They cared little about who they stomped, what vandalism they did, or whose car they swiped in their attempts to get back at the codger and bags of the community. The inside details of the many jobs they pulled, how the kids behave toward each other, and what they really think of adults is plainly revealed.

Although the story is about teenagers and written for teenagers it is a gutsy book and not for the squeamish or chicken hearted The story will turn off most adults but it is MUST reading for those parents who refuse to understand their teenagers as a lesson in what can happen if their kids finally tune them out AUTHOR BIO James A Coleman is a retired college physics professor However he has spent a good deal of time as an unpaid street worker helping troubled youths especially those who organized into street gangs The CIRCLE is a fictionalised story of one of these gangs Coleman is also a well established author of science books for the layman [Children's Book Review Index](#) ,1985 [Wise Dreams](#) Rebecca E.
