Skipper A Fishermans Tale:

The Skipper Roger Nowell, Jeremy Mills, 1993 **The Last Fish Tale** Mark Kurlansky, 2008-06-03 The bestselling author of Cod Salt and The Big Oyster has enthralled readers with his incisive blend of culinary cultural and social history Now in his most colorful personal and important book to date Mark Kurlansky turns his attention to a disappearing way of life fishing how it has thrived in and defined one particular town for centuries and what its imperiled future means for the rest of the world The culture of fishing is vanishing and consequently coastal societies are changing in unprecedented ways The once thriving fishing communities of Rockport Nantucket Newport Mystic and many other coastal towns from Newfoundland to Florida and along the West Coast have been forced to abandon their roots and become tourist destinations instead Gloucester Massachusetts however is a rare survivor The livelihood of America s oldest fishing port has always been rooted in the life and culture of commercial fishing The Gloucester story began in 1004 with the arrival of the Vikings Six hundred years later Captain John Smith championed the bountiful waters off the coast of Gloucester convincing new settlers to come to the area and start a new way of life Gloucester became the most productive fishery in New England its people prospering from the seemingly endless supply of cod and halibut With the introduction of a faster fishing boat the schooner the industry flourished In the twentieth century the arrival of Portuguese Jews and Sicilians turned the bustling center into a melting pot Artists and writers such as Edward Hopper Winslow Homer and T S Eliot came to the fishing town and found inspiration But the vital life of Gloucester was being threatened Ominous signs were seen with the development of engine powered net dragging vessels in the first decade of the twentieth century As early as 1911 Gloucester fishermen warned of the dire consequences of this new technology Since then these vessels have become even larger and more efficient and today the resulting overfishing along with climate change and pollution portends the extinction of the very species that fishermen depend on to survive and of a way of life special not only to Gloucester but to coastal cities all over the world And yet according to Kurlansky it doesn t have to be this way Scientists government regulators and fishermen are trying to work out complex formulas to keep fishing alive Engagingly written and filled with rich history delicious anecdotes colorful characters and local recipes The Last Fish Tale is Kurlansky s most urgent story a heartfelt tribute to what he calls socio diversity and a lament that each culture each way of life that vanishes diminishes the richness of civilization **The Swordfish and the Star** Gavin Knight, 2016-06-02 The Penwith Peninsula in Cornwall is where the land ends In The Swordfish and the Star Gavin Knight takes us into this huddle of grey roofs at the edge of the sea at the beginning of the twenty first century He catches the stories of a whole community but especially those still working this last frontier the Cornish fishermen These are the dreamers and fighters who every day prepare for battle with the vast grey Atlantic Cornwall and its seas are brought to life mixing drinking and drugs and sea spray moonlit beaches and shattering storms myth and urban myth The result is an arresting tapestry of a place we thought we knew the precarious reality of life in Cornwall today emerges from behind our

The Skipper's Wooing W. W. Jacobs, 2015-11-18 The schooner Seamew of London Captain Wilson master and owner had just finished loading at Northfleet with cement for Brittlesea Every inch of space was packed Cement exuded from the cracks imparted to the hairy faces of honest seamen a ghastly appearance sadly out of keeping with their characters and even took its place disguised as thickening among the multiple ingredients of a sea pie that was cooking for dinner It was not until the decks were washed and the little schooner was once more presentable that the mate gave a thought to his own toilet It was a fine warm morning in May and some of the cargo had got into his hair and settled in streaks on his hot good humored face The boy had brought aft a wooden bucket filled with fair water and placed upon the hatch by its side a piece of yellow soap and a towel Upon these preparations the mate smiled pleasantly and throwing off his shirt and girding his loins
