Studies In Leading And Organizing Schools:

Studies in Leading and Organizing Schools Cecil Miskel, Wayne K. Hoy, 2003-04-01 This volume provides a mix of beginning and established scholars and a range of theoretical perspectives Eight separate but related analyses were selected for publication this year The book begins with a chapter by Sims and Miskel which examines national reading policy as part of a broader federal government agenda on children s literacy Using a model of punctuated equilibrium they trace the peaks of congressional and media attention to literacy Their findings reveal that the broad level of literacy has remained a rather active and durable policy issue for more than three decades When however the analysis shifts to different targets that is from elementary and secondary school students to adults and youth to LEP individuals there are distinct patterns of punctuation and equilibrium The researchers conclude that the specific issue of children s literacy in the 1990s is the latest version or episode of literacy policy produced by shifting images and venues

Achieving Evidence-Informed Policy and Practice in Education Chris Brown, 2017-11-27 This book provides an overview of research and ideas in relation to evidence informed policy and practice EIPP in education The chapters all share a single overarching purpose providing insight into how EIPP in education can be achieved The result is a powerful account of Brown s recent work

Trust and School Life Dimitri Van Maele, Patrick B. Forsyth, Mieke Van Houtte, 2014-01-31 This book samples recent and emerging trust research in education including an array of conceptual approaches measurement innovations and explored determinants and outcomes of trust The collection of pathways explores the phenomenon of trust and establishes the significance of trust relationships in school life It emboldens the claim that trust merits continued attention of both scholars and practitioners because of the role it plays in the production of equity and excellence Divided into four parts the book explores trust under the rubrics of learning teaching leading and bridging The book proposes a variety of directions for future research These include the simultaneous investigation of trust from the prospectives of various trusters and at both the individual and group levels longitudinal research designs and an elaboration of methods
