Smoke In The Wind:

Smoke in the Wind Robyn Donald, 1987 **Smoke in the Wind** Kenneth Perkins, 1933 *Chasing the Wind* Noga Morag-Levine, 2009-01-10 The Federal Clean Air Act of 1970 is widely seen as a revolutionary legal response to the failures of the earlier common law regime which had governed air pollution in the United States for more than a century Noga Morag Levine challenges this view highlighting striking continuities between the assumptions governing current air pollution regulation in the United States and the principles that had guided the earlier nuisance regime Most importantly this continuity is evident in the centrality of risk based standards within contemporary American air pollution regulatory policy Under the European approach by contrast the feasibility based technology standard is the regulatory instrument of choice Through historical analysis of the evolution of Anglo American air pollution law and contemporary case studies of localized pollution disputes *Chasing the Wind* argues for an overhaul in U S air pollution policy This reform following the European model would forgo the unrealizable promise of complete perfectly tailored protection a hallmark of both nuisance law and the Clean Air Act in favor of incremental across the board pollution reductions The author argues that prevailing critiques of technology standards as inefficient and undemocratic instruments of command and control fit with a longstanding pattern of American suspicion of civil law modeled interventions This distrust she concludes has impeded the development of environmental regulation that would be less adversarial in process and more equitable in outcome **Technical Manual** United States Department of the Army, 1969 Sphere Behavior and the Measurement of Wind Profiles James R. Department of the Army,1969 **The Materialities of Greek Tragedy** Mario Telò,Melissa Mueller,2018-06-14 Situated within contemporary posthumanism this volume offers theoretical and practical approaches to materiality in Greek tragedy Established and emerging scholars explore how works of the three major Greek tragedians problematize objects and affect providing fresh readings of some of the masterpieces of Aeschylus Sophocles and Euripides The so called new materialisms have complemented the study of objects as signifiers or symbols with an interest in their agency and vitality their sensuous force and psychosomatic impact and conversely their resistance and irreducible aloofness At the same time emotion has been recast as material affect an intense flow of energies between bodies animate and inanimate Powerfully contributing to the current critical debate on materiality the essays collected here destabilize established interpretations suggesting alternative approaches and pointing toward a newly robust sense of the physicality of Greek tragedy *Power* ,1927 **State Of New York Supreme Court Appellate Division- Fourth Department** , *Petrarch's Penitential Psalms and Prayers* Francesco Petrarca,2024-05-15 The first English translation of Petrarch s Psalms and Prayers provides an intimate look at the personal devotions of the Father of Humanism Throughout Petrarch s work there is an undercurrent of tension between the secular and the sacred In this captivating new translation of the Psalms and the Prayers Demetrio Yocum turns to a previously overlooked area of Petrarchan studies to open a window on the scholar s innermost religious thoughts Petrarch s Psalms and Prayers are intricately crafted poetic and devotional works presented in facing Latin English format In his extensive introduction and commentary Yocum situates these bold original compositions within their historical literary and religious contexts deftly drawing connections to classical texts the Bible and the writings of the church fathers and Petrarch s own life work and

poetics This remarkable first ever English translation of the Psalms and Prayers helps to reconcile Petrarch's classical humanism with his devout deeply personal Christianity Professional Papers of the Signal Service United States. Army. Signal Corps, 1884
