The Law of the Future and the Future of Law is a unique collection of think pieces in which a wide variety of experts share their thoughts on how they envision the future of law. By asking the question 'What do you see as the most significant challenges for the development of the law? What developments are we likely to see in the coming two to three decades? What do those developments mean for national legal systems as a whole?' the Hague Institute for the Internationalisation of Law (HiiL) has canvassed the views of a large number of renowned experts in particular areas of law. This volume was prepared as part of the Law of the Future Joint Action Programme and as the basis of the Law of the Future Conference on 23 and 24 June 2011. The Law of the Future Joint Action Programme is based on the premise that prospective thinking about law is not only desirable but also required in order to ensure that law and legal systems do not become obsolete, ineffective or unjust. The aim is to set a world standard in thinking ahead to guide decision makers today. For more information visit [www.lawofthefuture.org](http://www.lawofthefuture.org).
