McCormick, 2010-06-15 During World War I fear that a network of German spies was operating on American soil justified the rapid growth of federal intelligence agencies When that threat proved illusory these agencies staffed heavily by corporate managers and anti union private detectives targeted antiwar and radical labor groups particularly the Socialist party and the Industrial Workers of the World Seeing Reds based largely on case files from the Bureau of Investigation Military Intelligence Division and Office of Naval Intelligence describes this formative period of federal domestic spying in the Pittsburgh region McCormick traces the activities of L M Wendell a Bureau of Investigation special employee who infiltrated the IWW s Pittsburgh recruiting branch and the inner circle of anarchist agitator and lawyer Jacob Margolis

Wendell and other Pittsbugh based agents spied on radical organizations from Erie Pennsylvania to Camp Lee Virginia intervened in the steel and coal strikes of 1919 and carried out the Palmer raids aimed at mass deportation of members of the Union of Russian Workers and the New Communist Party McCormick's detailed history uses extensive research to add to our understanding of the security state cold war ideology labor and immigration history and the rise of the authoritarian American Left as well as the career paths of figures as diverse as I Edgar Hoover and William Z Foster Farrel Coleman, 2011-12-20 From the author of the New York Times bestselling Robert B Parker's Blind Spot Ex NYPD cop turned P I and entrepreneur Moe Prager is faced with a gut wrenching case The apparent suicide of his old friend and NYPD Chief of Detectives Larry McDonald forces Moe back onto the decaying Coney Island streets he patrolled when he was in uniform But now beneath the boardwalk and behind the rusted and crumbling rides of the midway he finds a trail of death betrayal and corruption reaching back to 1972 As Faulkner once said The past is never dead It isn t even past So it goes for Moe Prager in Soul Patch Mr. Hornaday's War Stefan Bechtel, 2012-05-15 He was complex guirky pugnacious and difficult He seemed to create enemies wherever he went even among his friends A fireplug of a man who stood only five feet eight inches in his stocking feet he began as a taxidermist and an adventurer who tracked tigers in Borneo with friendly headhunters lead crocodile hunting expeditions in the Orinoco and scouted the last remaining bison in the Montana territories William Temple Hornaday 1854 1937 was also a man ahead of his time He was the most influential conservationist of the nineteenth century second only to his great friend and ally Theodore Roosevelt When this one time big game collector witnessed the wanton destruction of wildlife prevalent in the Victorian era he experienced an awakening and devoted the rest of his life to protecting our planet's endangered species Hornaday founded the National Zoo in Washington D C served for thirty years as director of the renowned Bronx Zoo and became a fierce defender of wild animals and wild places He devoted fifty years to fighting gun manufacturers poachers scandalously lax game protection laws and the vast apathy of the American public He waged the Plume Wars against the feathered hat industry and is credited with having saved both the Alaskan fur seal and the American bison from outright extinction Mr Hornaday s War restores this major figure to his rightful place as one of the giants of the modern conservation movement But Stefan Bechtel also explores the grinding contradictions of Hornaday's life Though he crusaded against the wholesale slaughter of wildlife he was at one time a trophy hunter and what happened in 1906 at the Bronx Zoo when Hornaday displayed an African man in an ethnographic exhibit shows a side of him that is as baffling as it is repellant This gripping book takes an honest look at a fascinating enigmatic man who both represented and transcended his era s paradoxical approach to wildlife and who profoundly changed the course of the conservation movement for generations to come Slipping into Darkness Peter Blauner, 2011-03-29 DIVDIVWhen a twenty year old murder case comes back to life a detective must race against his failing sight to unravel the mystery divDIV divDIVWhen Allison Wallis was beaten to death Detective Francis X Loughlin found the killer Julian Vega a teenager with a

crush on the murdered girl Using his natural sense of empathy he cozied up to young Julian convincing him to give a confession that would put him away until he was thirty six divDIV divDIVTwenty years later Julian is finally out of jail attempting to remember how to live in a world without bars and Detective Loughlin is still on the job his sight fading though his instincts are still sharp But when Allison's blood appears at a new crime scene everything he thought he knew about that long ago murder is called into question Was it really Allison they buried Was Julian actually the killer And if he wasn t who else is in danger now divDIV divDIVThis ebook features an illustrated biography of Peter Blauner including rare photos and never before seen documents from the author's personal collection div div Tornado Hunter Stefan Bechtel, Tim Samaras, 2009-05-19 Like the deadly tornadoes it documents this potent combination of high adventure and hard science is terrifyingly timely in our era of global warming and climate change The Weather Channel now America's most watched programming has in recent years shown us a relentless series of hurricanes tsunamis earthquakes and eruptions killing thousands turning millions into refugees and leaving whole cities in shocked shattered ruins Of nature s weapons tornadoes are among the most unforgiving and here s an unforgettable portrait of these storms and one extraordinary man who challenged them and produced the first ever photographs snatched from a rampaging twister's black heart Tornado chaser Tim Samaras working with master storyteller Stefan Bechtel author of Roar of the Heavens has created a page turner with narrative force and scientific substance In the first of five you are there accounts Tornado Hunter opens with a moment by moment description of the 2003 catastrophe that engulfed Manchester South Dakota The authors evoke the doomed town and its people the dark menacing funnel and Samaras s fearless advance into the whirlwind s core to deploy the ingenious equipment he devised They interweave the tornado chaser's passion the fascinating science of the storms themselves and six decades of progress in predicting and recording their onslaught an art beholden to Samaras s own groundbreaking inventions Tim Samaras s 2004 article in National Geographic became one of the most widely read in the magazine s history This powerful book is destined to blast its way onto bestseller lists everywhere **The Essential Mystery Lists** Roger M Sobin,2011-09-30 For the first time in one place Roger M Sobin has compiled a list of nominees and award winners of virtually every mystery award ever presented He has also included many of the best of lists by more than fifty of the most important contributors to the genre Mr Sobin spent more than two decades gathering the data and lists in this volume much of that time he used to recheck the accuracy of the material he had collected Several of the best of lists appear here for the first time in book form Several others have been unavailable for a number of years Of special note are Anthony Boucher's Best Picks for the Year Boucher one of the major mystery reviewers of all time reviewed for The San Francisco Chronicle Ellery Queen Mystery Magazine and The New York Times From these resources Mr Sobin created Boucher's Best and Important Lists to Consider lists that provide insight into important writing in the field from 1942 through Boucher's death in 1968 This is a great resource for all mystery readers and collectors Winner of the 2008 Macavity Awards for Best Mystery
