Linssen, 1974 The Flash Photography Books in Print ,1985 Field Guide Adam Duckworth, 2014-03-26 Shooting with any kind of flash whether it s a simple light on your camera a remotely triggered unit or a complete studio setup completely changes the photographic experience No longer do you simply need to be aware of light now you need to know how to shape it to your own ends The Flash Photography Field Guide small enough to be taken on the most arduous shoot will show you exactly how to do this whether you re shooting models in a studio live sports events or something as personal and special as your friend s wedding This book covers the details of setting up and using modern TTL flash systems and the creative and technical choices you ll come across from syncing the flash with the camera to modifying the quality of the light **The Photoguide to Flash** Günter Spitzing, 1974 The Focal Guide to Travel Photography Peter McKenzie,1981 All about Flash Photography and Your Camera, Etc. [With Illustrations.]. Julius Mastering Digital Flash Photography Chris George, 2008 Electronic flash not only brings Friedrich Willy FRERK,1962 light to a photograph it can be an important artistic tool if you ve acquired the knowledge to use it creatively To master those skills digital photographers need only turn to this complete reference Packed with inspirational photos it takes the mystery out of flash covering every type of equipment and explaining such essentials as guide numbers sync speeds white balance and more Photographers will see how fill flash can decrease contrast and shadows in outdoor portrait photography understand how to control the light using bounce and multiple flash techniques and expertly employ high speed and rear curtain synchronization to create impressive motion blur images Everything you need to know is here including a section on studio flash and computer processing Speedlights & Speedlites Lou Jones, 2012-11-12 Canon Speedlites and Nikon Speedlights are small off camera flashguns that can provide big results if you know how to use them properly Acclaimed Boston photographers Lou Jones Bob Keenan and Steve Ostrowski guide you through the technical and creative aspects of how to get the most out of these powerful tools in this indispensable guide packed full of inspirational images and comprehensive diagrams of the lighting set ups used to capture them They are significantly more advanced lighter and considerably cheaper than a standard flashgun and have many advantages They are small and cheap enough that a number can be carried in your kit and they can be used in combination triggered wirelessly. They use through the lens TTL metering which allows you to use the in camera LCD and histograms to calculate the required power direction rather than havng to use a light meter or trial and error They use proprietary dedicated technology from Canon and Nikon that means there are no compatability issues Getting the most out of them however remains a mystery most photographers still just use their speedlights in the same way as a standard flash gun This is where this book comes in Spitzing,1974 All about Flash at Home and Your Camera Thomas Elder Gray,1958 All about Flash Photography and Your Camera Frederick Willy Frerk,1953* The Focalguide to Lenses Leonard Gaunt,1977
