Star-land: Being Talks With Young People About the Wonders of the Heavens Robert S. Ball, 2021-11-05 In *Star-land: Being Talks With Young People About the Wonders of the Heavens*, Robert S. Ball presents a captivating exploration of the cosmos specifically designed for a younger audience. Using an accessible and engaging prose style, Ball intertwines scientific rigor with poetic wonder, effectively demystifying astronomy for the curious minds of his readers. The work not only serves as an introduction to celestial phenomena but also positions the universe within the broader context of Victorian scientific thought, reflecting the period's burgeoning interest in both astronomy and education for the youth. Robert S. Ball was not only a prominent astronomer but also a skilled educator who understood the importance of inspiring the next generation through accessible knowledge. His experiences at the Royal Observatory combined with his fascination for the stars fueled his desire to write in a manner that was relatable to children. This passion for teaching and disseminating astronomical knowledge drives the narrative of *Star-land*, making complex ideas graspable and stimulating. This book is a must-read for educators, parents, and young readers alike, as it artfully ignites curiosity about the universe. Ball's blend of wonder and education serves as a vital bridge, encouraging a lifelong fascination with the stars and providing a strong foundation for future scientific inquiry.

The Four Fundamentals of Smoking Chris Sussman, 2021-05-25 *The Simplest Way to Cook Better BBQ With Techniques for Traeger, Weber, and Big Green Egg Smokers* For many, learning how to cook great BBQ is a journey that spans years and even decades, often including cooking a lot of bad BBQ along the way. Wouldn't it be nice to have a pit master right there in your backyard to coach you through each cook to achieve perfectly tender, juicy meat every single time? Chris Sussman is here to help. During his own BBQ journey, Chris discovered that four fundamental principles have the most impact on whether the meat comes out tasting succulent, tender, and pleasantly smokey or dry, rubbery, and bland. These are: 1. building the right fire with the right fuel, 2. controlling humidity to infuse smoke flavor throughout the meat, 3. managing the ideal BBQ Zone temperature range on the three most popular brands of smokers, and 4. recognizing the visual and touch cues that indicate when the meat is ready to pull from the smoker. Hint: it's about way more than cooking to a certain internal temperature. Understand and properly execute the nuances of each step, and you will be able to get the results you want with each cook. Chris will show you how. Packed with photographs, tutorials, pro tips, helpful reference charts, and a complete illustrated tutorial that walks you step by step through a whole packer brisket, this book has

the answers to all of your BBQ questions Chris also shares 50 simple yet unique recipes and a full page photograph for each one to showcase these principles at work in delicious ways Featured recipes include Bourbon Glazed Smoked Baby Back Ribs North Carolina Style Pulled Pork Pork Belly Burnt Ends Sichuan Style No Wrap Smoked Beef Short Ribs and Habanero and Mango Glazed Chicken Wings Bring this book out to your smoker and enjoy the journey **Weekly World News**
