The Force Of Destiny English National Opera Guide 23:

Giuseppe Verdi Gregory Harwood, 2012-05-04 This comprehensive research guide surveys the most significant published materials relating to Giuseppe Verdi This new edition includes research since the publication of the first edition in 1998

Giuseppe Verdi Gregory W. Harwood, 2021-12-12 First Published in 1998 Giuseppe Verdi already stood out as a distinctive and unusually significant composer by the time his career was barely underway Today Verdi scholars build their work on a vast foundation of earlier research For researchers who have not spent years with the Verdi literature or who may just be starting to explore some aspect of this giant's life and works this foundation may seem daunting indeed It is primarily for these researchers that this guide is intended Its purpose is to index and describe some of the most significant studies about the composer presenting enough material in annotations that researchers may survey the many myriad directions Verdi research has gone ascertain the relevance of individual items to their individual interests and pursue significant patterns and threads in which they are interested *Viva La Liberta!* Anthony Arblaster, 1992 An impassioned guide to opera's political dimension Taking us on a tour of 200 years of great opera from *The Marriage of Figaro* to *Nixon in China* Anthony Arblaster uncovers the political dimension of an art form all too often considered as purely aesthetic and reveals opera's full vitality and passion for liberty **Verdi's Theater** Gilles de Van, 1998-09-15 But in the musical drama reality begins to blur the musical forms lose their excessively neat patterns and doubt and ambiguity undermine characters and situations reflecting the crisis of character typical of modernity Indeed much of the interest and originality of Verdi's operas lie in his adherence to both these contradictory systems allowing the composer dramatist to be simultaneously classical and modern traditionalist and innovator *Forza Del Destino* Giuseppe Verdi, Francesco Maria Piave, 1983 The English National Opera Guides were originally conceived in partnership with the English National Opera and edited by Nicholas John the ENO's dramaturg who died tragically in an accident in the Alps Most of the guides are devoted to a single opera which is described in detail with many articles that cover its history and information about the composer and his times The complete libretto is included in both the original language and in a modern singing translation except where the opera was written in English Each has a thematic guide to the most important musical themes in musical notation and each guide is lavishly illustrated They also contain a bibliography and a discography which is updated at each reprint The ENO guides are widely regarded as the best series of their kind and excellent value **Verdi Newsletter**, 1987 **Books in Print**, 1983 **The Opera Quarterly**, 1983 **The New York Times Essential Library: Opera** Anthony Tommasini, 2004-11 An insightful provocative selection of the best opera performances chosen by The New York Times's chief classical music critic in one hundred original essays Opera intertwines the drama of the theater with the powerful emotionality of music In this magical and illuminating guide to the best opera recordings Anthony Tommasini delves into the ways story and music interweave to create the subtle but telling moments that move us Tommasini brings to life the rich history of opera performance and the

singers and conductors who over the past century have come to own the music He chooses masterworks such as Arturo Toscanini's *La Bohème* captured for posterity fifty years after he conducted the opera's 1896 premiere for Puccini and Leontyne Price's *Leonora in Il Trovatore* an encapsulation of the ideal Verdi soprano For aficionados and newcomers alike Tommasini is the perfect guide to the passions and playfulness of the opera **Forthcoming Books** Rose Arny, 1994-02

Opera George Henry Hubert Lascelles Earl of Harewood, 2005 **Macbeth, Giuseppe Verdi** Giuseppe Verdi, Francesco Maria Piave, 1990 The English National Opera Guides were originally conceived in partnership with the English National Opera and edited by Nicholas John the ENO's dramaturg who died tragically in an accident in the Alps Most of the guides are devoted to a single opera which is described in detail with many articles that cover its history and information about the composer and his times The complete libretto is included in both the original language and in a modern singing translation except where the opera was written in English Each has a thematic guide to the most important musical themes in musical notation and each guide is lavishly illustrated They also contain a bibliography and a discography which is updated at each reprint The ENO guides are widely regarded as the best series of their kind and excellent value The Operas of Michael Tippett Michael Tippett, 1985 Although it is impossible to trace any particular theme running through the operas of Michael Tippett the librettos of his four operas are fascinating to compare The dense allusions of *The Midsummer Marriage* 1955 here annotated gave way to the classical formality of *King Priam* 1962 the psycho-analytical preoccupations of *The Knot Garden* 1970 hardly foreshadow the contemporary political commentary of *The Ice Break* 1977 Each work breaks new ground and provokes unexpected responses The librettos offer unique introductions to the music They incidentally throw a searching light on the direction of British theatre since 1945 **Books in Print Supplement** , 1994 *Manon* Jules Massenet, Henri Meilhac, 1984 This guide opens with a general survey of Massenet's career and continues with two essays about the opera *Manon* in particular Professor Hugh Macdonald explores the interplay of speech and song in this opera and Massenet's genius for comedy Professor Vivienne Mylne traces the sources of Prokofiev's novel setting it in the context of other racy supposedly improving 18th century novels of the seduction and ruin of women Parsifal, Richard Wagner Richard Wagner, 1986 The English National Opera Guides were originally conceived in partnership with the English National Opera and edited by Nicholas John the ENO's dramaturg who died tragically in an accident in the Alps Most of the guides are devoted to a single opera which is described in detail with many articles that cover its history and information about the composer and his times The complete libretto is included in both the original language and in a modern singing translation except where the opera was written in English Each has a thematic guide to the most important musical themes in musical notation and each guide is lavishly illustrated They also contain a bibliography and a discography which is updated at each reprint The ENO guides are widely regarded as the best series of their kind and excellent value Jenůfa ; Katya Kabanova Leoš Janáček, 1985 This double volume contains two masterpieces of the Czech composer Leo Janáček *Jenůfa* was the opera

which finally brought him international recognition and with it fame at home Based on Ostrovsky's *The Storm* *Katya Kabanova* contains wonderful music inspired by the composer's love for a much younger woman The scores are discussed by Arnold Whittall and the background sources are variously introduced by social and literary historians John Tyrell comments on an important letter about the genesis of *Katya* Sir Charles Mackerras describes his work as an interpreter and advocate of this brilliantly original and dramatic music *Così Fan Tutte* Wolfgang Amadeus Mozart, Lorenzo Da Ponte, 1983 English National Opera Guides are ideal companions to the opera They provide stimulating introductory articles together with the complete text of each opera in English and the original It was a treat so truly intellectual that every ear and every breast susceptible of harmony and of impression was gratified to a degree beyond our power to describe Thus one of the first London reviews in 1811 of Mozart's beautiful opera *Così fan tutte* Its enigmatic mixture of a detached experiment in human foibles and a struggle of sincere emotions has often disturbed audiences in the last century it was performed under many different titles and extensively bowdlerised H C Robbins Landon observes however that Mozart's heartfelt music proves he is openly on the side of the angels that is the ladies not the deceivers however cynical da Ponte's words alone appear to be Brian Trowell describes the sophisticated world in which the opera was conceived while John Stone traces the origins of the libretto to Ancient Greece medieval Italy and even to China The text is certainly da Ponte's most original masterpiece and is here presented in a newly revised English version **Music and Musicians** ,1982 Opera Canada ,1986
