Study Of Joseph Fuchs Writings On Human Nature And Morality:

A Study of Joseph Fuch's Writings on Human Nature and Morality David M. O'Leary, 2005-03-31 Josef Fuchs S J is one of the most respected Moral Theologians in the Roman Catholic Church today He has spent a lifetime of teaching future priests and laity at the Gregorian University in Rome and throughout the world This study of his writings on the human person and morality is meant as an introduction to a new generation of people Fuchs perspective on human nature allows one to discover the rich history of moral theology in the Roman Catholic Church past and present The first part of the book shows Fuchs understanding and dynamic view of human nature In order to understand his view of morality one needs to clearly see his view of human nature and the underlying issues of basic freedom and basic conscience The second part of the book shows the type of morality Fuchs offers within his understanding of human nature Issues that are addressed are God s salvation in Jesus the Christ as the foundation for a genuine morality natural law and moral norms human acts and their values and fundamental option *Introduction to Catholic Theological Ethic* Salzman, Todd A., Lawler, Michael G., 2019-05-22 Two renowned award winning authors in the field of virtue and sexual ethics introduce and then apply their ethical method to such topics as relativism ecology bioethics sexual ethics and liberation theology The result is a foundational text for undergraduate courses in Catholic theological ethics From What We Should Do to Who We Should Be Benedict Chidi Nwachukwu-Udaku, 2011-08-05 HIV AIDS constitutes a global problem A good number of scholars from different nationalities multiple rationalities religious sensibilities theological intelligibilities and ethical cultural and ecclesiastical backgrounds have affirmed that this worldwide quagmire constitutes a global health problem and social malady which does not have a well defined geographically limited spread The global nature of HIV AIDS as seen in the statistics does not however undermine the fact that the effects of this sickness are not felt proportionally from one nation to another This book proposes to situate the local as a veritable site of empowerment for communities dealing with HIV AIDS as it is the case with the African continent The author of this book over and above the way the problem of HIV AIDS has been constructed projected and reviewed decided to situate this epidemic of the 20th Century within the socio cultural and political context of the Nigerian nation with particular reference to the Igbo people The task of contextualizing this problem reveal the identity of the author as an Igbo and as a theologian who engages the indigenous ethical principles unsophisticated traditional wisdom cultural and religious values of his people in offering solutions that resonate the cultural identity of his people in dialogue with modern and post modern constructs Protestant and Roman Catholic Ethics James M. Gustafson, 1978 If Catholic and Protestant ethicists were asked to name a single theologian who was qualified to write a comprehensive overview of the historical divergences of Catholic and Protestant positions on ethical questions the bases for those divergences in fundamentally different philosophical and theological perspectives and the possibilities for future convergences of the traditions my guess is that James Gustafson would be the one This brilliant and tightly argued book will be the most important book on moral

theology to appear this year John Coleman National Catholic Reporter **Heterosexism** Patricia Beattie Jung, Professor of Christian Ethics and Oubri a Poppele Professor of Health and Welfare Ministries Patricia Beattie Jung, Ph.D., Ralph F. Smith, 1993-01-01 Pleidooi voor een nieuwe christelijke seksuele ethiek die niet is gebaseerd op heteroseksistische vooroordelen *A Free Society Reader* Michael Novak, William Brailsford, Cornelis Heesters, 2000-01-01 A Free Society Reader rises to the challenge of freedom in the twenty first century offering thoughts and insights with significant implications for citizens of today s brand new world Our era s most prominent figures in the fields of Christianity and liberty speak about Pope John Paul II s vision of a free society conceptualize Christianity and political economy debate issues of democracy and the free society and question the role of culture Together for the first time in one volume these preeminent thinkers provide inspiration and insight to scholars students and general readers charting the enormous changes the new millennium has seen **Christian Ethics and Commonsense Morality** Kevin Jung, 2014-11-27 Christian Ethics and Commonsense Morality goes against the grain of various postmodern approaches to morality in contemporary religious ethics In this book Jung seeks to provide a new framework in which the nature of common Christian moral beliefs and practices can be given a new meaning He suggests that once major philosophical assumptions behind postmodern theories of morality are called into question we may look at Christian morality in quite a different light On his account Christian morality is a historical morality insofar as it is rooted in the rich historical traditions of the Christian church Yet this kind of historical dependence does not entail the evidential dependence of all moral beliefs on historical traditions It is possible to argue for the epistemic autonomy of moral beliefs according to which Christian and other moral beliefs can be justified independently of their historical sources The particularity of Christian morality lies not in its particular historical sources that also function as the grounds of justification but rather in its explanatory and motivational capacity to further articulate the kind of moral knowledge that is readily available to most human beings and to enable people to act upon their moral knowledge The Contemporary Theologians , 2006 This work is an attempt to learn about and learn from fifty prominent contemporary theologians tracing trends and discerning directions in today s theological landscape The new priests of St Joseph Pontifical Seminary Alwaye of the year 2006 2007 are the primary contributors to this volume **New Directions in Ethics** Joseph P. DeMarco, Richard M. Fox, 2020-07-21 Originally published in 1986 this book examines the extent to which existing ethical theory can provide an adequate framework for the resolution of practical moral issues The contributors all leading moral philosophers provide an authoritative and comprehensive account of developments in ethical theory with emphasis on issues in applied ethics They explain the dominant ethical theories survey major field of applied ethics and speculate about the future of ethics *Diverse Voices in Modern US Moral Theology* Charles E. Curran, 2019-02-15 In Charles E Curran s latest book *Diverse Voices in Modern US Moral Theology* he presents the diverse voices of US Catholic moral theologians from the mid twentieth century to the present The book discusses eleven key individuals in the development and evolution of moral

theology as well as the New Wine New Wineskins movement This diversity which differs from the monolithic understanding of moral theology that prevailed until recently comes from the diverse historical circumstances or *Sitz im Leben* of the authors Each of these theologians developed her or his approach in light of these circumstances and in response to shifts in the three audiences of moral theology the Church the academy and the broader society By exploring this diversity Curran recognizes the deep divisions that exist within Catholic moral theology between the so called liberal and conservative approaches and acknowledges the need for greater dialogue between them providing a deeper understanding of the methods and approaches of these significant figures This new book from a major figure in the field will be an important resource for students and scholars of US Catholic moral theology and for anyone seeking to understand the current state of moral theology in America today
