Assigning Responsibility for Children's Health When Parents and Authorities Disagree: Whose Child? Allan J. Jacobs, 2021-10-25 This book provides a multidisciplinary analysis of the potential conflict between a government's duty to protect children and a parent's right to raise children in a manner they see fit Using philosophical bioethical and legal analysis the author engages with key scholars in pediatric decision making and individual and religious rights theory Going beyond the parent child dyad the author is deeply concerned both with the interests of the broader society and with the appropriate limits of government interference in the private sphere The text offers a balance of individual and population interests maximizing liberty but safeguarding against harm Bioethics and law professors will therefore be able to use this text for both a foundational overview as well as specific subject level analysis Clinicians such as pediatricians and gynecologists as well as policy makers can use this text to achieve balance between these often competing claims The book is written by a physician with practical and theoretical knowledge of the subject and deep sympathy for the parental and family perspectives As such the book proposes a new way of evaluating parental and state interventions in children's healthcare a refreshing approach and a
