The Foster Carers Handbook For Carers Of Children Under 11 Years Of Age:

The Foster Carer's Handbook Ann Wheal, Meral Mehmet, 2012 Acclaimed across three previous editions this handbook covers British practice aspects of foster care for care providers of children up to 11 years old including children with special needs. Primarily for foster carers but also useful in residential care, the book is packed with detailed guidance about looking after children being looked after, being a foster carer and living in a fostering household. It is designed to encourage carer providers to work in partnership with the children and their families, enable children to return to their families when appropriate, enable carer providers to meet the full range of a child's needs, explain the fostering roles and responsibilities. Although there are differences in detail, the governments of England, Scotland, Wales and Northern Ireland all make similar requirements of carers. The Foster Carer's Handbook will help all carer providers achieve the expectations placed on them and assist them to maintain standards. This fourth edition underlines and encourages the use of relevant government standards and gives examples of good practice. A comprehensive guide that can be called on when just about anything arises, the book has been developed for carer providers to read themselves along with the children they are caring for, as well as their own children, to help carers make appropriate decisions and answer the many questions children may ask about their time being looked after. For use as a talking tool including activities to help children understand the present, face the future with confidence and in time make their own decisions about their life for use in supervision and training. *The Foster Carer's Handbook* Ann Wheal, 1995

The Foster Carer's Handbook Ann Wheal, Meral Mehmet, 2006 Quite often it is the small things that a carer does or doesn't do that have the greatest impact on a child. This is a guide to have on hand to dip into and refer to whenever questions about both big and seemingly small things arise. It not only helps carers to answer the never-ending questions of whether each of the many decisions that they must make are good enough for my child. It also helps carers to involve the child in those decisions and indeed to make those decisions themselves whenever possible and supports carers by letting them know at all such times what standards others will expect of them. Most sections of the text have photocopiable games, checklists, forms and pictures. **Research Handbook on Adoption Law** Nigel Lowe, Claire Fenton-Glynn, 2023-01-20
