A Tall History of Sugar Curdella Forbes, 2025-07-01. A haunting epic Caribbean love story reminiscent of Garcia Marquez's *Love in the Time of Cholera*. Winner of the 2020 Hurston Wright Legacy Award for Fiction. *A Tall History of Sugar* is a gift for grown up fans of fairy tales and those who love fiction that metes out hard and surprising truths. Forbes's writing combines the gale force imagination of Margaret Atwood with the lyrical pointillism of Toni Morrison. New York Times Book Review Editors' Choice. *A Tall History of Sugar* tells the story of Moshe Fisher, a man who was born without skin so that no one is able to tell what race he belongs to, and Arrienne Christie, his quixotic soul mate who makes it her duty in life to protect Moshe from the social and emotional consequences of his strange appearance. The narrative begins with Moshe's birth in the late 1950s, four years before Jamaica's independence from colonial rule, and ends in the era of what Forbes calls the fall of empire, the era of Brexit and Donald Trump. The historical trajectory layers but never overwhelms the scintillating love story as the pair fight to establish their own view of loving against the moral force of the colonial plantation and its legacies that continue to affect their lives and the lives of those around them. Written in lyrical, luminous prose that spans the range of Jamaican Englishes, this remarkable story follows the couple's mysterious love affair from childhood to adulthood, from the haunted environs of rural Jamaica to the city of Kingston and then to England, another haunted locale in Forbes's rendition.

Purity and Contamination in Late Victorian Detective Fiction Dr Christopher Pittard, 2013-05-28. Concentrating on works by authors such as Fergus Hume, Arthur Conan Doyle, Grant Allen, L. T. Meade and Marie Belloc Lowndes, Christopher Pittard explores the complex relation between the emergence of detective fictions in the 1880s and 1890s and the concept of purity. The centrality of material and moral purity as a theme of the genre, Pittard argues, both reflected and satirised a contemporary discourse of degeneration in which criminality was equated with dirt and disease and where national boundaries were guarded against the threat of the criminal foreigner. Situating his discussion within the ideologies underpinning George Newnes's *Strand*

Magazine as well as a wide range of nonfiction texts Pittard demonstrates that the genre was a response to the seductive and impure delights associated with sensation and gothic novels Further Pittard suggests that criticism of detective fiction has in turn become obsessed with the idea of purity thus illustrating how a genre concerned with policing the impure itself became subject to the same fear of contamination Contributing to the richness of Pittard s project are his discussions of the convergence of medical discourse and detective fiction in the 1890s including the way social protest movements like the antivivisectionist campaigns and medical explorations of criminality raised questions related to moral purity **The New International Year Book** ,1916 **British Museum Catalogue of printed Books** ,1896 Popular Mechanics ,1922-09 Popular Mechanics inspires instructs and influences readers to help them master the modern world Whether it s practical DIY home improvement tips gadgets and digital technology information on the newest cars or the latest breakthroughs in science PM is the ultimate guide to our high tech lifestyle Jazz Fiction David Rife,2008 Broad in scope meticulously researched and including titles that have long been inaccessible this resource is an overview of the history of the genre from its beginning to the present BOOK JACKET
