The Forgotten Voyage:

Evolution on British Television and Radio Alexander Hall, 2021-09-30 This book charts the history of how biological evolution has been depicted on British television and radio from the first radio broadcast on evolution in 1925 through to the 150th anniversary of Charles Darwin's *Origin of the Species* in 2009. Going beyond science documentaries, the chapters deal with a broad range of broadcasting content to explore evolutionary themes in radio dramas, educational content, and science fiction shows like *Doctor Who*. The book makes the case that the dominant use in science broadcasting of the evolutionary epic, a narrative based on a progressive vision of scientific endeavour, is part of the wider development of a standardised way of speaking about science in society during the 20th century. In covering the diverse range of approaches to depicting evolution used in British productions, the book demonstrates how their success had a global influence on the genres and formats of science broadcasting used today. , The Buccaneer's Bell Hugh Edwards, 2006 **Surveying the Record** Edward Carlos Carter, 1999 Papers given at a conference on Scientific Exploration in North America to 1930 with topics including Cartography, Oceanic Exploration, Art, Anthropology, Lewis and Clark and the West. This book adds much to our quest for knowledge of who and where we are by illuminating such themes as the role of maps and mapmaking in defining our national identity, the origins of Western exploration, the cultural clash found in the best-selling account of a 19th-century physician explorer with Arctic peoples, the role of art in the service of science in bringing these newly discovered places and peoples into the American parlor, and the impact of Mormon farming techniques on John Wesley Powell's famed 1878 Arid Region Report. Black and white maps and illustrations. **The Forgotten Voyage** R. Kline, 2003-03-01 **A Guide to the Archives of the Royal Entomological Society** Simon Fenwick, 2017-09-08 The Royal Entomological Society was founded in 1833 and is one of the oldest such societies in the world. Its records are an invaluable source for historians of entomology and the natural sciences both in Great Britain and overseas. This guide is principally a catalogue of the records of the society from the time of its foundation but also covers the records of some earlier societies and collections of papers by individual entomologists. The book is introduced with essays by Brian Gardiner on the history of the Royal Entomological Society and on the development of British entomology, and by Simon Fenwick on the archives and their potential for historians. **Platypus** Ann Moyal, 2004-10-29 Eloquent and concise, *Platypus* uncovers the earliest theories and latest discoveries about this delightfully odd member of the animal kingdom. **150 Years of Service on the Seas** Marc I. Pinsel, 1982 An Alaska Anthology Stephen W. Haycox, Mary Childers Mangusso, 2011-06-01 Alaska with its Indian, Eskimo, and Aleut heritage, its century of Russian colonization, its peoples' formidable struggles to wrest a living or a fortune from the North's isolated and harsh environment, and its relatively recent achievement of statehood, has long captured the popular imagination. In *An Alaska Anthology*, twenty-five contemporary scholars explore the region's pivotal events, significant themes, and major players: Native, Russian, Canadian, and American. The essays chosen for this anthology represent the very best writing on Alaska, giving great

depth to our understanding and appreciation of its history from the days of Russian American Company domination to the more recent threat of nuclear testing by the Atomic Energy Commission and the influence of oil money on inexperienced politicians Readers may be familiar with an earlier anthology *Interpreting Alaska's History* from which the present volume evolved to accommodate an explosion of research in the past decade While a number of the original pieces were found to be irreplaceable more than half of the essays are new The result is a fresh perspective on the subject and an invaluable resource for students teachers and scholars

Coolitude Marina Carter, 2002 *Coolitude* is both an intellectual interpretation of and a poetic and artistic immersion into the world of the vanished coolie This collection of previously unpublished texts poems and sketches captures the essence of the Indian plantation experience and deconstructs traditional depictions of the status of the coolie in the British Empire The concept of *Coolitude* encompasses the experiences of first generation workers together with those of their descendants spread across the Caribbean Pacific and Indian Ocean islands today The symbolic value of the word lies in both the scope it gives us to interpret the specificities of the coolie experience and its use as a comparative tool The book embraces *Coolitude* in its various incarnations the shared experience of the voyaging migrants the walk from village to port town and the weeks spent on board ship All Coolies irrespective of whether they went to Fiji South Africa the West Indies or the Indian Ocean islands underwent an exile from their Indian homeland *Coolitude* emphasizes their shared history The concept of *Coolitude* parallels that of *Negritude* pioneered by Clive James and other African and Caribbean intellectuals in the 1950s and 1960s and could have an equally profound cultural impact this book is both politically and intellectually ambitious Marina Carter is one of the most highly regarded historians of the Indian Ocean Her co author is a poet and intellectual a veritable giant in France the list of his achievements goes one and on Crispin Bates Ph D University of Edinburgh

150 Years of Service on the Seas: (1830-1946) Marc I. Pinsel, 1982 [United States Naval History](#) United States. Navy Department. Library, 1972 [The Geographical Journal](#), 1906 Includes the Proceedings of the Royal geographical society formerly published separately

Knock 'Em Cold, Kid Elaine Morgan, 2012-08-01 *Knock em Cold Kid* is the autobiography of award winning Welsh writer Elaine Morgan Born in the Rhondda Valley in 1920 Elaine vividly describes the relationship between her father and mother as they coped with life on the dole Her grammar school decided to groom her for the Oxford entrance exam and she entered Lady Margaret Hall in 1939 It was a very different world from the one she knew but she enjoyed the experience In 1945 she married Morien Morgan a Welsh schoolmaster and embarked on a full time role of wife and mother when rationing was at its tightest and the housing shortage was acute After 7 years as a housewife she claimed some time for herself and took up pen and paper Initially the new medium of TV could not coax serious writers to feed it and so Elaine got in at the ground floor and started a prolific career as a TV dramatist She wrote for programmes such as *How Green Was My Valley* 1975 and *Testament of Youth* 1979 winning two BAFTAs two Writers Guild awards the Prix Italia and the Writer of the Year Award from the Royal Television Society along the way In 1972 in a change of direction she

wrote *The Descent of Woman* an account of human evolution seen from the perspective of the female of the species This became a bestseller and the next forty years of her life were dedicated to defending the controversial theory of the Aquatic Ape as put forward in her book *Knock em Cold* Kid is Elaine s account of her life and looks at how her career and the Aquatic Ape Theory impacted on her family life **Zone of the Marvellous** Martin Edmond,2013-11-01 Imaginative and cerebral this volume recounts the fantastic history of the antipodes namely Australia and New Zealand from the Western perspective over the course of the past five millennia Tracing the fiction underlying the fact in the tales of among others Marco Polo John Mandeville and Thomas More this remarkable compilation explores the imagination of travelers writers map makers charlatans and rogues who dreamed of other worlds Delving into the Australian character and the New Zealand psyche this account also conveys an insightful glimpse into Western history **Ralph Fitch, England's Pioneer to India and Burma** John Horton Ryley,1899 Summary Account of journey 1583 1591 by Fitch 3 others through Goa 1583 5 Agra Patna Chittagong Pagu Burma Malacca Malaysia **A House Full of Females** Laurel Thatcher Ulrich,2018-02-20 From the author of *A Midwife s Tale* winner of the Pulitzer Prize and the Bancroft Prize for History and *The Age of Homespun* a revelatory nuanced and deeply intimate look at the world of early Mormon women whose seemingly ordinary lives belied an astonishingly revolutionary spirit drive and determination A stunning and sure to be controversial book that pieces together through more than two dozen nineteenth century diaries letters albums minute books and quilts left by first generation Latter day Saints or Mormons the never before told story of the earliest days of the women of Mormon plural marriage whose right to vote in the state of Utah was given to them by a Mormon dominated legislature as an outgrowth of polygamy in 1870 fifty years ahead of the vote nationally ratified by Congress and who became political actors in spite of or because of their marital arrangements Laurel Thatcher Ulrich writing of this small group of Mormon women who ve previously been seen as mere names and dates has brilliantly reconstructed these textured complex lives to give us a fulsome portrait of who these women were and of their sex radicalism the idea that a woman should choose when and with whom to bear children

Geographers Geoffrey Martin,2015-12-14 *Geographers* is an annual collection of studies on individuals who have made major contributions to the development of geography and geographical thought Subjects are drawn from all periods and from all parts of the world and include famous names as well as those less well known including explorers independent thinkers and scholars Each paper describes the geographer s education life and work and discusses their influence and spread of academic ideas Each study includes a select bibliography and a brief chronology The work includes a general index and a cumulative index of geographers listed in volumes published to date Published under the auspices of the International Geographical Union *The United States and China* Dong Wang,2021-07-28 Now fully revised and updated *The United States and China* offers a comprehensive synthesis of US Chinese relations from initial contact to the present Balancing the modern 1784 1949 and contemporary 1949 present periods Dong Wang retraces centuries of interaction between two of the

world's great powers from the perspective of both sides. She examines state to state diplomacy as well as economic, social, military, religious, and cultural interplay within varying national and international contexts. As China itself continues to grow in global importance, so too does the US-China relationship, and this book provides an essential grounding for understanding its past, present, and possible futures.
