Educational Research Document Summaries Educational Research Information Center (U.S.),1966 *Multicultural Gifted Education* Donna Y. Ford,2021-09-03 Each year the United States witnesses significant changes in the demographics of its citizens Accordingly schools and the students we teach are also changing With such changes come the need responsibility and obligation for educators to provide students with an education that is both rigorous and culturally responsive This book bridges the gap that exists between educating advanced learners and educating culturally different learners Multicultural Gifted Education 2nd ed addresses various topics including racially and culturally diverse students and families historical and legal perspectives on educating gifted and minority students culturally responsive curriculum and assessment and counseling students from a multicultural perspective International Handbook on Giftedness Larisa Shavinina,2009-08-12 If you publish you are trying to create something thatisoriginal thatstandsoutfromthecrowd Above all you want to create something you are proud of Richard Branson 2002 p 57 After the publication of my bestselling International Handbook on Innovation p lishers from around the world began to invite me to work on new books with them

When Springer invited me to prepare the International Handbook on Giftedness I was on a maternity leave with my 3 months old and my 5 year old was just starting school I however had wanted to prepare such a Handbook for a long time and was waiting for just the right moment to dive right into such an endeavor The time had come and I agreed to prepare a Handbook that would expose readers to new views great discoveries and significant advancements of scientific knowledge exactly as Richard Feynman advised see his opening quote at the beginning of the introductory chapter I have always been convinced of the paramount significance of the topic of giftedness and gifted education to the world as a whole There is no doubt that gifted individuals are and will be extremely important to society One way to understand the history of human civilization is via inventions and discoveries of the gifted All human cultural development builds on the amazing technological scientific educational and moral achievements of the human mind Today people increasingly realize that gifted and talented individuals are even more important than in the past
