The Formation Of The Resurrection Narratives:

The Formation of the Resurrection Narratives Reginald Horace Fuller, 1971 The palpable inconsistencies both major and minor in the Gospel accounts of the Easter events have become for many an obstacle to belief in the resurrection In order to discover the reasons for these discrepancies and the meaning of the narratives for contemporary faith the author begins with the earliest record of the Easter tradition in 1Cor 15 and then applies the tools of tradition and redaction criticism to the Easter narratives of the four Gospels He reconstructs the history of the tradition from its earliest recoverable form in allegedly factual reports through its successive developments in the preliterate and literary stages In this process the author exposes the motivations behind the developments and shaping of the narratives into their final form **In Defense**

of Miracles R. Douglas Geivett, Gary R. Habermas, 1997-02-27 Can modern intellectuals believe in miracles Editors R Douglas Geivett and Gary R Habermas provide a collection of essays to refute objections to the miraculous and set forth the positive case for God's action in history **The Mary Magdalene Tradition** Holly E. Hearon, 2004 In The Mary Magdalene

Tradition Holly Hearon offers an understanding of the early Church the role of women in the Church and the power of narrative to shape community understanding and practice By examining the rhetorical function of the post resurrection appearance to Mary Magdalene traditions in early Christian communities Hearon draws connections between these ancient communities and the life of the Church today Beginning with a reconstruction of the practice of storytelling in the world of antiquity Hearon situates the Magdalene narratives in this oral storytelling environment Focusing on the fluid nature of storytelling Hearon explores how the traditions were used to further arguments by storytellers with respect to women's leadership in Christian communities Particular attention is given to the Gospels of Matthew and John highlighting the relationship of the Gospel narratives to specific historical circumstances facing the early Church Chapters are Storytelling in the World of Antiquity Origins of the Post Resurrection Appearance to Mary Magdalene Tradition The Function of the Mary Magdalene Tradition in Oral Storytelling Circles Storytelling Strategies in Matthew The Function of the Mary Magdalene Tradition In Its Literary Context The Mary Magdalene Tradition and Matthean Communities The Function of the Tradition in Response to Historical Circumstances Storytelling Strategies in John The Function of the Mary Magdalene Tradition In Its Literary Context The Mary Magdalene Tradition and Johannine Communities The Function of the Tradition in Response to Historical Circumstances Epilogue A Consideration of Storytelling in Relation To Our Understanding of Communities in the Past and the Shaping of Communities for the Future **Johannine Writings and Apocalyptic** Stanley E. Porter, Andrew K.

Gabriel, 2013-09-15 Johannine Writings and Apocalyptic provides a wide ranging and thorough annotated bibliography for John's Gospel the Johannine letters Revelation and apocalyptic writings pertinent to these books More inclusive than many other bibliographies this volume provides reference to over 1300 individual entries often including references to multiple works with a given description Annotations are designed to provide guidance to a wide range of readers from students

wishing to gain entry to the subject to graduate students engaging in research to professors needing ready access to useful materials The volume is topically organized and indexed for easy access *To Everyone an Answer* Francis J.

Beckwith, William Lane Craig, J. P. Moreland, 2009-08-20 In a society that believes anything goes the Christian worldview faces aggressive opposition Francis J Beckwith William Lane Craig and J P Moreland assembled the essays in this book covering all major aspects of apologetics to help you make a more coherent defense for the Christian faith *Christ, Science, and Reason* Robert Spitzer, 2024-09-25 This is currently the only volume that comprehensively presents the scientific evidence in support of Jesus the Eucharist and Mary Father Robert Spitzer S J closely examines the scientific evidence for The Passion and Resurrection of Jesus from the Shroud of Turin The Real Presence of Jesus in the Holy Eucharist from three recent scientifically investigated Eucharistic miracles The supernatural dimensions of the apparitions of Mary manifest in the Tilma of Guadalupe the Miracle of the Sun at Fatima and many healing miracles connected with the Grotto of Lourdes This work also presents a summary of contemporary historical and exegetical evidence for the historicity Passion and Resurrection of Jesus and concludes with a consideration of the Catholic Church and science particularly the Church s contributions to science the complementarity of science and the Bible and the complementarity of physical evolution and the creation of a soul The book makes clear that the Catholic Church is not anti science but quite the opposite it is one of the most scientifically aware religious denominations in the world It will also be clear that science is not anti God anti Christ or anti religious On the contrary its tools and methods give considerable credible evidence for all of them **Rhetoric and the Synoptic Problem** Mike Duncan, 2022-05-16 Mike Duncan argues that the Farrer Hypothesis is the best working solution to the Synoptic Problem in New Testament studies by way of rhetorical theory as he sees the Synoptic Problem as less about source and textual criticism and more as a writing problem that concerns how and why they were composed The book s six chapters feature case studies of different aspects of gospel rhetoric such as how the different post resurrection accounts interact with each other and how the apostles are portrayed from gospel to gospel These chapters form a collective argument that the synoptic gospels are competing rhetorical narratives about Jesus with the authors of Luke and Matthew reacting to previous gospels with the goal of superseding the previously composed versions of Jesus s life However Duncan acknowledges that the Farrer Hypothesis has special difficulties and cannot be pushed beyond an educated guess that the Synoptic Problem remains an unsolvable problem due to a lack of evidence and lost original context and that it is only a philosophical acceptance of the inaccessibility of a solution that paradoxically allows a frank and unsentimental view of the alternatives *The Ongoing Feast* Arthur A. Just, 1993 From the perspective of the Emmaus narrative in Luke 24 this study is a literary critical analysis of Jesus table fellowship as an expression of the eschatological kingdom The first time Jesus is recognized by faith as the crucified and now risen Messiah occurs at Emmaus through his teaching on the road and in the breaking of the bread Emmaus is the transition between the meals of Jesus and early Christian meals setting the pattern of

Christian worship as one of word and meal **Christian Philosophical Theology** Stephen T. Davis, 2006-03-16 Christian Philosophical Theology constitutes a Christian philosopher's look at various crucial topics in Christian theology including belief in God the nature of God the Trinity christology the resurrection of Jesus the general resurrection redemption and theological method The book is tightly argued and amounts to a coherent explanation of and case for the Christian world view Although written from a broadly Reformed Protestant perspective and although the author does not avoid controversial topics the aim is to present a merely Christian world view to adapt slightly C S Lewis's famous term That is Stephen T Davis attempts to write as much as possible from the perspective of the broad centre of Christian understanding **From Q to "Secret" Mark** Hugh M. Humphrey, 2006-04-24 The literary complexity and the theological nuances of the Gospel of Mark did not spring from the evangelist's pen at a single sitting The evangelist we call Mark composed segments of our present gospel for different situations over an extended period of time perhaps several decades and that the present text reflects the mature spiritual reflection on the nature of discipleship In this provocative book Humphrey challenges the traditional view that Mark was simply an editor drawing together different sources to put together his gospel In order to establish this thesis about the manner in which Mark was composed Humphrey first reviews the patristic witness to the gospel pointing out the ambiguities and tensions between them He gives particular emphasis to Clement of Alexandria who specifically indicates that Mark wrote several different works Following that chapter Humphrey describes two major segments really two different compositions of Mark It is clear he argues that there was a narrative version of the Q tradition that collection of sayings that has been viewed as an oral tradition as well as a Passion Narrative in Mark A third stage of the composition of Mark occurs when Q and the Passion Narrative are blended and an emphasis upon discipleship is interwoven into the text The deeper theological reflection reflected in this third development yielded what Mark called the mystery of the Kingdom of God 4:11 and what Clement of Alexandria calls Mark's secret gospel Humphrey focuses on distinguishing the narrative interests that disclose the ultimate righteous teacher of God's Kingdom Son of God the suffering Christ and the lessons for discipleship The gospel of Mark results not from an editor working on unattested documents but on the ever maturing theological reflection of Mark Humphrey's study has two purposes If theology is the process of bringing faith to expression then that process is illustrated in the composition history of Mark's gospel Each stage of composition expresses an aspect of the early Christian faith response to God's having raised Jesus from the dead Second this reconstruction of Mark's gospel serves to highlight the talent and depth and personality of its author as well as to point out that the handling of traditions about Jesus in this way provides a useful paradigm for the Church today **On the Road Encounters in Luke-Acts** Octavian D. Baban, 2006-10-18 Contemporary reconstructions of Luke's theology of the Way should include in a more conscientious manner the contribution of Luke's post Easter on the road encounters the Emmaus Gaza and Damascus road narratives This book argues that Luke follows here the rules of Hellenistic mimesis imitation many of which are illustrated in the novels dramas and history

treatises of his time Filtering these rules through his own theology and literary taste he represents in the end the history and the proclamation of the early church in an attractive and challenging manner inviting his readers to good literature and to captivating spiritual experiences

Jesus, Paul, and Early Christianity Rieuwerd Buitenwerf, Harm Hollander, Johannes Tromp, 2008-12-31 This collection of essays by leading experts in New Testament scholarship addresses core themes in the study of early Christianity The topics addressed include text critical issues relating to the New Testament the historical situation in which the earliest Christian documents were composed early Christian rituals historical questions concerning Jesus and Paul and the origin and development of important theological ideas in the early Church This volume is dedicated to Henk Jan de Jonge Emeritus Professor in the New Testament Leiden University in honour of his important contributions to the field of New Testament Studies

Sacra Pagina: The Gospel of John Francis J. Moloney, 2016-03-18 No other book of the New Testament has attracted as much attention from commentators as the Fourth Gospel It has stirred minds hearts and imaginations from Christianity s earliest days In The Gospel of John Francis Moloney unfolds the identifiable point of view of this unique Gospel narrative and offers readers heirs to its rich and widely varied interpretative traditions relevance for their lives today The Gospel of John s significance for Christianity has been obvious from the time of Irenaeus It was also fundamental in the emergence of Christian theology especially in the trinitarian and christological debates that produced the great ecumenical Councils from Nicaea to Chalcedon What sets this commentary on the Fourth Gospel apart from others is Moloney s particular attention to the narrative design of the Gospel story He traces the impact the Johannine form of the Jesus story has made on readers and explicates the way in which the author has told the story of Jesus Through this he demonstrates how the Gospel story articulates a coherent theology christology and ecclesiology

The Johannine Discourses and the Teaching of Jesus in the Synoptics Philipp F. Bartholomä, 2012-07-18 Die negative Beurteilung der Authentizität der johanneischen Jesusreden basiert häufig auf der Annahme erheblicher Gegensätze zwischen Johannes und den Synoptikern Allerdings wurde ein sorgfältiger Vergleich zwischen den Jesusworten des Johannesevangeliums und denen in Matthäus Markus und Lukas bisher nicht durchgeführt Vorliegende Studie gelangt durch einen detaillierten Vergleich zu dem Ergebnis dass die Reden Jesu im vierten Evangelium zwar in einem spezifisch johanneischen Wortlaut formuliert sind auf inhaltlicher Ebene aber in bedeutendem Maße mit der synoptischen Lehre Jesu übereinstimmen So lässt sich zeigen dass die Authentizität der johanneischen Reden nicht aufgrund einer vermeintlichen Unvereinbarkeit mit den Synoptikern in Abrede gestellt werden kann

One God, One Church: Nine Theses G Marulli, **The Empty Tomb** Robert M. Price, 2009-09-25 Did Jesus rise from the dead Although 19th and early 20th century biblical scholarship dismissed the

resurrection narratives as late legendary accounts Christian apologists in the late 20th century revived historical apologetics for the resurrection of Jesus with increasingly sophisticated arguments A few critics have directly addressed some of the new arguments but their response has been largely muted The Empty Tomb scrutinizes the claims of leading Christian apologists and critiques their view of the resurrection as the best historical explanation The contributors include New Testament scholars philosophers historians and leading nontheists They focus on the key questions relevant to assessing the historicity of the resurrection What did the authors of the New Testament mean when they said Jesus rose from the dead What historical evidence is needed to establish the resurrection If there is a God why would He resurrect Jesus Was there an empty tomb What should we make of the appearance stories Apart from historical evidence is belief in the resurrection justified The Empty Tomb provides a sober objective response to arguments offered in defense of Christianity's central claim
