

Smithsonian's Great Battles of the Civil War

"Impressive, informative and moving." *Los Angeles Times*

"Learned yet entertaining. A historical achievement." *Philadelphia Inquirer*

"Victorious Grade: A." *Entertainment Weekly*

More than 550,000 American soldiers died during the battles of the Civil War. This critically acclaimed television and video series from the National Museum of American History is a sweeping and compelling look at the war's military, political and social history. Each episode features dramatic reenactments of important campaigns; first-hand accounts of eyewitnesses and participants read by distinguished actors; period photographs, paintings and artifacts; intriguing expert challenges to traditional historical thinking; original contemporary illustrations; computer enhanced maps; and music of the time. The strategies and motivations that created this devastating and heroic period come alive in this comprehensive reference, a visually stunning, provocative history unlike any other Civil War program you've ever seen.

Historical Advisory Board Appearing On-camera: Dr. James M. McPherson, Princeton University, author of the best-selling, Pulitzer Prize-winning "Battle Cry of Freedom"; Edwin C. Bearss, National Park Service; Dr. Edward C. Ezell, Smithsonian Institution; Craig L. Symonds, U.S. Naval Academy; Col. Robert A. Doughty, USA, U.S. Military Academy; Col. Larry H. Addington, The Citadel; and Lt. Col. Keith E. Gibson, Virginia Military Institute.

Narrated by Richard Dreyfuss.

Readings by: Charlton Heston *Abraham Lincoln*, Richard Dreyfuss *Gen. Grant*, Burt Reynolds *Jefferson Davis*, Dennis Weaver *Gen. Lee*, Ossie Davis *Frederick Douglass*, Peter Graves *Gen. Sherman and McClellan*, Brian Keith *Gen. J.E. Johnston and Sheridan*, Hoyt Axton *Gen. John B. Gordon*, Burgess Meredith *John Brown and Adm. Farragut*, Trish Van Devere *Clara Barton* and Jessye Norman singing "The Battle Hymn of the Republic."

Smithsonians Great Battles Vol 7:

Bowker's Complete Video Directory ,2000 **Air & Space Smithsonian** ,2011 **The New Republic** Herbert David Croly,1997 Annual Report of the Board of Regents of the Smithsonian Institution Smithsonian Institution. Board of Regents,1893 *Annual Report of the Board of Regents of the Smithsonian Institution* Smithsonian Institution,1896

Russian Colonization of Alaska Andrei Val'terovich Grin'ev,2018-11 In *Russian Colonization of Alaska* Andrei Val terovich Grin v examines the sociohistorical origins of the former Russian colonies in Alaska or Russian America between 1741 and 1799 Beginning with the Second Kamchatka Expedition of Vitus Ivanovich Bering and Aleksei Ilyich Chirikov s discovery of Alaska and the Aleutian Islands and ending with the formation of the Russian American Company s monopoly of the Russian colonial endeavor in the Americas *Russian Colonization of Alaska* offers a definitive revisionist examination of Tsarist Russia s foray into the imperial contest in North America *Russian Colonization of Alaska* is the first comprehensive study to analyze the origin and evolution of Russian colonization based on research into political economy history and ethnography Grin v s study elaborates the social political spiritual ideological personal and psychological aspects of Russian America He also accounts for the idiosyncrasies of the natural environment competition from other North American empires Alaska Natives and individual colonial diplomats The colonization of Alaska rather than being simply a continuation of the colonization of Siberia by Russians was instead part of overarching Russian and global history *Contesting Art* Jeremy MacClancy,2020-08-27 Art is a major political weapon of our times Today peoples around the world use art to boost their own identity and to attack the ways others represent them At a time of increasing intercultural exchange art has become a primary means through which groups reinforce their challenged sense of culture This pioneering book breaks with the tradition of the anthropology of art as the depoliticized study of aesthetics in exotic settings *Transcending artificial distinctions between the West and the Rest* it examines the increasingly significant relations among art identity and politics in the modern world Among the themes investigated by the contributors how African painters undermine racist stereotypes yet remain dominated by the Western art market the role of anthropology museums in the perpetuation of the Western market in tribal art the internal and external political disputes underlying the repatriation of cultural property **The Red River Campaign and Its Toll** Henry O. Robertson,2016-04-27 The Red River Campaign in the spring of 1864 was one of the most destructive of the Civil War The agricultural wealth of the Red River Valley tempted Union General Nathaniel P Banks to invade with 30 000 troops in an attempt to seize control of the river and confiscate as much cotton as possible from local plantations After three months of chaos during which the countryside was destroyed and many slaves freed themselves Banks was defeated by a smaller Confederate force under General Richard Taylor This book takes a fresh look at the fierce battles at Mansfield and Pleasant Hill the Union army s escape from Monett s Ferry and the burning of Alexandria and explains the causes and consequences of the war in Central Louisiana General Emory Upton in the Civil War Robert N.

Thompson,2020-01-17 Considered by many to be the architect of the modern U S Army Union General Emory Upton commanded troops in almost every major battle of the Civil War s Eastern Theater Witnessing some of the war s bloodiest engagements convinced him of the need for comprehensive reform in military organization professionalism education tactics and personnel policies From the end of the war to his 1881 death by suicide Upton led an effort to modernize U S military culture While much has been written about the politics of his reform campaign this book details his wartime experiences and how they informed his intense fervor for change *Smithsonian Miscellaneous Collections* ,1912 **Troubled Times**

David W. Frayer,Debra L. Martin,2014-05-01 Evidence amassed in *Troubled Times* indicates that much like in the modern world violence was not an uncommon aspect of prehistoric dispute resolution From the civilizations of the American Southwest to the Mesolithic of Central Europe the contributors examine violence in hunter gatherer as well as state societies from both the New and Old Worlds Drawing upon cross cultural analyses archaeological data and skeletal remains this collection of papers offers evidence of domestic violence homicide warfare cannibalism and ritualized combat among ancient peoples Beyond the physical evidence various models and explanations for violence in the past are explored An Introduction to Native North America Mark Q. Sutton,2016-07-28 An Introduction to Native North America provides a basic introduction to the Native Peoples of North America covering what are now the United States northern Mexico and Canada It covers the history of research basic prehistory the European invasion and the impact of Europeans on Native cultures A final chapter covers contemporary Native Americans including issues of religion health and politics In this updated and revised new edition Mark Q Sutton has expanded and improved the existing text as well as adding a new case study updated the text with new research and included new perspectives particularly those of Native peoples Featuring case studies of several tribes as well as over 60 maps and images An Introduction to Native North America is an indispensable tool to those studying the history of North America and Native Peoples of North America The Bookseller ,1912 **How Fighting Ends** Holger Afflerbach,Hew Strachan,2012-07-26 There are many histories of how wars have begun but very few which discuss how they have ended This book fills that gap Beginning with the Stone Age and ending with globalized terrorism it addresses the specific issue of surrender rather than the subsequent establishment of peace At its heart is the individual warrior or soldier and his or her decision to lay down arms In the ancient world surrender led in most cases to slavery but a slave still lived rather than died In the modern world international law gives the soldiers rights as prisoners of war and those rights include the prospect of their eventual return home But individuals can surrender at any point in a war and without having such an effect that they end the war The termination of hostilities depends on a collective act for its consequences to be decisive It also requires the enemy to accept the offer to surrender in the midst of combat In other words like so much else in war surrender depends on reciprocity on the readiness of one side to stop fighting and of the other to accept that readiness This volume argues that surrender is the single biggest contributor to the containment of violence in warfare offering the

vanquished the opportunity to survive and the victor the chance to show moderation and magnanimity Since the rules of surrender have developed over time they form a key element in understanding the cultural history of warfare First Peoples in a New World David J. Meltzer, 2009-05-27 More than 12 000 years ago in one of the greatest triumphs of prehistory humans colonized North America a continent that was then truly a new world Just when and how they did so has been one of the most perplexing and controversial questions in archaeology This dazzling cutting edge synthesis written for a wide audience by an archaeologist who has long been at the center of these debates tells the scientific story of the first Americans where they came from when they arrived and how they met the challenges of moving across the vast unknown landscapes of Ice Age North America David J Meltzer pulls together the latest ideas from archaeology geology linguistics skeletal biology genetics and other fields to trace the breakthroughs that have revolutionized our understanding in recent years Among many other topics he explores disputes over the hemisphere s oldest and most controversial sites and considers how the first Americans coped with changing global climates He also confronts some radical claims that the Americas were colonized from Europe or that a crashing comet obliterated the Pleistocene megafauna Full of entertaining descriptions of on site encounters personalities and controversies this is a compelling behind the scenes account of how science is illuminating our past

The Bookseller and the Stationery Trades' Journal ,1887 Official organ of the book trade of the United Kingdom

The Meanest and 'Damnest' Job Michael P. Rucker, 2019-08-01 Most Civil War histories focus on the performance of top level generals However it was the individual officers below them who actually led the troops to enact the orders Some of these were remarkably effective One such officer was Edmund Winchester Rucker He was a force to be reckoned with both during the Civil War and in his post war business ventures He was courageous tough and resourceful and achieved significant results in every assignment During the campaign by the United States Army to capture the upper Mississippi River Rucker and his faithful Confederate artillerists with only three operable cannons held off the entire Federal fleet which possessed 105 heavy guns Later in East Tennessee Rucker s duties included punishing saboteurs and conscripting unwilling local citizens into the Confederate Army He described these assignments as The meanest and damnest sic duty a soldier had to perform Following the battles for Chattanooga he served with General Nathan Bedford Forrest as a cavalry brigade commander earning high merits for his performance Rucker s leadership was a major factor in the Confederate victory in the Battle of Brices Cross Roads which has been called History s Greatest Cavalry Battle Subsequent to the Battle of Nashville Rucker was wounded and captured although his left arm was amputated this did not impede his future achievements After the war Colonel Rucker and General Forrest became business partners in a railroad building project Rucker did well from this venture and became one of the wealthiest early entrepreneurs in Birmingham In recognition of his many accomplishments Fort Rucker Alabama was named in his honor This first biography on his life examines at a fast moving pace the military and business accomplishments of this outstanding leader who left his mark on

both the Civil War and Southern industry of the time Of Arms and Men Robert L. O'Connell,1990-04-19 The appearance of the crossbow on the European battle field in A D 1100 as the weapon of choice for shooting down knights threatened the status quo of medieval chivalric fighting techniques By 1139 the Church had intervened outlawing the use of the crossbow among Christians With this edict arms control was born As Robert L O Connell reveals in this vividly written history of weapons in Western culture that first attempt at an arms control measure characterizes the complex and often paradoxical relationship between men and arms throughout the centuries In a sweeping narrative that ranges from prehistoric times to the nuclear age O Connell demonstrates how social and economic conditions determine the types of weapons and the tactics used in warfare and how in turn innovations in weapons technology often undercut social values He describes for instance how the invention of the gun required a redefinition of courage from aggressive ferocity to calmness under fire and how the machine gun in World War I so overthrew traditional notions of combat that Lord Kitchener exclaimed This isn t war The technology unleashed during the Great War radically altered our perceptions of ourselves as these new weapons made human qualities almost irrelevant in combat With the invention of the atomic bomb humanity itself became subservient to the weapons it had produced Of Arms and Men brilliantly integrates the evolution of politics weapons strategy and tactics into a coherent narrative one spiced with striking portraits of men in combat and penetrating insights into why men go to war

Bookseller ,1887 Vols for 1871 76 1913 14 include an extra number The Christmas bookseller separately paged and not included in the consecutive numbering of the regular series **General George H. Thomas** Robert P. Broadwater,2009-06-08 One of the Civil War s most successful generals is heralded by military historians but never achieved the lasting fame of Grant Lee Jackson or Sherman George Thomas s Southern birth the ambition of fellow officers and his action in the less publicized Western Theater combined to keep him from attaining recognition This comprehensive biography focuses on the military career that covered such battlegrounds as Chickamauga Missionary Ridge and Nashville as well as the political maneuvers that kept Thomas out of the spotlight

Whispering the Techniques of Language: An Psychological Journey through **Smithsonians Great Battles Vol 7**

In a digitally-driven earth wherever monitors reign great and quick interaction drowns out the subtleties of language, the profound secrets and emotional nuances concealed within phrases usually get unheard. However, nestled within the pages of **Smithsonians Great Battles Vol 7** a interesting fictional prize blinking with fresh emotions, lies a fantastic journey waiting to be undertaken.
