Studies In Medieval Renaissance H Volume 1:

A Reference Guide for English Studies Michael J. Marcuse, 1990-01-01 This text is an introduction to the full range of standard reference tools in all branches of English studies More than 10 000 titles are included The Reference Guide covers all the areas traditionally defined as English studies and all the field of inquiry more recently associated with English studies British and Irish American and world literatures written in English are included Other fields covered are folklore film literary theory general and comparative literature language and linguistics rhetoric and composition bibliography and textual criticism and women s studies

Studies in Medieval and Renaissance History William M. Bowsky (ed), 1964

The Preservation of Jewish Religious Books in Sixteenth-Century Germany: Johannes Reuchlin's Augenspiegel Daniel O'Callaghan, 2012-11-09 Johannes Reuchlin's Augenspiegel 1511 was a radical political publication aimed to preserve Jewish books from destruction and the consequent loss of irreplaceable knowledge This first complete and extensively annotated translation provides an insight into the authorities attitude to Judaism in Early Modern Germany

[A History of Preaching Volume 1](#) Rev. O.C. Edwards JR., 2016-04-25 A History of Preaching brings together narrative history and primary sources to provide the most comprehensive guide available to the story of the church's ministry of proclamation Bringing together an impressive array of familiar and lesser known figures Edwards paints a detailed compelling picture of what it has meant to preach the gospel Pastors scholars and students of homiletics will find here many opportunities to enrich their understanding and practice of preaching Volume 1 contains Edwards's magisterial retelling of the story of Christian preaching's development from its Hellenistic and Jewish roots in the New Testament through the late twentieth century's discontent with outdated forms and emphasis on new modes of preaching such as narrative Along the way the author introduces us to the complexities and contributions of preachers both with whom we are already acquainted and to whom we will be introduced here for the first time Origen Chrysostom Augustine Bernard Aquinas Luther Calvin Wesley Edwards Rauschenbusch Barth all of their distinctive contributions receive careful attention Yet lesser known figures and developments also appear from the ninth century reform of preaching championed by Hrabanus Maurus to the reference books developed in the thirteenth and fourteenth centuries by the mendicant orders to assist their members preaching to Howell Harris and Daniel Rowlands preachers of the eighteenth century Welsh revival to Helen Kenyon speaking as a layperson at the 1950 Yale Beecher lectures about the view of preaching from the pew Volume 2 available separately as 9781501833786 contains primary source material on preaching drawn from the entire scope of the church's twenty centuries The author has written an introduction to each selection placing it in its historical context and pointing to its particular contribution Each chapter in Volume 2 is geared to its companion chapter in Volume 1's narrative history Ecumenical in scope fair minded in presentation appreciative of the contributions that all the branches of the church have made to the story of what it means to develop deliver and listen to a sermon A History of Preaching will be the definitive resource for anyone who wishes to preach or to understand

preaching's role in living out the gospel This work is expected to be the standard text on preaching for the next 30 years says Ann K Riggs who staffs the NCC's Faith and Order Commission Author Edwards former professor of preaching at Seabury Western Theological Seminary is co moderator of the commission which studies church uniting and church dividing issues A History of Preaching is ecumenical in scope and will be relevant in all our churches we all participate in this field says Riggs from EcuLink Number 65 Winter 2004 2005 published by the National Council of Churches **Humanities**,1997

Continuations to Sidney's Arcadia, 1607-1867, Volume 1 Marea Mitchell,Ann Lange,Dianne Osland,2024-08-01 Sir Philip Sidney's Arcadia has held a significant place in literary imagination since its inception over 430 years ago Our four volume set presents five re imaginings of the text as well as two short supplements that attempt to bridge the gap between Sidney's original and revised versions of the work **Humanities** National Endowment for the Humanities,1995 *Women and the Book Trade in Sixteenth-Century France* Susan Broomhall,2018-11-07 Focusing on the vastly understudied area of how women participated in the book trades not just as authors but also as patrons copyists illuminators publishers editors and readers Women and the Book Trade in Sixteenth Century France foregrounds contributions made by women during a period of profound transformation in the modes and understanding of publication Broomhall asks whether women's experiences as authors changed when manuscript circulation gave way to the printed book as a standard form of publication Innovatively she broadens the concept of publication to include methods of scribal publication through the circulation and presentation of manuscripts and expands notions of authorship to incorporate a wide sample group of female writers and publishing experiences She challenges the existing view that manuscript offered a safe means of semi public exposure for female authors and explores its continuing presence after the introduction of print The study introduces a wide and rich range of unexamined sources on early modern women using an extensive range of manuscripts and the entire corpus of women's printed texts in sixteenth century France Most of the original texts uncovered during the author's own extensive archival and bibliographical research have never been re published in modern French Most of the citations from them are here translated into English for the first time The work presents the only checklist of all known women's writings in printed texts from prefaces and laudatory verse to editions of prose and poetry between 1488 and 1599 Women and the Book Trade in Sixteenth Century France constitutes the most comprehensive assessment of women's contribution to contemporary publishing yet available Broomhall's innovative approach and her conclusions have relevance not only for book historians and French historians but for a broad range of scholars who work with other European literatures and histories as well as women's studies *A History of the Church in the Middle Ages* F. Donald Logan,2013 Conceptually well organized stylistically clear intellectually thoughtful and pedagogically useful Thomas Head Speculum For its humane and learned approach to its enormous canvas as well as for the cogency with which it penetrates at speed to the essentials of a vanished historical epoch this History of the Church in the Middle Ages deserves a very wide audience indeed Barrie Dobson English Historical Review

To have written a scholarly and very readable history of the Western Church over a millennium is a remarkable tour de force for which Donald Logan is to be warmly congratulated C H Lawrence The Tablet A feat of historical synthesis most confident in its telling of the coming of Christianity Books like Logan s are needed more than ever before Miri Rubin TLS In this fascinating survey F Donald Logan introduces the reader to the Christian church from the conversion of the Celtic and Germanic peoples to the discovery of the New World He reveals how the church unified the people of Western Europe as they worshipped with the same ceremonies and used Latin as the language of civilized communication From remote rural parish to magnificent urban cathedral A History of the Church in the Middle Ages explores the role of the church as a central element in determining a thousand years of history This new edition brings the book right up to date with recent scholarship and includes an expanded introduction exploring the interaction of other faiths particularly Judaism and Islam with the Christian church

Never the Twain Shall Meet? Denis Searby, 2017-12-18 This volume explores the theme of Latin and Greek mutual learning intellectual and cultural interchange in the final age of Byzantium 1261-1453 challenging received conceptions of East and West as clearly delineated ideological categories The reception of Thomas Aquinas and Western scholasticism receives emphasis but also other forms of philosophical and theological frames of reference that have had lasting repercussions
