twenty years of crisis and a searching analysis of the role of diplomacy in the modern age

The Parliamentary Debates (official Report). Great Britain. Parliament. House of Commons, 1921 Contains the 4th session of the 28th Parliament through the 1st session of the 48th Parliament

A Workforce Divided Leslie A. Schuster, 2002-12-30 In this study of the life and work of Saint Nazaire s shipbuilding workers in the 30 years before World War I Schuster shows that the consequences of industrial production for workers differed sharply according to their resources and experiences She details the competing identities and divergent values maintained by shipbuilding workers demonstrating that they were fostered by the interaction between state programs industrial production and the traditions pursued in the local realm Third Republic economic policies for shipbuilding promoted unemployment and worker dependence on state officials over union leaders and the uneven application of capitalist methods of production meant multiple workplace experiences that further undercut association A workforce composed of industrial workers and agricultural producers brought markedly different priorities to the workplace Urban dwelling industrial workers proved dependent on shipbuilding while workers commuting from La Grande Bri D ere a nearby marshland were property owning producers mostly peat cutters with traditions of self government and a commanding

community identity They turned to ship production precisely to maintain rural settlement and agricultural production These divergent values and responses to industrial work in conjunction with multiple barriers to association generated separate and even contrary labor concerns and protests **The Socialist Review** ,1913 Parliamentary Control and Government Accountability in South Asia Taiabur Rahman,2007-09-12 This book presents a comparative analysis of the role of parliamentary committees in securing government accountability in the three largest and most important functioning democracies in South Asia Bangladesh India and Sri Lanka *The Parliamentary Debates* Great Britain. Parliament. House of Lords,1919 Publications and Research University of Virginia,1927 **University of Virginia Record** ,1927 *The Parliamentary Debates (official Report)*. Great Britain. Parliament.
