Physics - Proceedings Of The 7th International Heidelberg Conference On Dark 2009 Hans Volker

Klapdor-kleingrothaus, Irina V Krivosheina, 2009-12-15 Dark matter and dark energy are one of the central mysteries in modern physics although modern astrophysical and cosmological observations and particle physics experiments can and will provide vital clues in uncovering its true nature The DARK 2009 Conference brought together World's leading researchers in both astrophysics and particle physics providing an opportunity and platform to present their latest results to the community The topics covered are wide ranging from terrestrial underground experiments to space experimental efforts to search for dark matter and on the theoretical aspects from the generating of a fifth family as origin of dark matter extra dimensions and dark matter to non standard Wigner classes and dark matter One of the new highlights was certainly a possible connection between a neutrino mass as observed by nuclear double beta decay and the dark energy Highly important and relevant in its field the book presents a vital snapshot of the sometimes seemingly disparate areas of dark matter research and offers an exciting overview of current ideas and future directions *The Chinese Dark Poet: Huang Xiang and His Colorful World*

Zhengming Fu (Sweden), Huang Xiang the protagonist of this book was born on 26th December 1941 in Guidong county Hunan province of central China After the Communists came to power in 1949 he was imprisoned six times and severely persecuted for his free spirited writing and his campaigns for human rights For more than thirty years this self educated poet and writer wrote secretly against the bondage of totalitarian ideology to safe guard the freedom of speech According to the author of the book Huang is a great dark poet who has expressed the painful memories fears and struggles that haunted his life creating wonderful poetic beauty in the darkness His poetic creation is a miracle in the history of Chinese contemporary literature We may say that Huang's identity as an unknown dark poet is conditioned by his personal emotional and tragic experiences of struggles while facing historical events such as the Cultural Revolution from 1966 to 1976 the April 5th Movement in 1976 the Democracy Wall Movement in 1978 and the Pro Democracy Movement in 1989 in China Dictionary of Nature Myths Tamra Andrews, 2000 Comprehensive and cross referenced this informative volume is a rich introduction to the world of nature as experienced by ancient peoples around the globe 51 halftones
