The Formation Of Isaiah 4055:

Scripta Minora Regiae Societatis Humaniorum Litterarum Lundensis ,1982 **The Formation of Isaiah 40-55**

Roy F. Melugin,1976 The series Beihefte zur Zeitschrift f r die alttestamentliche Wissenschaft BZAW covers all areas of research into the Old Testament focusing on the Hebrew Bible its early and later forms in Ancient Judaism as well as its branching into many neighboring cultures of the Ancient Near East and the Greco Roman world **Voices of Marginality**

Gregory Lee Cuéllar,2008 Voices of Marginality is theoretically grounded in the theology of the diaspora which according to Fernando F Segovia has been forged in the migratory experience of American Hispanics This theological perspective views Judean exiles 587 B C E and contemporary Mexican migrants as part of a recurring diasporic human experience The present analysis reads across from the exile and return envisioned in the poetry of Second Isaiah 40 55 to the corridos ballads about Mexican immigration to the United States More specifically the diasporic categories of exile and return in Second Isaiah inform our reading of exile and return in the Mexican immigrant corridos Conversely the rhetorical ability of these corridos to transmit a collective Mexican identity for immigrants in the United States provides a compelling lens for understanding the images of exile and return in Second Isaiah Ultimately both literary productions reflect voices of marginality Isaiah 56-66

Joseph Blenkinsopp,2003 The world s leading authority on the prophet Isaiah brings his distinguished three volume commentary on the book of Isaiah to a conclusion with this new translation and critical discussion of the final eleven chapters The concluding section of the book of Isaiah sometimes referred to as Third or Trito Isaiah had a profound impact on the Christian movement in its formative phase including such central issues as the identity of the founder the profile of the disciple and the Gentile mission In this thorough and informative commentary Joseph Blenkinsopp shows that while these chapters maintain continuity with Second Isaiah they must be considered in the light of a new set of circumstances The texts present a community beset by severe problems attempting to cope with disappointed expectations and trying to maintain its faith in the reality power and benevolence of the God of traditional religion Blenkinsopp discusses in detail the issues that divide the community from concerns about the efficacy of religious practices prayer fasting Sabbath observance and sacrifice to questions about who may claim the name of Israelite and under what conditions to what kind of relations should be maintained with outsiders In examining each of these topics Blenkinsopp shows that they provide evidence of an emerging Judaism seeking its own identity and self definition and testify to the existence of a prophetic discipleship inspired by the person and teaching of the charismatic servant whose fate is described in the previous section of Isaiah Reflecting the same standard of excellence as Blenkinsopp s first two volumes on Isaiah this is an important contribution to the prestigious Anchor Bible Commentary series **A Systematic Analysis of Universal History from the Creation to the Present Time**
