The Modernity of English Art, 1914-30 David Peters Corbett, 1997 The modernity of English art reconceptualises the history of English painting from 1914

to the end of the 1920s Whereas most accounts have tended to see the period as marked by a tension between the native tradition and Modernism this ground breaking book rethinks the 1920s by situating both Modernist and non Modernist painters within a wider cultural history Established figures such as Paul Nash Edward Wadsworth and Wyndham Lewis as well as lesser known artists like Charles Sims John Armstrong and Ethelbert White are discussed and illustrated in a series of innovative readings within this context The modernity of English art offers a new account of painting in England after 1914 and argues for a strongly revisionist view of the significance of the modern during this important but neglected period in English art *Subjects of Modernity* Saurabh Dube,2017-10-11 e Dube ranges widely and globally from histories of empires and genealogies of disciplines to recent Dalit artwork from India to explore and carefully delineate a tension he regards as fundamental to the formation of the modern the modern subject s inevitable entanglement with those subject to modernity A tour de force this book offers a critical timely and powerful sequel to postcolonial and subaltern studies e Dipesh Chakrabarty University of Chicago *Human Rights, the Family, and Internationalism Since the Nineteenth Century* Julia Moses,2025-07-17 This book examines one of the key issues shaping global considerations of human rights today the idea of the family as a protected category Bringing together historians political scientists legal scholars and historical sociologists the book investigates how ideas about the family and sexuality intersected with thinking about human rights for example through new international law and international institutions social movements targeting issues related to religion gender and sexuality historical developments such as war and the collapse of empires and developments in the social sciences It features case studies on regions around the globe as well as on relevant international organisations and individuals who have been influential in this area In doing so the contributors to this collection interrogate the relationship between human rights related to the family and broader debates about rights related to gender and sexuality *Religion, Law and Society* Russell Sandberg,2014-05-08 What can lawyers and sociologists learn from each other about religion in the twenty first century *The Modern State* Christopher Pierson,2004 The latest edition of this well established and highly regarded textbook continues to provide the clearest and most comprehensive introduction to the modern state It examines the state from its historical origins at the birth of modernity to its current jeopardized position in the globalized politics of the twenty first century Subjects covered include the nation state in its historical context state and economy states and societies states and citizens states within the international system rogue and failed states **The Anthem Companion to Zygmunt Bauman** Michael Hviid Jacobsen,2023-10-03 This edited volume will illustrate the continuing interest in Bauman s work through a number of chapters each dealing with the important aspects of his work and shedding light on some new angles and perspectives on his life and work It seeks to position Bauman within the field of sociology and to provide some examples of his lasting contribution to and relevance for the discipline Bauman s ideas remain an important source of inspiration for many scholars and researchers working within a variety of different fields and sub fields appealing equally to empirical work

and theoretical elaboration This book contains ten chapters and all chapters are devoted to the presentation and discussion of themes and ideas that were characteristic of Bauman's way of doing and writing The purpose of this volume as with the other volumes published in the Anthem Press Companion to Sociology series is to provide a comprehensive overview of Zygmunt Bauman's continued importance within the field of sociology and related social science disciplines

Religions in the Modern World Linda Woodhead, Christopher Partridge, Hiroko Kawanami, 2016-01-13 Religions in the Modern World Traditions and Transformations Third Edition is the ideal textbook for those coming to the study of religion for the first time as well as for those who wish to keep up to date with the latest perspectives in the field This third edition contains new and upgraded pedagogic features including chapter summaries key terms and definitions and questions for reflection and discussion The first part of the book considers the history and modern practices of the main religious traditions of the world while the second analyzes trends from secularization to the rise of new spiritualities Comprehensive and fully international in coverage it is accessibly written by practicing and specialist teachers

Rethinking Modernity Gurinder K. Bhambra, 2023-02-16 The second edition of this influential book addresses how the experiences and claims of non European others have been rendered invisible to the standard narratives and analytical frameworks of sociological understandings of modernity In challenging the dominant Euro centred accounts of the emergence and development of modernity Bhambra puts forward an argument for connected histories in the reconstruction of historical sociology at a global level This updated version of the original published in 2007 adds a new preface which explores key themes that Bhambra has further developed over the intervening years specifically how the rethinking of modernity enables us to reconstruct sociology and a call for a reparatory sociology committed to the repair of the social sciences and the securing of global justice

Books-In-Brief: Emerging Epistemologies Ziauddin Sardar, 2025-06-10 Our established age old notions of knowledge have ceased to be meaningful in postnormal times What we define as true knowledge and the ways in which we create it have changed radically The emergence of Big Data and Artificial Intelligence as well as fake news alternative facts deep fake and post truth have changed the nature of knowledge production Established

disciplines such as economics sociology anthropology political science have lost their significance Revengeful capitalism based on profit driven algorithms has not only led to environmental destruction but has also ruined our understanding of what actually constitutes knowledge In an era that defines societies by questions of knowledge it becomes necessary and urgent to ask how is knowledge produced how is it distributed and who decides what is true knowledge and what is not

Emerging Epistemologies explores the changing nature of knowledge production and investigates how emerging epistemologies are transforming our perceptions of the present and the future The contributors to the volume examine digital landscapes zombie disciplines higher education the role of metaphysics and epistemological justice and argue that epistemology does not exist in a vacuum but is determined and embedded in the worldview and culture of society The chaos and contradiction that accompanies our increasingly complex world requires us to see through the smog of ignorance and seek new ways of thinking and creating knowledge that promotes sustainability diversity social justice and appreciates different ways of knowing being and doing

Asianization of Asia Chang Kyung-Sup, Kim Taekyoon, Lee Joonkoo, 2024-06-21 This book explores the Asianization of contemporary Asia a trend that through neoliberal economic globalism has diluted the political effect of the EuroAmerican dictated segmentation of Asia and instead facilitated and accelerated socioeconomic exchanges and collaborations among Asian nations themselves It comprehensively analyzes and interprets Asia's Asianization in terms of intensification of intra Asian interactions and flows in industrial educational sociopolitical and ecological spheres Through such explorations the book successfully reveals that Asia's Asianization is particularly reflected in the major dimensions of regional industrial integration transnational class relations labor market regionalization international educational mobility regionalization of media and pop culture transnational social movements and activism regionalized social governance for development cooperation and developmental mobilization of diasporic socioeconomic resources In particular as an interdisciplinary study of Asia's industrial social and cultural integration within and across Asian societies in both outbound and inbound directions this book will be of huge interest to students and scholars of Asian politics development and sociology

The Palgrave Handbook of the History of Human Sciences David McCallum, 2022-08-27 The Palgrave Handbook of the History of Human Sciences offers a uniquely comprehensive and global overview of the evolution of ideas concepts and policies within the human sciences Drawn from histories of the social and psychological sciences anthropology the history and philosophy of science and the history of ideas this collection analyses the health and welfare of populations evidence of the changing nature of our local communities cities societies or global movements and studies the way our humanness or human nature undergoes shifts because of broader technological shifts or patterns of living This Handbook serves as an authoritative reference to a vast source of representative scholarly work in interdisciplinary fields a means of understanding patterns of social change and the conduct of institutions as well as the histories of these ways of knowing probe the contexts circumstances and conditions which underpin continuity and change in

the way we count analyse and understand ourselves in our different social worlds It reflects a critical scholarly interest in both traditional and emerging concerns on the relations between the biological and social sciences and between these and changes and continuities in societies and conducts as 21st century research moves into new intellectual and geographic territories more diverse fields and global problematics
