**Sauntering Through Apocalypse** Jim Cleveland, 2014-04 Readers can join the Absurd Sojourns and Spirit mind quests of the author over a couple of decades in which in two centuries collide Eternal satirical questions are considered in part one Can literary giants such as Shakespeare Hemingway and Faulkner explain why the chicken crossed the road Is Little Richard the epitome of philosophic simplism Can dark sibling Forrest Grump find reconciliation and also direct Can Snake Pleskin escape both Sedona and Iraq Does the white man's manifest destiny include photo ops with pliant Indians and black kids with watermelons Can a novice movie reviewer separate bombs and bombshells Will Christians Jews and Muslims continue to kill each other with expensive explosives and send us the bill How can the herdings of cats lead to wealth and fame And in part two humans have a spiritual endowment and personal mission they can't begin to imagine Is your own personal Truth Beauty Goodness your very best religion Will you consider 21 new spiritual enlightenments for the 21st century How have slavery segregation and other acrimonious separations contributed to a malaise of spiritual poverty in the deep South Are you persuaded by the spiritual realities expressed by a celestial Melchizedek Did you know that the practice of Stillness can lead to fortuitous contact with spiritual teachers representing our Universal Father Both parts lift the reader into a philosophical framework that combines perceptive topical humor and a sound path to weave personal spiritual growth into a crazy world      *New York Magazine*, 1970-03-02 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea

**We'll Always Have Paris** Harvey Levenstein, 2010-03-15 For much of

the twentieth century Americans had a love hate relationship with France While many admired its beauty culture refinement and famed joie de vivre others thought of it as a dilapidated country populated by foul smelling mean spirited anti Americans driven by a keen desire to part tourists from their money We ll Always Have Paris explores how both images came to flourish in the United States often in the minds of the same people Harvey Levenstein takes us back to the 1930s when despite the Great Depression France continued to be the stomping ground of the social elite of the eastern seaboard After World War II wealthy and famous Americans returned to the country in droves helping to revive its old image as a wellspring of sophisticated and sybaritic pleasures At the same time though thanks in large part to Communist and Gaullist campaigns against U S power a growing sensitivity to French anti Americanism began to color tourists experiences there strengthening the negative images of the French that were already embedded in American culture But as the century drew on the traditional positive images were revived as many Americans again developed an appreciation for France s cuisine art and urban and rustic charms Levenstein in his colorful anecdotal style digs into personal correspondence journalism and popular culture to shape a story of one nation s relationship to another giving vivid play to Americans changing response to such things as France s reputation for sexual freedom haute cuisine high fashion and racial tolerance He puts this tumultuous coupling of France and the United States in historical perspective arguing that while some in Congress say we may no longer have french fries others like Humphrey Bogart in Casablanca know they will always have Paris and France to enjoy and remember

*Scriptures for a Generation* Philip D. Beidler, 1995-10-01 More than fifty writers from Timothy Leary and Malcolm X to Helen Gurley Brown and Rachel Carson are individually profiled in this lively survey of the literature of the 1960s A look at the books behind the decade s youth movements *Scriptures for a Generation* recalls the era as one of unprecedented literacy and belief in the power of books to change society In showing that the generation that came of age in the 60s marked both the height and the end of the last great reading culture Philip D Beidler also implies much about the state of literacy in our country today Featured are bona fide 1960s classics ranging from Kahlil Gibran s *The Prophet* and Kurt Vonnegut s *Slaughterhouse Five* to Carlos Casteneda s *The Teachings of Don Juan* and the Boston Women s Health Book Collective s *Our Bodies Ourselves Represented* as well as such works of revered elders as Hermann Hesse s *Steppenwolf* and Henry David Thoreau s *Walden* Beidler s coverage also extends to works of the early 1970s that are textual and spiritual extensions of the 1960s the Portola Institute s *Last Whole Earth Catalog* Annie Dillard s *Pilgrim at Tinker Creek* Robert Pirsig s *Zen and the Art of Motorcycle Maintenance* and others

*Landslide* Jonathan Darman, 2014-09-23 In politics the man who takes the highest spot after a landslide is not standing on solid ground In this riveting work of narrative nonfiction Jonathan Darman tells the story of two giants of American politics Lyndon Johnson and Ronald Reagan and shows how from 1963 to 1966 these two men the same age and driven by the same heroic ambitions changed American politics forever The liberal and the conservative The deal making arm twister and the cool communicator The Texas rancher and the Hollywood star

Opposites in politics and style Johnson and Reagan shared a defining impulse to set forth a grand story of America a story in which he could be the hero In the tumultuous days after the Kennedy assassination Johnson and Reagan each in turn seized the chance to offer the country a new vision for the future Bringing to life their vivid personalities and the anxious mood of America in a radically transformative time Darman shows how in promising the impossible Johnson and Reagan jointly dismantled the long American tradition of consensus politics and ushered in a new era of fracture History comes to life in Darman s vivid fly on the wall storytelling Even as Johnson publicly revels in his triumphs we see him grow obsessed with dark forces he believes are out to destroy him while his wife Lady Bird urges her husband to put aside his paranoia and see the world as it really is And as the war in Vietnam threatens to overtake his presidency we witness Johnson desperately struggling to compensate with ever more extravagant promises for his Great Society On the other side of the country Ronald Reagan a fading actor years removed from his Hollywood glory gradually turns toward a new career in California politics We watch him delivering speeches to crowds who are desperate for a new leader And we see him wielding his well honed instinct for timing waiting for Johnson s majestic promises to prove empty before he steps back into the spotlight on his long journey toward the presidency From Johnson s election in 1964 the greatest popular vote landslide in American history to the pivotal 1966 midterms when Reagan burst forth onto the national stage Landslide brings alive a country transformed by riots protests the rise of television the shattering of consensus and the two towering personalities whose choices in those moments would reverberate through the country for decades to come Praise for Landslide Richly detailed Landslide is a vivid retelling of a tumultuous three years in American history and Mr Darman captures in full the personalities and motives of two of the twentieth century s most consequential politicians The New York Times Novel and even surprising Landslide deftly reminds readers that Johnson and Reagan both trafficked in grandiose oratory and promoted utopian visions at odds with the social complexity of modern America The Washington Post Riveting Darman portrays Johnson and Reagan as polar opposites of political attraction Animated by the artful insight that they were men of disappointment headed toward an appointment with history A tale about myths and a nation that believed them about a world of a half century ago now gone forever The Boston Globe Alert to the subtleties of politics and political history Darman a former correspondent for Newsweek nimbly explores delusion and self delusion at the highest levels The New York Times Book Review
