*Biblical Women--Submissive?* Joe E. Luncford,2009-10-02 For many years I have had an interest in the equality of women and men particularly in the church where it has been woefully lacking for the most part More recently Fundamentalist theologians have become increasingly blatant in asserting that the Bible teaches subordination of women to

men both inside and outside the church I have argued that this idea results from an irresponsible proof texting from the Bible I am convinced that when taken as a whole looking at all passages referring to women the Bible supports the complete equality of women with men I have undertaken to demonstrate this fact by looking carefully at the stories of women in the Bible both named and unnamed who were not submissive to men and who refused to settle for the role which their society attempted to assign them I have taken these passages from the Bible and interpreted them within the context into which they are placed to the degree that this can be determined My goal was to find every story in the Bible in which a woman stepped out of her societal role and did something only men were supposed to do I leave to the reader to decide whether or not I have succeeded

At the Intersection of Hermeneutics and Homiletics Yung Suk Kim, 2025-04-18 While hermeneutics involves comprehensive study of the biblical text whether through historical or literary or reader focused approaches homiletics is concerned with a selected theme message and on the composition and delivery of sermonic discourse aimed at a particular audience But the border between hermeneutics and homiletics is blurry because both disciplines require readers to engage the biblical text from their own contexts This collection deals with the intersection of hermeneutics and homiletics by exploring two revelatory texts one from the Hebrew Bible and the other from the New Testament the book of Ruth and Matthew 15 21 28 a Canaanite woman's encounter with Jesus Both reflect agonizing issues that readers must tackle in migration family community identity agency race ethnicity gender class culture economy and religion A diverse group of scholars brings their transgressive perspectives to the above texts Unfolding new areas of interest inquiry and insight they will transgress authoritative readings of biblical texts fashion hermeneutic horizons in dialogue with the text and forge homiletic trajectories toward contemporary audiences Without limiting interpretation to a box this volume looks to register bold voices to perennial issues in our day Homiletic transformation occurs through the relentless resistant reading of the text and through reimagining our world

Character Complexity in the Book of Ruth Kristin Moen Saxegaard, 2010 Kristen Moen Saxegaard demonstrates how character complexity generates theological themes in the Book of Ruth Each character has its specific voice which raises a particular topic The interaction between the characters elaborates multiple perspectives to these themes which offer new approaches and alternative answers to the reading of Ruth

**A Feminist Companion to Ruth and Esther** Athalya Brenner-Idan, 1999-04-01 The second series of Feminist Companions moves beyond the confines of sex and gender specific issues and studies of biblical women Biblical feminist critics now address contemporary life situations marginalization and a range of questions once not thought accessible to such critique Feminist theory has also continued a rapid evolution Among the topics included in this volume are composition Torah Ruth the Cat female networking together with much else to inform and stimulate female and male biblical scholars and non scholars
