The Future Present Marianne H. Micks,1974 **The Future Present** Marianne H. Micks,1970 A Crossroad book

Faithful Performances Steven R. Guthrie,2016-04-15 The metaphor of performance has been applied fruitfully by anthropologists and other social theorists to different aspects of human social existence and furnishes a potentially helpful model in terms of which to think theologically about Christian life After an introductory editorial chapter reflecting on the nature of artistic performance and its relationship to the notions of tradition and identity Part One of this book attends specifically to the phenomenon of dramatic performance and possible theological applications of it Part Two considers various aspects of the performance of Christian identity looking at worship the interpretation of the Bible Christian response to elements in the contemporary media the shape of Christian moral life and ending with a theological reflection on the shape of personal identity correlating it with the theatrical metaphors of character and performing a part in a scripted drama Part Three demonstrates how art forms including some technically non performative ones literature poetry painting may constitute faithful Christian practices in which the tradition is authentically performed producing works which break open its meaning in profound new ways for a constantly shifting context **Preaching Promise withing the Paradoxes of Life**

Len Hansen,2019-01-01 Paradoxes have become characteristic of the world we live in poverty and privilege empire and oppression migration and enclaves seeking war and peace justice and injustice reconciliation and revenge During the 2016 Societas Homiletica annual conference held in South Africa these paradoxes served as a rediscovery of the calling of preachers to deliver the promise that lies within life s contradictions A divine promise brought forth by the grace of God and the gospel of Christ embodied in and through us by the Spirit of Christ This promise may take many forms and calls for discernment and often interrupts the status quos in surprising shocking ways It is a promise that interrupts in order to comfort **The House Church** Del Birkey,2019-04-15 In this book the author proposes the house church structure as a key to continuing renewal in the church today After a biblical and historical look at the significance of the house church the author looks at a model of ministry appropriate to that structure In light of this model the author develops a theology of renewal through the servant leadership of both women and men personal and corporate giftedness participatory worship and community commitment

Where Two or Three Are Gathered Harmon L. Smith,2004-12-02 Written for a broadly ecumenical audience Where Two or Three Are Gathered explores what Harmon Smith calls the universe of discourse between the language of Christian worship and the language of morals Following the customary order of the church s liturgy Smith demonstrates how worship is meant to engender personal and social holiness and how for example prayer the eucharist and baptism are inextricably tied to our moral understanding of such searing and conflicted issues as capital punishment pacifism and warfare surrogacy and physician assisted suicide **Bowing Toward Babylon** Craig Watts,2017-03-08 What

is being done in worship when national holidays are celebrated the American flag is displayed and honored and songs are

sung that extol the nation Are these benign gestures Or could they actually be idolatrous In this insightful and persuasively argued study Craig M Watts contends the inclusion of elements of American nationalism in worship is detrimental to the integrity of Christian worship He maintains that in faithful worship the story of Jesus must be re presented and performed in such a way that the only affections and loyalty that are fostered are those Christians everywhere rightfully share To do otherwise opens the door to idolatry and leaves the church doing what Watts calls bowing toward Babylon He reviews the development of the symbols songs and gestures that celebrate America and how they were introduced into worship Watts concludes that the spirituality of American Christian nationalism does not complement the faith of the church but distorts it hindering global Christian unity and the peaceable witness of the church in a divided world **Welcome to the Church**

Year Vicki K. Black,2004-09-01 From birthday cakes and anniversary dinners to summer vacations at the beach each family has its own ways of marking the days and seasons of its life For the Christian family especially Episcopalians it s no different With an array of colors and an assortment of rich traditions Episcopalians move through the Church year marking the days and seasons that tell the story of Christ in our lives in history and today This book written for newcomers to the Episcopal Church as well as lifelong members takes readers by the hand and leads them through the Church year from the first Sunday of Advent through the last Sunday of Pentecost answering questions like Why do we use purple in Lent and What does Maundy Thursday mean In an easy to read conversational style Welcome to the Church Year introduces readers to the traditions of the Church seasons and explains why we do what we do But it does more than offer interesting trivia about church vestments and pageantry Its insights can help readers participate in the liturgies of the Church year in a deeper more meaningful way **Preaching as Reminding** Jeffrey D. Arthurs,2017-11-07 We know of the preacher s roles as both teacher and proclaimer but Jeffrey Arthurs adds another assignment the Lord s remembrancer With decades of preaching experience he explains how to stir the memory of Christ followers fanning the flames of faith through vivid language story delivery and ceremony When knowledge fades and conviction cools the church needs to be reminded of the great truths of the faith

Liturgical Year Presbyterian Church (U.S.A.),1992-01-01 A rich treasury of prayers and liturgies organized especially for persons who plan and lead worship that will be useful in preparing worship each Sunday and for festivals throughout the year *A Captive Voice* David Buttrick,1994-01-01 In *A Captive Voice* David Buttrick encourages pastors to look afresh at the Bible church culture and Christian identity in order to answer the question of how to preach Buttrick examines the renewal of ecclesiology in the mid twentieth century a time when the high hung pulpits were scaled down as preaching came to be seen as a conversation among friends in Christ While this was a positive development Buttrick argues that preaching must now become the articulation of our common faith a speaking from the Spirit we all possess **Toward a Homiletical Theology of Promise** David Schnasa Jacobsen,2018-04-17 Promise has a long pedigree in the history of Christian understandings of the gospel This volume gathers together leading homileticians to consider the breadth of its understanding

today in light of the struggle to reconcile God's grace with God's justice Assuming that promise is a core sense of the gospel how does this relate to the variety of contexts in which homiletical theology is done In this final volume in the series six homileticians from a variety of contexts and perspectives try to move specifically toward a homiletical theology of promise as a way to articulate the central theological gift and task that is preaching the gospel today **Being Church** John F. Alexander, 2012-07-01 What modern church doesn't call itself a community Yet for how many is it real How many churches form disciples intimately connected enough to call themselves Christ's body How many form disciples who know the relational arts that create a robust unity How many form disciples practiced in the ways of sacrificial love Pastor John Alexander a thirty year veteran of living in Christian communities yearns for all the wonder and promise of the New Testament vision of church to come true After struggling with Scripture in live together church communities he shares the Scriptural practices and wisdom that make for an authentic sustainable and joyful life together For any person or church wanting to move beyond the cliché of community to the radical vision of the New Testament this book is an invaluable guide

Crafting of Liturgy Daniel B. Stevick, 1990 *Models of the Eucharist, Second Edition* Irwin, Kevin W., 2020 In this book updated with the texts of the third edition of the Roman Missal Kevin Irwin reflects on the jewel in the crown of Catholicism the celebration of the Eucharist His book theological pastoral and contemporary is essentially concerned with issues about the Eucharist that face us today decades after the truly historic and unprecedented revisions that took after the Second Vatican Council Some of these concerns are the result of unforeseen developments about the Eucharist resulting from other factors for example the decline in numbers of clergy which has led in some places to Sunday celebrations without the Mass Other concerns arise from a lack of proper catechesis about the Mass and a keen desire to understand why and how the Eucharist is at the center of Catholic life In addition to being expressly theological this book is also expressly pastoral in that it is a reflection on the life lived by the church as it enacts the Eucharist and seeks to live out what the Eucharist celebrates The book is aimed at the audience of educated Catholics who seek a deeper appreciation of what the Eucharist is and who want to appropriate that understanding in the way they live their lives This book will be of particular interest to pastoral ministers both those present and those in training and the communities of faith whom they serve *Worship, Its Theology and Practice* Jean-Jacques Von Allmen, 2023-09-28 In *Worship Its Theology and Practice* Jean Jacques von Allmen establishes the broader framework of a doctrine of worship to then see how it can be applied in practice The book's two parts Problems of Principle and Problems of Celebration allows for a holistic approach to worship in all its forms Covering a wide range of liturgical study von Allmen places regular Sunday worship in its historical and theological context affirming its nature as the recapitulation of the history of salvation and a sacred sign of Christ's presence while fully acknowledging its practical role in building the Church At its core *Worship Its Theology and Practice* envisions an experience of worship with deeper participation and simple obedience to Jesus Christ **Toward the Origins of Christmas** Susan K. Roll, 1995

Christmas exerts an enormous attraction today even apart from its Christian character as a celebration of the incarnation of God in the Person of Jesus. Even marginal or indifferent Christians crowd the churches on Christmas Eve and in highly commercialized and technologized Western societies the Christmas season is celebrated with enthusiasm. Yet Christmas entered the calendar of feasts relatively late by 336 C.E. and the reason for its introduction and quick spread remain speculative and based on fragmentary evidence. *Towards the Origins of Christmas* addresses both the contemporary Western celebration of Christmas and its deep historical roots in the church of the fourth century. The book presents a thorough investigation of the patristic texts and evidence cited by liturgical scholars in the late 19th and 20th centuries to support two main theories: the Calculation theory and the History of Religions theory. This historical research is set in the framework of the contemporary experience of Christmas, the dynamics of time and the liturgical year, the inculturation of liturgy and underlying elements of dualism and patriarchal power paradigms which linger beneath the often commercial and sentimental character of Christmas today.

Suzan K. Roll was born in Clarence Center, New York, USA, in 1952. She holds degrees in classical languages and pastoral theology and in 1993 received a Ph.D. from the Faculty of Theology of the Catholic University of Louvain, Leuven, Belgium, *summa cum laude*, with the gratulations of the jury. She has taught and published in the field of liturgy, sacraments, pastoral theology and presently teaches at Christ the King Seminary, Buffalo, New York, USA.

Fully Conscious, Fully Active Bryan Cones and Stephen Burns, 2020-01-27. This collection of essays explores the work of Gabe Huck and its effect on liturgical thought and renewal.

What We Have Done, What We Have Failed to Do Kevin W. Irwin, 2013. Sheds light on and invites discussion about the experience in which Catholics have been engaged since the Second Vatican Council in implementing and praying the liturgy as reformed after the council.

Welcoming Finitude Christina M. Gschwandtner, 2019-10-01. What does it mean to experience and engage in religious ritual? How does liturgy structure time and space? How do our bodies move within liturgy and what impact does it have on our senses? How does the experience of ritual affect us and shape our emotions or dispositions? How is liturgy experienced as a communal event and how does it form the identity of those who participate in it? *Welcoming Finitude* explores these broader questions about religious experience by focusing on the manifestation of liturgical experience in the Eastern Christian tradition. Drawing on the methodological tools of contemporary phenomenology and on insights from liturgical theology, the book constitutes a philosophical exploration of Orthodox liturgical experience.
