This bibliography treats the Great Smoky Mountain Region in western North Carolina and east Tennessee systematically and extensively in its full historic and social context. Prefatory material includes a timeline of the Great Smoky Mountains and a list of suggested readings on the era covered. The book is divided into thirteen thematic chapters, each featuring an introductory essay that discusses the nature and value of the materials in that section. Following each overview is an annotated bibliography that includes full citation information and a bibliographic description of each entry. Chapters cover the history of the area, the Cherokee in the Great Smoky Mountains, the national forest movement, and the formation of the national park. Life in the locality, Horace Kephart, perhaps the most important chronicler to document the mountains and their inhabitants, natural resources, early travel, music, literature, early exploration, and science, maps and recreation, and tourism.
