*The Forging of Nationhood* Gyanendra Pandey, Peter Geschiere, 2003 This Multidisciplinary Volume On Nationhood And Citizenship Has Essays On Postcolonial Ecuador Citizenship Infamy And Patriarchal Hierarchy In Bolivian Laws Chinese Minzu Sri Lankan Nationalism Women's Place In The Nation Zaire Rwanda And Thailand Contributors Include Mahmood Mamdani Nira Wickramasinghe Rossana Barragan Andres Guerrero Among Others

*Abraham Lincoln and the Forge of National Memory* Barry Schwartz, 2000 Abraham Lincoln has long dominated the pantheon of American presidents From his lavish memorial in Washington and immortalization on Mount Rushmore one might assume he was a national hero rather than a controversial president who came close to losing his 1864 bid for reelection In *Abraham Lincoln and the Forge of National Memory* Barry Schwartz aims at these contradictions in his study of Lincoln's reputation from the president's death through the industrial revolution to his apotheosis during the Progressive Era and First World War Schwartz draws on a wide array of materials painting and sculpture popular magazines and school textbooks newspapers and oratory to examine the role that Lincoln's memory has played in American life He explains for example how dramatic funeral rites elevated Lincoln's reputation even while funeral eulogists questioned his presidential actions and how his reputation diminished and grew over the next four decades Schwartz links transformations of Lincoln's image to changes in the society Commemorating Lincoln helped Americans to think about their country's development from a rural republic to an industrial democracy and to articulate the way economic and political reform military power ethnic and race relations and nationalism enhanced their conception of themselves as one people Lincoln's memory assumed a double aspect of mirror and lamp acting at once as a reflection of the nation's concerns and an illumination of its ideals and Schwartz offers a fascinating view of these two functions as they were realized in the commemorative symbols of an ever widening circle of ethnic religious political and regional communities The first part of a study that will continue through the present *Abraham Lincoln and the Forge of National Memory* is the story of how America has shaped its past selectively and imaginatively around images rooted in a real person whose character and achievements helped shape his country's future

**The Origins of Scottish Nationhood** Neil Davidson, 2000-04-20 The traditional view of the Scottish nation holds that it first arose during the Wars of Independence from England in the thirteenth and fourteenth centuries Although Scotland was absorbed into Britain in 1707 with the Treaty of Union Scottish identity is supposed to have remained alive in the new state through separate institutions of religion the Church of Scotland education and the legal system Neil Davidson argues otherwise The Scottish nation did not exist before 1707 The Scottish national consciousness we know today was not preserved by institutions carried over from the pre Union period but arose after and as a result of the Union for only then were the material obstacles to nationhood most importantly the Highland Lowland divide overcome This Scottish nation was constructed simultaneously with and as part of the British nation and the eighteenth century Scottish bourgeoisie were at the forefront of constructing both The majority of Scots

entered the Industrial Revolution with a dual national consciousness but only one nationalism which was British The Scottish nationalism which arose in Scotland during the twentieth century is therefore not a revival of a pre Union nationalism after 300 years but an entirely new formation Davidson provides a revisionist history of the origins of Scottish and British national consciousness that sheds light on many of the contemporary debates about nationalism

**The Politics of Nationhood** P. Lynch, 1999-01-13 For over a century the Conservative Party has been identified as the patriotic party defending the nation state and British identity Thatcherism sought to rework the Conservative politics of nationhood in the light of changed circumstances but the Thatcher and Major Governments faced significant problems managing the Union European integration and a multicultural society Philip Lynch examines the key developments and statecraft problems in the conservative politics of nationhood during the Thatcher and Major period

*The Forge of Vision* David Morgan, 2015-10-27 Religions teach their adherents how to see and feel at the same time learning to see is not a disembodied process but one hammered from the forge of human need social relations and material practice David Morgan argues that the history of religions may therefore be studied through the lens of their salient visual themes The Forge of Vision tells the history of Christianity from the sixteenth century through the present by selecting the visual themes of faith that have profoundly influenced its development After exploring how distinctive Catholic and Protestant visual cultures emerged in the early modern period Morgan examines a variety of Christian visual practices ranging from the imagination visions of nationhood the likeness of Jesus the material life of words and the role of modern art as a spiritual quest to the importance of images for education devotion worship and domestic life An insightful informed presentation of how Christianity has shaped and continues to shape the modern world this work is a must read for scholars and students across fields of religious studies history and art history

**The Cambridge History of Nationhood and Nationalism: Volume 2, Nationalism's Fields of Interaction** Cathie Carmichael, Matthew D'Auria, Aviel Roshwald, 2023-11-09 This major new reference work with contributions from an international team of scholars provides a comprehensive account of ideas and practices of nationhood and nationalism from antiquity to the present It considers both continuities and discontinuities engaging critically and analytically with the scholarly literature in the field In volume II leading scholars in their fields explore the dynamics of nationhood and nationalism s interactions with a wide variety of cultural practices and social institutions in addition to the phenomenon s crucial political dimensions The relationships between imperialism and nationhood nationalism and between major world religions and ethno national identities are among the key themes explained and explored The wide range of case studies from around the world brings a truly global comparative perspective to a field whose study was long constrained by Eurocentric assumptions

**The Chinese National Character: From Nationhood to Individuality** Warren Sun, 2016-09-16 This unique survey of the evolution of the modern Chinese national character incorporates a rich blend of history and theory as well as nation gender and film studies It begins with the dawn of the concept of nation in China at the

end of the Imperial period and follows its development from early Republican China to the present People's Republic drawing on themes of national identity Orientalness racial evolution and purity cultural and gender roles regional animosities historical impediments and more The book also takes up the changing American perceptions of Chinese personality development and gender using materials from American popular culture

National Identities and the Right to Self-Determination of Peoples Hilly Moodrick-Even Khen, 2016-06-10 In National Identities and the Right to Self-Determination of Peoples Hilly Moodrick Even Khen revisits the legal right to self-determination of peoples and suggests an integrative model for securing the cohesion of the various nationalities within multinational states The model set on both legal and political science theories departs from civic nationalism but calls to strengthen it with more immediate and emotional means such as shared national symbols and multicultural education Moodrick Even Khen explores the political history of Canada Belgium and Spain and touches upon other divided societies such as South Africa Northern Ireland and Cyprus Drawing upon these cases she suggests a future model for a cohesive society in Israel which is currently nationally divided between Arabs and Jews

*Avoiding the Dark* Darien J. Davis, 2018-10-26 First published in 1999 This work examines the processes by which Brazilian nationalists forged and propagated an all-inclusive national identity which attempted to promote racial harmony in the first four decades of the twentieth century Specific emphasis is given to the rising patriotic feelings under the administration of President Getulio Vargas which culminated in the creation of Estado Novo in 1937 Vargas' generation succeeded in encouraging Brazilians to identify with the nation above other possible communities such as radical ethnic or regional ones In the process nationalists created enduring national myths and symbols which successfully marginalised racial consciousness for the rest of the twentieth century

**National Thanksgivings and Ideas of Britain, 1689-1816** Warren Johnston, 2020 Examines sermons preached at national thanksgiving celebrations to show in detail what it meant to be properly British in the period

**A National Joke** Andy Medhurst, 2007-09-18 Comedy is crucial to how the English see themselves This book considers that proposition through a series of case studies of popular English comedies and comedians in the twentieth century ranging from the Carry On films to the work of Mike Leigh and contemporary sitcoms such as *The Royle Family* and from George Formby to Alan Bennett and Roy Chubby Brown Relating comic traditions to questions of class gender sexuality and geography *A National Joke* looks at how comedy is a cultural thermometer taking the temperature of its times It asks why vulgarity has always delighted English audiences why camp is such a strong thread in English humour why class influences what we laugh at and why comedy has been so neglected in most theoretical writing about cultural identity Part history and part polemic it argues that the English urgently need to reflect on who they are who they have been and who they might become and insists that comedy offers a particularly illuminating location for undertaking those reflections

**The Politics of Musical Identity** Annegret Fauser, 2017-07-05 This volume explores the way in which composers performers and critics shaped individual and collective identities in music

from Europe and the United States from the 1860s to the 1950s Selected essays and articles engage with works and their reception by Richard Wagner Georges Bizet in an American incarnation Lili and Nadia Boulanger William Grant Still and Aaron Copland and with performers such as Wanda Landowska and even Marilyn Monroe Ranging in context from the opera house through the concert hall to the salon and from establishment cultures to counter cultural products the main focus is how music permits new ways of considering issues of nationality class race and gender These essays three presented for the first time in English translation reflect the work in both musical and cultural studies of a distinguished scholar whose international career spans the Atlantic and beyond **Re-Forging America** Lorthrop Stoddard,1927 **Encyclopedia of Nationalism, Two-Volume Set** ,2000-10-27

Nationalism has unexpectedly become a leading local and international force since the end of the Cold War Long predicted to give way to pan national or economic organizations nationalism exerts its tremendous force on all continents and in a wide variety of ways The Encyclopedia of Nationalism captures the aims and scope of this force through a wide ranging examination of concepts figures movements and events It is the only encyclopedic study of nationalism available today Key Features International Editorial Board Articles begin with short glossaries and conclude with short bibliographies of titles essential for further reading Website devoted to project at [www.academicpress.com/nations](http://www.academicpress.com/nations)

**National Identity and Nineteenth-Century Franco-Belgian Sculpture** Jana Wijnsouw,2017-09-27 This book elaborates on the social and cultural phenomenon of national schools during the nineteenth century via the less studied field of sculpture and using Belgium as a case study The role importance of and emphasis on certain aspects of national identity evolved throughout the century while a diverse array of criteria were indicated by commissioners art critics or artists that supposedly constituted a national sculpture By confronting the role and impact of the four most crucial actors within the artistic field politics education exhibitions public commissions with a linear timeframe this book offers a chronological as well as a thematic approach Artists covered include Guillaume Geefs Eug ne Simonis Charles Van der Stappen Julien Dillens Paul Devigne Constantin Meunier and George Minne **Nationhood, Migration and Global Politics** Raymond

Taras,2018-09-30 Uses philosophical thinking on delayed cinema time and ethics to provide a new approach to reading film

**The Anthropology of Latin America and the Caribbean** Harry Sanabria,2015-09-16 The first single authored comprehensive introduction to major contemporary research trends issues and debates on the anthropology of Latin America and the Caribbean The text provides wide and historically informed coverage of key facets of Latin American and Caribbean societies and their cultural and historical development as well as the roles of power and inequality Cymeme Howe Visiting Assistant Professor of Cornell University writes The text moves well and builds over time paying close attention to balancing both the Caribbean and Latin America as geographic regions Spanish and non Spanish speaking countries and historical and contemporary issues in the field I found the geographic breadth to be especially impressive Jeffrey W Mantz of California State University Stanislaus notes that the contents reflect the insights of an anthropologist who knows Latin America

intimately and extensively      *The New Nationalism in America and Beyond* Robert S. Schertzer, Eric Taylor Woods, 2022 A careful analysis of the social media campaigns of Donald Trump Marine Le Pen and the Brexit campaigners which shows how today's new nationalists are cultivating support from white majorities by tapping into their history and culture Across the West there has been a resurgence of ethnic nationalism populism and anti immigrant sentiment a phenomenon that many commentators have called the new nationalism In *The New Nationalism in America and Beyond* Robert Schertzer and Eric Taylor Woods seek to understand why the bastions of liberalism are proving to be fertile ground for a decidedly illiberal ideology To do so they examine the social media campaigns of three of the most successful exemplars of the new nationalism Donald Trump in the US Marine Le Pen in France and Brexit in the UK Schertzer and Woods show how today's new nationalists are cultivating support from white majorities by drawing from long standing myths and symbols to construct an image of the nation as an ethnic community Their cutting edge and multidisciplinary approach combines elements of political science sociology history and communication and media studies to show how leaders today are updating the historical foundations of ethnic nationalism for the digital age      *The Chinese National Character* Lung-Kee Sun, 2002 This unique survey of the evolution of the modern Chinese national character incorporates a rich blend of history and theory as well as nation gender and film studies It begins with the dawn of the concept of nation in China at the end of the Imperial period and follows its development from early Republican China to the present People's Republic drawing on themes of national identity Orientalness racial evolution and purity cultural and gender roles regional animosities historical impediments and more The book also takes up the changing American perceptions of Chinese personality development and gender using materials from American popular culture      *National Colors* Mara Loveman, 2014 *National Colors* analyzes the politics and practices of official ethnoracial classification in the censuses of nineteen Latin American countries over nearly two centuries It shows that in addition to domestic politics the ways that states classify their citizens are strongly influenced by shifting international criteria for how to construct modern nations and promote national development
