Summit Conferences 1919 1960:

The Summit Conferences 1919-1960 Keith Eubank, 1963 **The Summit Conference, 1919-1960** Keith Eubank, 1966 Summits David Reynolds, 2010-05 Recounts six summits which had a significant political impact during the twentieth century including the Yalta summit in 1945 with Churchill Roosevelt and Stalin and the Geneva summit in 1985 with Gorbachev and Reagan **Summits & Regional Governance** Gordon Mace, Jean-Philippe Therien, Diana Tussie, Olivier Dabène, 2015-10-30 Despite the large number of regional and global summits there is very little known about the functioning and impact of this particular type of diplomatic practice While recognizing that the growing importance of summits is a universal phenomenon this volume takes advantage of the richness of the Americas experiment to offer a theoretically grounded comparative analysis of contemporary summitry The book addresses questions such as How effective have summits been How have civil society and other non state actors been involved in summits How have summits impacted on the management of regional affairs Filling a significant void in the literature this volume offers an original contribution helping to understand how summitry has become a central feature of world politics It will be of great interest to students and scholars of diplomacy international organizations and global regional governance An Unsung Soldier Robert S Jordan, 2013-10-01 Gen Andrew J Goodpaster was one of the leading soldier scholars of his time He stood as a key figure among the dominant American military and political personalities during the Cold War Goodpaster served Gen Dwight Eisenhower in establishing the international military component of NATO and then served as Staff Secretary and Defense Liaison Officer in the Eisenhower White House He achieved the highest international military command assignment possible when after serving in Vietnam as Deputy Commander he was appointed NATO s Supreme Allied Commander Europe He was called out of retirement to restore the integrity of West Point after a major ethical crisis Upon his final retirement and for over a quarter century thereafter he was actively involved in both the formal and informal world of Washington policy making making his mark repeatedly as a respected participant **Consequences of Peace** Alan Sharp, 2011-06-14 Consequences of Peace The Versailles Settlement Aftermath and Legacy This final volume in the Paris Peace Conference series will evaluate the immediate and later effects of the last great peace gathering which sought to settle the world s affairs at a stroke something that was not attempted after either the Second World War or the Cold War The Versailles settlement has not enjoyed a great reputation It has been blamed for causing a second major conflict within a generation thus apparently fulfilling Marshal Foch s gloomy prediction that This is not a peace it is an armistice for twenty years More recently commentators have suggested that the post 1989 ethnic disturbances in the Balkans and on the fringes of the former Soviet Union are the old chickens of Versailles coming home to roost The contemporary world still struggles to come to terms with the implications of President Woodrow Wilson s troublesome principle of national self determination and remains embroiled in the ambiguities and complexities of the Middle East an area for whose boundaries and problems the Great War and

settlement bear significant responsibility We are also still seeking to realise more effectively some of the nobler ambitions of the peacemakers expressed in the Covenant of the League of Nations in their concern for the human rights of minority nationalities left on the wrong side of the new borders that they sanctioned and in their attempt to extend criminal responsibility for war beyond the operational irregularities of combatants to political and military leaders Ninety years on the settlement still casts a long shadow *The International Law of Diplomacy* B.S. Murty,2024-12-16 The G20 K.

Postel-Vinay,2016-01-12 This book argues that the G20 is neither a global executive board for a new world order nor is it just a crisis unit for failing economies It is a laboratory for the observation experimentation and invention of new forms of international cooperation that are redefining global politics Seven Fateful Moments When Great Men Met to Change the World Charles L. Mee Jr.,2015-09-16 Throughout time leaders at the pinnacle of power popes and kings presidents and prime ministers czars and generals have subscribed to the belief that they can change the course of history not by the force of arms but through charm skillful negotiation honesty deceit and all the other arts of peaceful human exchange Award winning author Charles L Mee Jr reproduces seven singular moments when heads of state have come together to decide the future of the world He examines the uses of summitry from the directness of Pope Leo s confrontation with Attila the Hun near Rome to Henry VIII and Francis I s meeting on the Field of the Cloth of Gold from the surprise encounter between Cort s and Moctezuma to the intricacies negotiated by Metternich and Talleyrand at the Congress of Vienna from the ironies of Wilson Clemenceau and Lloyd George s summit at the Paris Peace Conference to the unintended consequences of Churchill Stalin and Roosevelt s gathering at Yalta and finally to Gorbachev s desperate appeal to the G7 nations in London to be included in their powerful club Mee peeks through the curtains of diplomacy to reveal the hidden agendas and the glorious personalities at work Taken together these seven fateful moments are bracing and humbling reminders of the enormous complexity and mystery of human affairs **Almanac of American Military History** Spencer C. Tucker,2012-11-21 This almanac provides a comprehensive chronological overview of all American military history serving as the standard reference work of its type
