## Slavic Civilization Through The Ages:

*Slavic Civilization Through the Ages* Samuel Hazzard Cross,1948      **Slavic Civilization Through the Ages** Samuel Hazzard Cross,1963      **Slavic Civilization Through the Ages** Samuel Hazzard Cross,1963      *Slavs in the Middle Ages between Idea and Reality* Eduard Mühle,2023-03-20 The book presents a new history of the Slavs during the Middle Ages Based on in depth source analysis it describes on the one hand the factual historical structures that can be discerned behind the phenomenon of the Slavs from the early Slavic population groups and their first formations of power in the 7th to 9th centuries through the Slavic speaking realms and nationes of the 10th to 12th centuries to the late medieval societies of the 13th to 15th centuries On the other hand it analyzes external Byzantine Latin and Arabic perceptions as well as Slavic self imagery with which the Slavs have been conceptualized or imagined as a cultural construct since the 6th century Mühle further demonstrates that these images were already being instrumentalized for historical political purposes in various contexts and for different purposes in the Middle Ages      *A History of Slovakia* Stanislav J. Kirschbaum,2016-05-10 This classic book offers the most comprehensive and up to date history of Slovakia from its establishment on the Danubian Plain to the present While paying tribute to Slovakia's resilience and struggle for survival it describes contributions to European civilization in the Middle Ages the development of Slovak consciousness in response to Magyarization its struggle for autonomy in Czechoslovakia after the Treaty of Versailles its resistance as the first Slovak Republic to a Nazi controlled Europe its reaction to Communism and the path that led to the creation of the second Slovak Republic Now fully updated to the present day the book examines the vagaries of Slovak post Communist politics that led to Slovakia's membership in NATO and the European Union      *Slavic Civilization Through the Ages. D., Foreword by Leonard I. Strakhovsky* Samuel Hazzard Cross,Leonard I.. Strakhovsky,1963      *A History of the Balkan Peoples* René Ristelhueber,Sherman D. Spector,      *The Europecentric Historiography of Russia* Elizabeth Beyerly,2018-12-03 No detailed description available for *The Europecentric Historiography of Russia*      **The World of the Slavs : Studies of the East, West and South Slavs** Tibor Živković,Dejan Crnčević,Dejan Bulić,Vladeta Petrović,Irena Cvijanović,Bojana Radovanović,2013-07-01      **The Making of the Slavs** Florin Curta,2001-07-12 This book offers an alternative approach to the problem of Slavic ethnicity in south eastern Europe between c 500 and c 700 from the perspective of current anthropological theories The conceptual emphasis here is on the relation between material culture and ethnicity The author demonstrates that the history of the Sclavenes and the Antes begins only at around 500 AD He also points to the significance of the archaeological evidence which suggests that specific artefacts may have been used as identity markers This evidence also indicates the role of local leaders in building group boundaries and in leading successful raids across the Danube Because of these military and political developments Byzantine authors began employing names such as Sclavines and Antes in order to make sense of the process of group identification that was taking place north of the

Danube frontier Slavic ethnicity is therefore shown to be a Byzantine invention

**The Reception of Byzantine Culture in Mediaeval Russia** Francis J. Thomson, 2024-12-11 It is a truism that Russian culture is based upon the reception of Byzantine culture However the question of what was in fact received is the task that Professor Thomson has set in these studies by means of a detailed examination of the corpus of translations Down to the 17th century this corpus was essentially made up of works required for the liturgy and the monastic life Few works of dogmatic theology and virtually no classical or philosophical works were translated neither was a knowledge of Greek which would have provided access to the originals widespread The result was an unreasoning adherence to ritual forms Western ideas which began to penetrate into Muscovy in the 17th century were not absorbed by Russian culture but fundamentally reshaped it and the result led to a schism within the Church Russia today is Orthodox by religion but Byzantine culture disappeared with Byzantium A major section of addenda takes into account the advances in scholarship since the articles were first published

Payton,2021-11-03 The fascinating history of Eastern Europe includes highs of soaring cultural achievement and lows of almost unimaginable repression But we in the West don t know much about Eastern Europe or its history this book helps us see why We got interested when the region became a threat during the Cold War but what we learned focused on the Communist period after World War II not Eastern Europe itself or its deep history a history that continues to live in the hearts of its peoples James Payton offers an accessible treatment of the history of the region an opportunity to learn about Eastern Europeans as they are He overviews that story from pre history to the present examining eleven turning points that profoundly shaped Eastern European history His treatment considers the backgrounds to the

turning points the events and the long lasting impacts they had for the various Eastern European nations This helps us understand how Eastern Europeans themselves see their history the long haul over the centuries with the influence and impact of events of the sometimes distant past shaping how they see themselves their neighbors and their place in the world
