The fruits of enlightenment Lyof Tolstoy, 1891 *Power of Orthodoxy* Metr. Antony (Khrapovitsky) of Kiev and Galicia, Wealth without work Pleasure without conscience Science without humanity Knowledge without character Politics without principle Commerce without morality Worship without sacrifice <https://vidjambov.blogspot.com/2023/01/book-inventory-vladimir-djambov-talmach.html> Our people are God bearers this is how the repentant socialist Shatov begins his passionate speech in Demons Great and holy are the ideals of the Russian people explains Dostoevsky in the Diary of a Writer Diary of a Writer for 1876 February XXII 42 Russia is great in its humility he writes elsewhere The Brothers Karamazov XIV 286 Pathetic critics ridiculed these expressions as if they were general and not definite but they were not The author clothed them in a very definite dress and explained both in which properties of the soul the predominant qualities of the Russian person are reflected and in what the dignity of his religiosity is expressed and what are his world aspirations and aspirations and what is his attitude towards various people and nations The whole world also has the right to expect that the subjugated Russian Church represented by its highest spiritual rulers will raise its voice against the red persecution But in powerlessness and in captivity the subjugated Russian Church the voice of courageous shepherds will not reach from the prison cellars And those who have taken over the helm of

spiritual rule are either silent or worse allow red threats to compel in their name the faint hearted praise of the power of the red persecutors May the Lord God be their Judge Instead of freeing the enslaved Orthodox peoples the Russian Church itself fell into such an enslaved state which our co religion tribes did not experience either under the rule of the Mohammedans or under the rule of Western heretics or our ancestors under the yoke of the Tatars *Fruits of Culture* Graf Leo

The Fruit of the Spirit Al L. Holloway, 2008-11 Though the schism of valuing spirituality with respect to social work practice has lessened over the years there continues to be a gap in our understanding as to exactly what spirituality is and how one might incorporate it within social work practice It is my contention that social workers should not only be incorporating spirituality within their practice but also they should become spiritual exemplars themselves *Fruit of the Spirit A Primer for Spiritually minded Social Workers* provides some provocative notions that will spur the reader forward on his her spiritual development It introduces to the reader the notion of spiritual differentiation from the animalistic notion of self which I describe as the indifferent heart realm to the development of humanistic principles craving heart realm to the ultimate experience of our purposeful journey of being fully cognizant of our spiritual selves pure heart realm This process is exemplified with a gardening metaphor which the reader can progress from seeding awareness of one's spiritual self and the sowing of spiritual seeds weeding the structure and care of developing our spiritual selves and the harvesting the ingesting and granting of spiritual fruits that has been produced Traditional knowledge of social work practice helps to elucidate the student whereas embracing spiritual principles is about transforming and transcending the student to higher levels The fruits that are gathered are the attributes of God e.g love peace goodness etc There are exercises at the end of each chapter that will assist the reader in developing his her spirituality
