Studies In Thomistic Theology Centre For Thomistic Studies:

Studies in Thomistic Theology Paul Lockey, Paul Hahn, Janusz Artur Ihnatowicz, John R. Sommerfeldt, 1995-01-01

Employing such topics as methodology ontology anthropology eschatology and morality the contributors to this book draw upon premises from philosophy to serve theological ends By so doing they widen the domain of theology in just the way that Thomas Aquinas himself did **The Oxford Handbook of the Reception of Aquinas** Matthew Levering, Marcus

Plested, 2021-01-14 The Oxford Handbook of the Reception of Aquinas provides a comprehensive survey of Catholic Orthodox and Protestant philosophical and theological reception of Thomas Aquinas over the past 750 years This Handbook will serve as a necessary primer for everyone who wishes to study Aquinas s thought and or the history of theology and philosophy since Aquinas s day Part I considers the late medieval receptions of Aquinas among Catholics and Orthodox Part II examines sixteenth century Western receptions of Aquinas Protestant and Catholic followed by a chapter on sixteenth and seventeenth century Orthodox reception Part III discusses seventeenth century Protestant and Catholic receptions and Part IV surveys eighteenth and nineteenth century receptions Protestant Orthodox and Catholic Part V focuses on the twentieth century and takes into account the diversity of theological movements in the past century as well as extensive philosophical treatment The final section unpicks contemporary systematic approaches to Aquinas covering the main philosophical and theological themes for which he is best known With chapters written by a wide range of experts in their respective fields this volume provides a valuable touchstone regarding the developments that have marked the past seven centuries of Christian theology

Ressourcement Thomism Romanus Cessario, 2010 The essays in this volume explore three areas in which St Thomas Aquinas s voice has never fallen silent sacred doctrine the relationship of sacraments and metaphysics and the central role of virtue in moral theology **Centre for Thomistic Studies, Inc** , Presents the Centre for Thomistic Studies Inc in Sydney

Australia The center offers courses on Catholic Church teachings based on the philosophy and theology of Saint Thomas Aquinas Posts contact information via mailing address telephone number and e mail Highlights course dates the course programs and an online quiz Contains selected articles on topics of related interest **Islamic Philosophy of Religion**

Mohammad Saleh Zarepour, 2023-12-05 This volume focuses on Islamic philosophy of religion with a range of contributions from analytic perspectives It opens with methodological discussions on the relationship between the history of Islamic philosophy and contemporary analytic philosophy The book then offers a philosophical examination of some specific Islamic beliefs as well as some approaches to general beliefs that Islam shares with other religions The chapters address a variety of topics from the existence and attributes of God through to debates on science and religion The authors are predominantly scholars from Muslim backgrounds who tackle philosophical issues concerning Islam as their own living religion representing internal perspectives that have never been vocal in analytic philosophy of religion so far This is valuable reading for scholars and students of philosophy theology and religious studies *Aquinas the Augustinian* Michael Dauphinais, Barry

David, Matthew Levering, 2007-09 The influence of St Augustine's thought upon that of St Thomas Aquinas is well known. With the exception of particular philosophical controversies however relatively little research has been done in this area. In summaries of medieval theology Aquinas is often seen as a follower of Aristotle over the traditional Augustinians of his day. Against this emphasis on Aristotle the influence upon Aquinas of such thinkers as Pseudo Dionysius has been highlighted in recent research. While happily granting the influence of such figures as Aristotle and Pseudo Dionysius this book explores the impact of Augustine's thought on Aquinas's theology, philosophy and biblical exegesis. The result is an enrichment of our understanding of Aquinas's contributions and a renewed awareness of his extraordinary indebtedness to his fifth century teacher. The book is composed of eleven essays by an international group of renowned scholars from the United States, England, Switzerland, Holland and Italy. The contributors are Gilles Emery, O. P., Harm Goris, Wayne Hankey, Mark Johnson, Matthew Lamb, Matthew Levering, Guy Mansini, O. S. B., Bruce D. Marshall, John O. Callaghan, John Rist and Michael Sherwin, O. P.

ABOUT THE EDITORS Michael Dauphinais and Matthew Levering are associate professors of theology at Ave Maria University. Barry David is associate professor of philosophy at Ave Maria. Dauphinais and Levering are coauthors of *Knowing the Love of Christ: An Introduction to the Theology of St Thomas Aquinas* and *Holy People, Holy Land: A Theological Introduction to the Bible*. Both are coeditors of *Reading John with St Thomas Aquinas*. Levering is also author of *Sacrifice and Community: Jewish Offering and Christian Eucharist*, *Scripture and Metaphysics* as well as *Christ's Fulfillment of Torah and Temple*.

PRAISE FOR THE BOOK In this substantive collection scholars principally with theological leanings provide a rich array of analyses of various aspects of the oft-muddled relationship between the bishop of Hippo and the friar from Roccasecca. What is significant is that it brings together the work of both established philosophers and theologians including scholars from western Europe and the United States and of younger scholars. It is a rich and rewarding mixture which begins with a substantive introduction providing the reader with a suitable roadmap indicating the direction taken by the contributors. This anthology is highly recommended. Anthony J. Lisska, *Journal of Ecclesiastical History*. The present volume represents a refreshing and healthy exploration of various ways in which Aquinas was indebted to or stood in relation to Augustine. The level of the scholarly contributions is high and they present some very enlightening perspectives on Augustine and Aquinas while respecting their considerable differences. All told the volume makes a fine contribution to the appreciation of the two thinkers who were the most influential on the formation of Christian and Catholic philosophy and theology in the history of Western Christianity. Roland J. Teske, S. J., *American Catholic Philosophical Quarterly*. This collection of essays clarifies general divergences from and concurrences of St Thomas with Augustine. The divergences do not follow a simple Aristotelian versus Augustinian divide. This volume dispels this idea and provides guiding insights into Augustinian-Thomistic renewal of biblical exegesis and the theologies and philosophies of the Trinity, *imago dei*, love and other crucial topics. Andrew Jaspers, S. J., *Maritain Notebook*. A stimulating volume. This volume makes good on the editors' stated goal of deepening our

knowledge of the nature of Aquinas's reception of Augustine. Indeed these essays provide a fascinating window into the dynamics of theologic.

The Oxford Handbook of Catholic Theology Lewis Ayres, Medi Ann Volpe, Thomas L. Humphries (Jr.), 2019. This Handbook provides an introduction to all the major aspects of Catholic theology. Dictionary of Theologians Jonathan Hill, 2010-03-25. An exhaustive guide to every significant Christian theologian who lived from the first century to 1308, the year in which John Duns Scotus died. The dictionary encompasses the Catholic, Orthodox, Nestorian, and Monophysite traditions, including information not previously available in English. Thoroughly indexed, the dictionary incorporates common variants of names and concepts which will help and direct the reader. The main criterion for inclusion has been contribution to the development of Christian theology. Sub-criteria by which that is measured include above all originality and influence on later figures. With over 290 entries, the dictionary provides a handy summary of theologians' lives and writings together with recent scholarship as well as an up-to-date definitive bibliography listing primary texts, translations, and secondary literature in the major Western European languages. Useful for all levels of academia, no other text matches the depth of the dictionary's bibliographies. The unprecedented thoroughness of Hill's compilation provides an essential resource for studies at all levels on such a large and varied range of Church thinkers.

Answering the Music Man B. Kyle Keltz, Tricia Scribner, 2020-05-29. Dan Barker, ex-preacher and co-founder of the Freedom From Religion Foundation, travels widely arguing in debates and speaking on his beliefs that Christianity is false, God does not exist, and the Bible is filled with errors and mythology. He has been touted as one of America's leading atheists. Yet close examination of his arguments shows that Barker's reasons for disbelief are poorly reasoned and miss the mark as they are aimed at a mistaken caricature of Christian theism. *Answering the Music Man* exposes Barker's misunderstandings of Christianity and provides compelling answers to Barker's arguments.
