A History of American Biography, 1800-1935 Edward H. O'Neill,2015-09-30 A survey and evaluation of the whole range of American biography from the earliest important lives to book of the present day

The American Nation, a History: Bassett, J. S. The Federalist system, 1789-1801 Albert Bushnell Hart,1906

"Esteemed Bookes of Lawe" and the Legal Culture of Early Virginia Warren M. Billings,Brent Tarter,2017-02-24 Virginia men of law constituted one of the first learned professions in colonial America and Virginia legal culture had an important and lasting impact on American political institutions and jurisprudence Exploring the book collections of these Virginians therefore offers insight into the history of the book and the intellectual history of early America It also addresses essential questions of how English culture migrated to the American colonies and was transformed into a distinctive American culture Focusing on the law books that colonial Virginians acquired how they used them and how they eventually produced a native

grown legal literature this collection explores the law and intellectual culture of the Commonwealth and reveals the origins of a distinctively Virginian legal literature The contributors argue that understanding the development of early Virginia legal history as shown through these book collections not only illuminates important aspects of Virginia's history and culture it also underlies a thorough understanding of colonial and revolutionary American history and culture Thomas Jefferson Francis D. Cogliano, 2006-09-14 This first major study of Thomas Jefferson's reputation in nearly fifty years is concerned with Jefferson and history both as something Jefferson made and something that he sought to shape Jefferson was acutely aware that he would be judged by posterity and he deliberately sought to influence history's judgment of him He did so it argues in order to promote his vision of a global republican future It begins by situating Jefferson's ideas about history within the context of eighteenth century historical thought and then considers the efforts Jefferson made to shape the way the history of his life and times would be written through the careful preservation of his personal and public papers and his home Monticello near Charlottesville Virginia The second half of the book considers the results of Jefferson's efforts to shape historical writing by examining the evolution of his reputation since the Second World War Recent scholarship has examined Jefferson's attitudes and actions with regard to Native Americans African slaves women and civil liberties and found him wanting Jefferson has continued to be a controversial figure DNA testing proving that he fathered children by his slave Sally Hemings being the most recent example perhaps encapsulating this best of all This is the first major study to examine the impact of the Hemings controversy on Jefferson's reputation Key Features The first study of Jefferson's reputation to be published since 1960 Considers the impact of slavery on Jefferson's reputation and Jefferson's relationship with slavery Explores the history of the Sally Hemings controversy **Constructing American Lives** Scott E. Casper, 2018-07-25 Nineteenth century American authors critics and readers believed that biography had the power to shape individuals characters and to help define the nation's identity In an age predating radio and television biography was not simply a genre of writing says Scott Casper it was the medium that allowed people to learn about public figures and peer into the lives of strangers In this pioneering study Casper examines how Americans wrote published and read biographies and how their conceptions of the genre changed over the course of a century Campaign biographies memoirs of pious women patriotic narratives of eminent statesmen mug books that collected the lives of ordinary midwestern farmers all were labeled biography however disparate their contents and the contexts of their creation publication and dissemination Analyzing debates over how these diverse biographies should be written and read Casper reveals larger disputes over the meaning of character the definition of American history and the place of American literary practices in a transatlantic world of letters As much a personal experience as a literary genre biography helped Americans imagine their own lives as well as the ones about which they wrote and read Symbols of Freedom Matthew J. Clavin, 2025-07 How American symbols inspired enslaved people and their allies to fight for true freedom In the early United States anthems flags holidays monuments and memorials

were powerful symbols of an American identity that helped unify a divided people. A language of freedom played a similar role in shaping the new nation. The Declaration of Independence's assertion that all men are created equal, Patrick Henry's cry of "Give me liberty or give me death," and Francis Scott Key's "star spangled banner" waving over the land of the free and the home of the brave were anthemic celebrations of a newly free people. Resonating across the country, they encouraged the creation of a republic where the right to life, liberty, and the pursuit of happiness was universal, natural, and inalienable. For enslaved people and their allies, the language and symbols that served as national touchstones made a mockery of freedom. Deriding the ideas that infused the republic's founding, they encouraged an empty American culture that accepted the abstract notion of equality rather than the concrete idea. Yet, as award-winning author Matthew J. Clavin reveals, it was these powerful expressions of American nationalism that inspired forceful and even violent resistance to slavery. Symbols of Freedom is the surprising story of how enslaved people and their allies drew inspiration from the language and symbols of American freedom. Interpreting patriotic words, phrases, and iconography literally, they embraced a revolutionary nationalism that not only justified but generated open opposition. Mindful and proud that theirs was a nation born in blood, these disparate patriots fought to fulfill the republic's promise by waging war against slavery. In a time when the US flag, the Fourth of July, and historical sites have never been more contested, this book reminds us that symbols are living artifacts whose power is derived from the meaning with which we imbue them.

Catalogue of the Books Belonging to the Young Men's Association of the City of Chicago. Young Men's Association of the City of Chicago. Library, 1865. *The Pedagogical Seminary*, 1903. Vols 5-15 include Bibliography of child study by Louis N. Wilson.

Whispering the Techniques of Language: An Emotional Quest through **Sketches Of The Life And Character Of Patrick Henry The Life Of Patrick Henry**

In a digitally-driven earth where monitors reign supreme and quick connection drowns out the subtleties of language, the profound techniques and emotional nuances hidden within words often go unheard. However, situated within the pages of **Sketches Of The Life And Character Of Patrick Henry The Life Of Patrick Henry** a interesting fictional treasure sporting with organic emotions, lies a fantastic quest waiting to be undertaken. Published by a skilled wordsmith, that marvelous opus invites readers on an introspective trip, softly unraveling the veiled truths and profound influence resonating within the cloth of each word. Within the emotional depths with this emotional evaluation, we will embark upon a sincere exploration of the book is core subjects, dissect their interesting writing type, and fail to the powerful resonance it evokes serious within the recesses of readers hearts.
