Elleman, 1997 Utilizes archival documents to argue against the perception that America turned its back on China during the Paris Peace Conference a belief that convinced many Chinese to turn to Soviet Russia instead The author contends that President Wilson did everything in his power to help China Chapters focus on topics such as the origins of the United Front Policy assertion of Soviet control over the Chinese Eastern Railway the restoration of Russian territorial concessions and Soviet Foreign policy and the Chinese Communist Party Annotation copyrighted by Book News Inc Portland OR **Diplomacy and Deception** Bruce Elleman, 2016-09-16 During the Soviet period the USSR conducted diplomatic relations with incumbent regimes while simultaneously cultivating and manipulating communist movements in those same countries The Chinese case offers a particularly interesting example of this dual policy for when the Chinese Communists came to power in 1949 their discovery of the nature of Moscow's imperial designs on Chinese territory sowed distrust between the two revolutionary powers and paved the way to the Sino Soviet split Drawing on newly available documents from archives in China Taiwan Russia and Japan this study examines secret agreements signed by Moscow and the Peking government in 1924 and confirmed by a Soviet Japanese convention in 1925 These agreements essentially allowed the Bolsheviks to reclaim most of tsarist Russia's concessions and privileges in China including not only Imperial properties but also Outer Mongolia the Chinese Eastern Railway the Boxer Indemnity and the right of extraterritoriality Each of these topics is analyzed in this volume and translations of the secret protocols themselves are included in a documentary appendix Additional chapters discuss Sino Soviet diplomacy and the parallel history of Soviet relations with the Chinese Communist Party as well as the origins and purpose of the United Front policy *The Scripting of A National History* Lysa Hong, Jianli Huang, 2008-04-01 Rather than presenting another narrative of Singapore history *The Scripting of a National History* Singapore and Its Pasts studies the constructed nature of the history endorsed by the state which blurs the distinction between what happened in the past and how the state intends that past to be understood The People's Action Party PAP government's unbroken mandate to rule has come in no small part from the way it explains its lineage and record to Singaporeans The power vested in various aspects of Singapore's history is thus examined through a consideration of past and present politics The authors trace state discourses on Singapore history from the decision immediately after independence to recognize the nineteenth century British acquisition of the island as its founding moment to the 1980s and 1990s when an essentially Confucian heritage was recognized under the rubric of Asian values and finally to an emphasis on

the history of racial fragility and harmony in response to the threat of terrorism in the twenty first century Embedded within these discourses is the story of the PAP as the heir of the economic dynamics of the pax Britannica as an exponent of the morality and righteousness of the Chinese scholar gentleman and as the firm hand that balances the interests of the majority Chinese against those of the minority populations particularly the Malays The authors examine the underlying template of Singapore history the negotiation with its immigrant past and the popularization of history through conscription of national heroes The chapters range from considering how political leaders claim to be historians by virtue of being the makers of history to the vicissitudes undergone by two originally private homes turned into symbols of Singapore s Chinese modernity The Scripting of a National History Singapore and Its Past is highly relevant not only to academics but also for the Singapore general reader interested to see what are meant to be received wisdoms for the citizenry interrogated in a well reasoned and engaging exercise as well as for an international readership to whom Singapore has become a fascinating enigma They may well be intrigued by the anxieties of being Singaporean
